

MEN MUST SERVE TO SAVE HARVEST

Government Campaign to Provide Farm Help in Full Swing. MANY RESPOND More Must Come Forward if Toronto is to Do its Duty.

Dr. A. H. Abbott, secretary of the organization of resources committee, stated yesterday that 260 of the men, which number is the quota of Toronto for work in the harvest fields, had offered their services and signed up at the office of the War Production Club, 15 East King street.

Encouraging reports as to the progress made in other municipalities have been received by Dr. Abbott. The mayor of Kitchener wired that every effort was being put forth to meet the situation. A meeting of employers was held in Woodstock yesterday, from which results are anticipated. In that town 100 of the 100 required from that town have been secured.

Invitations have been sent out to fifteen hundred employers of labor to attend a meeting in the parliament building this afternoon. Sir William Hearst, as minister of agriculture, has issued a circular in which he orders that Ontario's crops may be successfully harvested. S. R. Parsons, president of the Canada Manufacturers' Association, will ask the Toronto employers to release 4000 men as their contribution to the farm work.

Dr. Abbott has issued a number of letters which he has forwarded to various organizations, mayors of the large centres, editors of newspapers and others. He explains the present need of men and requests that they who receive the letter co-operate in sending men to the farms. Mr. Bowles explained that the Ontario Government will pay railroad fare both ways for men who volunteer for farm service, and the present employers are asked to make up to the men the difference in wages which they may receive from the farmer and that which they are now getting.

IMPORTANT BLOCK SOLD. One of the largest real estate transactions took thru in this city in some time was concluded yesterday when H. L. Bowles, proprietor of three restaurants in Toronto, purchased the northeast corner of Front and Bay streets for \$1,100,000.

Summer-Spoiled Skin Removed by Absorption. As undus summer exposure usually leaves an undesirable surface of tan, redness or roughness, often freckles, too, the sensible thing to do is to remove such surface. There's nothing better for this than ordinary mercurized wax, which actually absorbs an unwholesome complexion.

DOG TURNED NASTY. While the little five-year-old son of P. Kemp was playing with a Scotch terrier in front of his home on Kensington avenue, North Toronto, the dog, owned by Mr. Woods of the same street, suddenly sprang and bit the child in the face. Dr. Evans of Rosedale lawn avenue was called, who cauterized the wounds, and it is thought that nothing serious will result.

Roberts, president, a cordial welcome was extended to a former member who has just returned from Chicago to enlist. A short address was made by the member, Pte. R. Pasco, who shortly leaves for England. The final arrangements were made for the holding of the final picnic of the season to Centre Island.

HELD REGULAR MEETING. Eldon L.O.L. No. 136 held its regular meeting last evening in Victoria Hall, Deputy Master W. J. Garland being in the chair. One certificate was received and one proposition for a new member, which will be considered at the next meeting.

PLAYS, PICTURES AND MUSIC

THE ROBINS PLAYERS. Edward H. Robins and the Robins Players next week, commencing Monday, Aug. 13, will present the funniest farce that New York has approved of for several years. This is H. H. Frazer's latest success, "A Pull House" written by Fred Jackson, the most popular of short story writers since O. Henry. Almost unheralded this play was produced in New York and achieved a brilliant and enduring success. In its bright lines, amusing situations and incessant action "A Pull House" set a new standard for such productions, and as the public taste runs almost exclusively to plays that amuse and entertain, this new farce has had a wide appeal, not only in New York but also on the road where, among other places it played was Toronto, where it scored one of its best successes.

AT THE MADISON. Patrons of the Madison witnessed a good holiday bill, which will be repeated today, in addition to "Big Timber," a drama of the Slavias, with Katharine Williams and Wallace Reid in the lead. A new Arbutic comedy, "A Rough House," shows Roscoe Arbuckle at his best.

DURBAN'S BAND POPULAR. Crowds continue to throng to Scarborough Beach chiefly, no doubt, by the wonderful playing of Durban and his band. The great popularity that this band won when it played in the park in 1914 has been eclipsed by the present engagement. Whichever one delights in light popular airs or high-class opera, the appeal of the band is still strong. It cannot play anything badly or indifferently, and would appear to be trying to make each number surpass the other in original effect. The Three Theodores and the well-known Apollo Theatre and additional attractions, and their vaudeville acts are among the best on the circuit.

MISS HUMBLE'S SONG. "We're From Canada," the popular march song composed by Miss Irene Humble, was selected as a special feature of the musical program during the week of Philip Sousa, at the Hamilton's last week. On that occasion it was enthusiastically received by the large audiences and given generous applause. The young composer is being congratulated on this signal recognition of her musical ability by one of the world's most famous band leaders and composers.

"THE WEB OF DESIRE." Regent patrons are being delighted this week with the story told by Ethel Clayton and a splendid company of the excellent "The Web of Desire." The favorite of the presentation, Mrs. Marshall, and the late Dr. J. A. Marshall, Belleville, Ont., to Mr. Robert C. Brown, Schumacher, Ont. After the ceremony Mr. and Mrs. Brown left for Toronto, and will spend their honeymoon at Wab-Kon Camp, Temagami. On their return they will reside in Schumacher, Mr. Brown being manager of the Standard and the Standard Bank of Canada in that place.

Brantford Manufacturers Will Release Five Per Cent. of Help.

Special to The Toronto World. Brantford, Aug. 7.—The urgent farm aid situation, which is really critical in this district, brought together the manufacturers of the city this afternoon. They decided that on account of the serious situation it was imperative that certain men be released from the various factories for this work, and that the various manufacturers pledge themselves to allow or permit five per cent. of their staff, or more, to be released for the purpose of harvesting the crops. Already the board of trade has placed 150 men on Erant County farms. Mayor Bowby today also appealed to the men of the city to turn out and assist the farmers to gather in the harvest.

Don't Spoil Your Hair By Washing It. When you wash your hair, be careful what you use. Don't use prepared shampoos or anything else that contains too much alkali, for this is very injurious as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified coconut oil, for this is pure and entirely greaseless. It's cheap, and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

M'BRIDE FUNERAL TO BE HELD TODAY

Canadian Associated Press Cable. London, Aug. 7.—The funeral of Sir Richard McBride, who died yesterday, will be held from his residence in Throp's square to Golders Green crematorium tomorrow. Sir Richard was gravely ill for several months. His passage to Canada was booked weeks ago. At the time of sailing he was in a comatose state, practically hopeless. Sir Richard McBride was a highly acceptable figure in many circles here. His illness, since he assumed the position of chief official representative of British Columbia, rendered it impossible for him to take his place amongst the overseas representatives, which would certainly otherwise have been his. He was well known in London, however, on account of visits paid previously. A natural dignity and unaffected manner commended itself to all with whom he was brought in contact.

Don't Spoil Your Hair By Washing It. When you wash your hair, be careful what you use. Don't use prepared shampoos or anything else that contains too much alkali, for this is very injurious as it dries the scalp and makes the hair brittle.
