HORSE THIEF OUT AT EDGELEY MAKES HAUL

Underwriters Report to Be Presented—Riverdale Makes Progress—County Items.

TORONTO JUNCTION, July 10.—Thomas Glasford of Brunswick-avenue, Toronto, was fined \$1 and costs this morning by Magistrate Ellis for stealing a ride on the end of a C.P.R. baggage car.

The waterworks department state that 25 separate water services have been installed in the Junction since January last. Taking five as the average number in a family, it would show that the local population has increased over 100 in six months.

Acting Mayor Bull has called a special meeting of the property committee for to-morrow evening (Thursday) at 8 p.m., when the much-looked-for report of the inspector of underwriters will be discussed. The regular meeting of the board of health will also be held to-morrow evening.

The Presbyterian Mission Church on St. Clair-avenue, west of the Northern Railway track, held their annual Sunday school picnic at Lambton-street this afternoon. Two crowded cars of the Toronto and Suburban Railway left the corner of St. Clair-avenue and Weston-road at 1 p.m.

The Junction corps of the Salvation Army have erected a tent 40 feet by 60 feet on their present premises nearly opposite the town hall. Meetings will be held here every evening during the summer. The corps intend to erect a barracks fronting the street on this lot, and on this account the tool shed of Contractor John Marr, which at present occupies this site, will be removed in the near future.

The Senior Shamrocks (C.L.A.) of Toronto Junction will meet the Brampton team on the new athletic grounds on Saturday, July 13, at 3.30 p.m. As this is a league match and since the game will decide the championship, a big turnout of spectators is expected.

The contractors started work to-day on the new sanitary improvements, at the Annette-street school.

The Royal Templars of Temperance will make an excursion to Niagara Falls on July 17.

The call boys for the railroads, who went to work at night thru the Junction lamp in hand, will be seen no longer, as their places are being taken by men. It seems the boys did not sleep enough during the day, and so at night were not very reliable or punctual in calling the men for their different trains. Boys will still be employed, however, to call the men during the day.

NORWAY.
Big School is Being Rushed Ahead—East End is Growing Fast.

NORWAY, July 10.—(Special).—Work on the Reid-avenue School is being pushed vigorously forward, and it is expected that the fine new building will be fully ready for occupancy on Sept. 1, the date set for the opening of the school. The Reid-avenue School will cost \$17,000, will occupy a lot of two acres on the ground floor and two on the second, but the rapidly-growing population in this district will shortly require an even larger building. Trustees Wilson, Brown and Jackson have been unremitting in their efforts to push forward the work.

The Ashland-avenue Anglican Mission Church, now being built on that street, is well on toward completion, although begun in the winter of 1906. Yesterday a bell, donated to the mission by Samuel Wilson, was placed in position. It is said that services will be held in the building within a fortnight.

The long delay in the relaying of the street railway along King-street, is causing considerable annoyance to residents along that thoroughfare. No attempt is made to keep down the dust nuisance.

The amount of building now going on along the upper end of the Ashdale and Gerrard-street is remarkably large. New houses are going up in every direction, and the opening of the first-named street to Danforth-avenue will, it is expected, give a still greater impetus to the building operations.

STOUFFVILLE.
Independent Telephone Co. Are Circling York and Ontario Counties.

STOUFFVILLE, July 10.—(Special).—The Bethesda and Stouffville Telephone Co. has made application to the Village of Richmond Hill for permission to erect poles and string wires within the corporation. The village council has decided to grant the request of the company, subject, however, to restrictions and regulations to be embodied in an agreement to be executed between the village and the company.

The extension of the lines of this company to Richmond Hill will not only add considerable to the value of the service rendered by the company to its patrons, but it will also be of great benefit to the department, and will bring the village into connection with the entire system covered by the lines of the Independent Telephone Union of York and Ontario.

EDGELEY.
While Young Men Make Merry, Thief Was Good and Busy.

EDGELEY, July 10.—(Special).—While a garden party was in progress near this village last night, a horse and rig belonging to Robb Bros., who reside near Woodbridge, was stolen from the yard. Some \$100 in rig were hidden around to the fences and the loss of this one was not noticed until the party broke up, about 11 o'clock. High

Constable Ramadan was notified, and Constable Burns is working on the case. The stolen animal is described as a sorrel mare, about 15-16 hands, weighing about 1200 pounds, and showy in appearance. The buggy and harness also vanished. The buggy is a McLaughlin of Oshawa. It is just possible that the animal broke loose, and the fact that the county officers had last night had so far failed to locate, rather disposes of this theory.

EAST TORONTO.
Free Rural Delivery is Begun—Churches Unite in Excursion.

EAST TORONTO, July 10.—At the annual excursion and picnic of Emmanuel Presbyterian Church and St. Saviour's Anglican, which takes place to-morrow at Oshawa, a fine program of sports will be carried out. A feature of the day will be the game of lacrosse between the East Toronto and Oshawa lacrosse teams.

On Friday next the local team will hold a practice in the "rye field" at 7 p.m. All members are requested to attend. On Saturday the home team play the St. Simon's in the "rye field" at 3.30 p.m. At the present time the St. Simon's and the East Toronto teams are relatively in first and second place and the contest promises to be a spirited one.

Chief Constable Tidmarsh has completed 20 years of active service as custodian of the peace of the County of York. At that time the worthy officer has never been called to account for dereliction of duty, and it is safe to say no more courteous or efficient officer stands in uniform to-day.

East Toronto Baptists go to Highland Creek on Tuesday next.

The contemplated putting down of concrete sidewalks at the corner of Main and Gerrard-streets will greatly improve the approach to the Y. M. C. A. building.

RIVERDALE.
Influential Meeting Objects to Any More Licenses.

RIVERDALE, July 10.—Rev. William Frizzell presided over a meeting of temperance enthusiasts in the R. C. B. C. church on Broadview-street last night, and which was practically a unit in protesting against the granting of a license for an hotel at the corner of Queen and Broadview, and a shop at Pape and Queen.

A strong committee, composed of Rev. Dr. Schofield, Rev. J. White, Rev. H. Baker, Rev. Mr. Fallis, John Coulter, and Messrs. Annis, Blackburn, Jones, Hamilton, Hilton, Hare and the chairman.

The committee will interview the license commissioners in the Temple Building on Thursday, and at the same time present a numerous signers last night, and which was practically a unit in protesting against the granting of a license for an hotel at the corner of Queen and Broadview, and a shop at Pape and Queen.

NORTH TORONTO.
Funeral of Late Mrs. Couch—New Street Will Be Opened.

NORTH TORONTO, July 10.—James Tucker, M.L.A., for Centre Wellington, and Mrs. Tucker, were in town to-day attending the funeral of the late Mrs. J. Couch of Merton-street.

Stephen Laurence, father of Councilman W. J. Laurence, attended the excursion of the Yorkville Old Boys to Beaverton to-day.

The funeral of the late Mrs. J. T. Couch, which took place to-day, was largely attended.

Miss Irene Ball, daughter of H. H. Ball, of Yonge and Gerrard-streets, who is seriously ill, is reported to be slightly improved.

The St. Andrew's property, consisting of 1.5 acres on the west side of Yonge-street, in Davisville, is being surveyed and laid out into building lots. A street will be opened, running thru the centre of the property.

DOVERCOURT.
Davenport Road Presbyterians to Hold Special Services.

DOVERCOURT, July 10.—Anniversary services will be held in Davenport-road Presbyterian Church next Sunday, July 14, at 11 a.m. Dr. Somerville, treasurer of the Presbyterian Church in Canada, will preach at 11 a.m., and Rev. J. D. Morrow of Marks at 7 p.m. Miss Lena Stephens will preside at the organ. On Tuesday at 8 p.m. a social meeting will be held, at which some fine musical selections will be rendered and ice cream and cake served.

CHESTER.
Candidates for the war canoe races, which take place near St. Catharines in August, and for which the Balmly Beach Club are entered, are requested to meet at the clubhouse to-night (Thursday), at 7 o'clock. Good hard practice from now will be the order of the day.

OBITUARY.
Ira Culp.

ST. CATHARINES, July 10.—Ira F. Culp, who has been treasurer of the County of Lincoln for a number of years, died this morning, aged 69.

H. M. Wilkinson.
One of the best known figures in the education department of the province, in the person of Henry Moore Wilkinson, chief clerk of the department, died yesterday. He had been ill for four weeks from acute pneumonia. He was appointed by Dr. Ryerson in 1866. Deceased was born in Canada and educated at Upper Canada College. He was a member of the A.O.U.W., I.O.F. and Royal Arcanum, and the Central Methodist Church. Besides a widow, he leaves two daughters, Mrs. Aylwin of South Africa. Constable at home, and one son, H. S. Wilkinson of Toronto.

Ottawa's Big Contract.
OTTAWA, July 10.—(Special).—The biggest paving contract ever made in Ottawa was awarded to-night to the John Foley Construction Company of Ottawa. Sussex-street will be paved from St. Patrick to government house. The tender was \$91,789.

TOBACCO TRUST NOW WITH NO IMMUNITY

Witnesses Will Not Be Favored and Prosecutions Seem a Probable Result.

NEW YORK, July 10.—James C. McReynolds, the special assistant attorney-general appointed to prosecute the so-called tobacco trust, declared to-day, after filing the complaint in the case, that the question whether he would urge the court to appoint a receiver for the various companies would depend entirely upon the evidence secured from the witnesses summoned up on his complaint.

He said also that criminal prosecution of some of the defendants he named in the complaint is highly probable.

A significant feature of the complaint filed by Mr. McReynolds to-day is the waiver by him of the right of demanding answers under oath from corporations and individuals named as defendants in his complaint, as the making of such answer under oath might confer immunity from prosecution.

The individuals named as defendants and named as witnesses are directors of the American Tobacco Company, the Imperial Tobacco Company, the British-American Tobacco Company, the American Snuff Company, the American Cigar Company, the United Cigar Stores Company, the American Stogie Company, the MacAndrews & Forbes Company, the Conley Foli Company, and 56 other corporations and 29 individuals connected with the named companies.

The organization of the tobacco trust, according to the petition, dates from the formation of the American Tobacco Company in 1890 to acquire five competing cigar manufacturers, with joint assets much less than \$25,000,000 and an annual consumption of leaf under 15,000,000 pounds. The petition shows the subsequent history, development and growth of that company until its total assets now exceed \$275,000,000, and likewise the origin and manipulation of scores of created, acquired and controlled corporations utilized as agencies to accomplish the general design; the progressive absorption and elimination of competitors and destruction of formidable opposition; and the entry by defendants into various departments of manufacture and trade, domestic and foreign, in tobacco products, with intent to monopolize. The allegation is made that the members of the combination have divided up the tobacco business of the world, assigning to some special territory for unimpaired exploitation.

It is declared that the consolidated corporations annually purchase 15,000,000 pounds of domestic leaf, and of the total produced in the United States, manufacture, sell and distribute more than \$80,000,000 worth (80 per cent.) of the smoking and plug tobaccos; 97 per cent. of the snuff, 80 per cent. of the cigars, 75 per cent. of the small cigars, 85 per cent. of the pipe tobacco, 80 per cent. of the tinfol products and 10 to 15 per cent. of the cigars and stogies; that they are rapidly acquiring control of the ordinary agencies—jobbers, wholesalers and retailers—thru which tobacco products are distributed.

Of the total annual production of domestic tobacco, estimated at 800,000,000 pounds, 75 per cent. is purchased by the American Tobacco Company and its associates at prices which the government alleges to be unlawfully influenced by the combination.

Many kinds of unfair trade methods have been resorted to, it is said, a favorite one being to cause a corporation secretly controlled to advertise itself as wholly independent and free from association with trusts and combinations, and offer its goods below cost, to imitate competing brands, and in these ways to use the name for the destruction of real independents.
