lead smelting industry.

Rathmullen Co's Properties.

From Rossland Miner, Nov. 3.

The Rathanullen Consolidated Mining Company has 14 claims in Summit Camp, seven miles to the north of Grand Forks. These claims he in the group immediately to the east of the B. C. property, lately reported sold for \$300,000. Seve.al shafts were sunk upon the different claims, and assays show values ranging from \$12 to \$25 and \$28 in gold, copper and silver. Upon the Maple Leaf claim, No. 1 shaft is down 26 feet, and exposes six feet of solid ore in a quartz gangue. This ore is very similar in appearance to that of the Be Roi, and a fair average, assay gave \$23.54 and \$28.22 in univalues, a picked sample gamp \$104 in gold and \$2.83 in copper and silver. A prospeting shaft was sunk 30 feet distant from No. 1, and at a depth of 12 feet gave 4 per cent. copper and \$10 in gold, \$25.38 in all values. The Maple Leaf veln is in a contact of lime rock to the west, and porplyry to the east, and seems to be of great width. It is expected that work will be continued all the winter in residiness to ship as soon as the railway is completed, about May or June next.

J. L. Mitchell & Co's Review.

Large transactions have taken phace during the past week in Monte Cristo shares. The price bas been tending gradually downwards. We think investors ought to take advantage of the low price of these shares to buy and lay them away until the stock to take advantage of the low price of these shares to buy and lay them away until the stock to take advantage of the low price of these shares to buy and lay them away until the stock to take advantage of the low price of these shares and the price of these shares and the content of the content of

rode at anchor all night and was rescued to day from her perilous condition by the tugs Belie and Swan of this place.

THE SIMPLEST CURE FOR INDIGESTION.

As Well as the Safest and Cheapest.

The new medical discovery, Stuart's Dyspepsia Tablets digests the food instead of making the worn out stomach do all the work, give it a much needed rest, and a cure of dyspepsia is the hatural result.

You get nourishment and rest at the same time because these Tablets will thoroughly digest all wholesome food taken into the stomach, whether the stomach works or not. A cure is certain to result because the digestive organs are given a chance to rest and recover their natural vigor and tone. The Tablets are then no longer required.

To show the manner in which the remedy acts on different people and how quickly and effectually it cures stomach troubles we present a few recent cases.

Mr. J. O. Wondly of Peoria, Ills, were wites: I was unable to eat anything but the plainest food and even that of old men in the jail His Lordship said that the cheapest way in the end would be to spend money liberally for the care in the trought of the number of the grand jury.

The document was read by Mr. The document was read by Mr. Jonathan Slater of Markham, the foreman of the jury thought that more attention should be given by the more attention should be given by the double of the city, as there were some lamentable circumstances surrounding them of the jury was well pleased with the jury was well pleased with the side of the to something should be to require the city, as there were some authorities to the inspection of maternity homes in the city, as there were some authorities to the inspection of maternity and the city, as there were some authorities to the inspection of maternity homes in the city, as there were some authorities to the inspection of maternity and the city, as there were some authorities to the inspection of maternity authorities to the inspection of maternity authorities to the inspection of maternity authorities t

### **Early Accidents** Cause Lifelong Suffering. A Case that is Causing Talk.

London, Eng., Hospital, the first seven days not recovering consciousness. I am now 35 years old and from the time of my accident until I began taking Dr. Ward's Pills five months ago I had been subject to fainting spells, never being more than two weeks without an attack of fainting. As I grew older these spells became more frequent, lasted longer, and left me with less vitality. I was weak, had no strength or stamina, always very low-spirited and down-hearted; imagined that every thing and every person was going against me, sand life only had a dark side for me. My appetite was poor most of the time, but I am now happy to say that, since taking Dr. Ward's Blood and Nerve Pills, I have only had one fainting small shortly after. Dr. Ward's Blood and Nerve Pills, I have only had one fainting spell, shortly after I began taking them, so I have no hesitation in saying that Dr. Ward's Pills cured me. Before taking these pills I always looked for a fainting spell not more than two weeks apart; now, I would be greatly surprised at a recurrence of these spells. Life is now bright—the constant, morbid, down-hearted feeling is gone, being replaced by a content-—the constant, morbid, down-hearted feeling is gone, being replaced by a contented, hopeful feeling. I feel like working. My appetite is good, and in every respect I have experienced the health and strength restoring properties of Dr. Ward's Blood and Nerve Pills. They certainly have proved a great blessing to me. Yours truly, (Signed), Thomas Stanton, Brighton, Ont.

Dr. Ward's Blood and Nerve Pills are sold at soc. per box, 5 boxes for \$2.00

are sold at 50c. per box, 5 boxes for \$2.00 at druggists, or mailed on receipt of price by The Doctor Ward Co., Limited, Toronto.

# Dundee Mine

The DUNDEE have to their credit nearly 1000 feet of underground development work done, which shows up 36,000 (thirty-six thousand) tons of first-class shipping ore. Their mill and tramway are completed, and it is expected the mill will be in full blast this month. Having sold over 100,000 shares of DUNDEE stock at prices ranging from 10 to 50c, are now in a position to quote an exceptional close figure on this stock. Other goods buys are:

### DIVIDENDS. BANK OF TORONTO. DIVIDEND NO. 85;

Notice is hereby given that a Dividend of Five Per Cent, for the current haif-year, being at the rate of TEN PER CENT. PER ANNUM, upon the paid-up capital of the Bank, has this day been declared, and that the same will be payable at the Bank and its Branches on and after THURSDAY, the 1st DAY OF DECEMBER, next. THE TRANSFER BOOKS will be closed from the sixtent to the thirtieth days of November, bothdays inclusive, By order of the Board. (Sgd.) D. COULSON, General Manager, The Bank of Toronto.

Toronto, 26th October, 1808.

The Two Simcoes.

Justices Falconbridge and Street yesterday morning at Osgoode carried into effect an arrangement which practically amounts to a saw-off between the East and the Centre Simcoe election cases. The Conservatives called off their dog in the East riding and the Liberals reciprocated by transferring their case to Toronto, where it was enlarged and will be dismissed on the 26th inst. Messrs. Andrew Miscampbell and A. B. Thompson are the two members benfited by the plan.

Something of a hitch occurred yesterday when the court opened, by Mr. A. F. Hunter, the Liberal petitioner, demanding that the case be proceeded with, as he had never consented to its removal to Toronto. An arrangement was effected, however, by which the matter will be tided over till the 26th, when it will, in all probability, be dropped. day morning at Osgoode carried into ef-

What They'll Get. and the stiffening of the price are, doubt.ess, the chief reasons for the resumption of operations.

By careful management it is possible for the Pilot Bay people to compete under existing conditions with the American smetters. Of course, Pilot Bay has the advantage over Omaha, Helena, Everett and Pueblo in the matter of freight rates, but the 2½c per/pound duty on lead bullion shipped into the United States is a very severe strain on the profits of the local enterprise.

The promised activity at Pilot Bay means much for the advancement of the district and will do much to demonstrate to the Dominion Government the advantages that are to be gained by fostering the Canadian lead smelting industry.
