LITTLE YORK FOR BRAMPTON

Names of Players Who Will Play in Final Game To-Day.

The following players of the Little York team will leave York station, East Toronto.

These two teams have met twice this season, each winning their game away from home. They are the two best teams out of the 33 teams in the Ontario Association, and a fast game is assured. Brampton's grounds are the finest in the land, and both teams will have an equal chance of showing their ability.

Mr. Ward of Stratford, secretary of the Ontario Association, will referee.

This evening Queen Wilhelmina's condition is satisfactory, and it is expected she will regain her normal health shortly.

IN DEATH NOT DIVIDED.

Husband, Long Delirious, Dies Untold of the Death of His Wife.

Brockville, July 24.—(Special.) — The fleath of Harry W. Scott of Black River, N. Y., in the hospital to-day, had a most pathetic side. His wife died of consumption less than two weeks ago, when he was too delirious with typhold fever to be told. He never rallied, and died without knowing of his wife's decease. Scott was 26 years old.

After Illegal Fishermen. The fisheries department is much gratified by the reports from the spe-pial agent, who, with a motor launch. has been patrolling the north shore of the Georgian Bay, from Penetang west-ward. Since July 7, he has destroyed no less than twenty trap-nets. Since his app grance 26 Americans have ta-ken ou the necessary licenses. Here-

HAMILTON HAPPENINGS

Exemptions From Mileage on New Tracks and Repairs of Pavement All Committee Give.

Hamilton, July 24.—(Special.)—At its meeting this evening, all the special conference committee would recommend in the way of concessions to the Cataract Power Company was exemption from mileage on new tracks and exemption from paying for the labor for the repair of pavements between its tracks, after it has first put down a permanent pavement of brick or some such material between its tracks, and for two feet outside of them. For this the company is expected to cut its street lighting charge from about \$55 a lamp per year to \$55, and to repair its street railway roadbed and equipment.

ment.

Franchise to Gas Co.

The board of works this evening agreed to prepaye a bylaw conferring a franchise upon the Manufacturers' Gas Company, giving the company the power to lay mains to the Ontario Rolling Mills and the east end manufacturing district. The company agrees to sell only to manufacturers, the maximum rate to be 22 cents a thousand feet. The board recommended the council to build a bridge over the T., H. & B. tracks at Garth-street.

Dies After Operation.

Margaret Irene, the 4-year-old daughter of James T. Leckenby, 135 West Hannah-street, died in the City Hospital this afternoon after undergoing an operation for appendictis.

Railway Board.

Railway Board.

The Ontario railway and municipal board held a couple of sessions to-day. Acting for the residents of James and Herkimer-streets, George C. Themson asked for an order to compel the street railway to fix up its cars and roadbed. Chairman Leitch suggested that the city council should join the movement, and he said that within ten days the board would fix a time and place for the hearing of the case.

The commissioners also investigated

the hearing of the case.

The commissioners also investigated two railway accidents. The first occurred on June 21 at the corner of Wilson-street and Ferguson-avenue, where a G. T. R. yard engine ran into a radial car, injuring several passengers. The evidence showed that the semaphore was against the yard engine.

The other accident happened on July 5 at the corner of Bay and Herkimer-streets, where a car run over Victor Newman, a youngster, and cut his right leg off. Motorman Nugent said his car was going at the rate of about four miles an hour. Other witnesses swore that it was going at the rate of from 15 to 20 miles on hour, Judgment was reserved in both cases.

London, July 24.—William Jennings Bryan's proposed rider to the model ardiration treaty was discussed at a ion of the international council of the interparliamentary union this morning, and resulted in its being recast as

follows:

"If a disagreement should arise, which is not included in those to be submitted to arbitration, the contracting parties shall not resort to any act of hostility before they separately or jointly invite, as the case may necessitate, the formation of an international commission of enquiry or mediation of

Mr. Bryan said that his armendment was aimed at widening the scope of arbitration so as to include questions of national honor, and its adoption was a long step in the direction of peace. Baron d'Estournelles de Constant, head of the French delegation on the limitation of military and naval forces, declared that if the powers were indecided among themselves how to act for their common interests, they would be forced to do so, first by bankruptey and then by revolution. The baron said that limitation of armaments had no connection with the chimera of disarmament.
