CAZAR'S WILL PREVAILS.

St. Petersburg, Sept. 12.—(2.33 a.m.)—The departure of the Baltic fleet for the far east is officially announced.

Admiral Biriukoff, commander of the naval forces at Cronstadt, will accompany the fleet as far as Libau, from which port the Armada of almost 40 pennants, will sail immediately for the orient.

The admiral does not state how long Admiral Rojastvensky will stop at Libau, but it is understood that it will be only for a few days.

The decision of the admiral has not been divulged, but it has been carefully mapped out. Colliers accompany the fleet for the purpose of supplying the torpedo boats and torpedo boat destroyers, whose steaming radius is small.

Other colliers have already departed and are awaiting orders at foreign ports to meet the squadron on the way. All the vessels are equipped with apparatus for coaling at sea.

The general opinion is that the vessels will go by way of Suez, but some rumors say that the Cape route will be taken.

The decision of the admiral to send out the fleet in the face of the existing situation in the far east is evidence of the temper of the government to prosecute the war to a finish.

It is understood that there was considerable divergence of expert opinion on the question of delaying the sailing of the fleet until the spring, but the emperor turned the scale in favor of immediate departure.

In this connection there are other war moves. Mobilization in Southern Russia was announced to-day, and in addition practically all the reserve officers of the army were called out.

The emperor will leave about Sept. 15 for Kischinef and Odessa to bid farewell to the eighth army corps.

The first army corps has arrived at Mukden.

At a meeting of the emperor's military advisors on Saturday, War Minister Sakhoff recommended the sending of an additional 250,000 men to the far east.

The brief report from Gen. Kuropatkin, which was given out Sunday, constitutes the latest news from the front.

The place at which the despatch was headed was in Manchuria, and the report seemed to show an almost entire suspension of active operations on both sides.

RACE NOW FOR THE BRIDGE WHERE NEXT BATTLE FALLS

Kuroki Pressing Russian Rear Guard and St. Petersburg Full of Anxiety.

New York, Sept. 12.—The Herald's St. Petersburg correspondent wires: The race between Kuropatkin and Kuroki appears now to be to the Hun River bridge. According to the opinion of military experts, the fight is sure to take place there, its extent depending upon the progress made by Kuroki.

It is perfectly sure, however, that Kuropatkin will stave off decisive action as long as possible, and will refuse to risk his army, which has some 100,000 men, in making a desperate attack, until there is no alternative.

I have taken pains to try to obtain opinions existing at the present moment, the result being that while I find the business section of the community keenly alive to the military news, the military men themselves are not so much interested in the news as the business men.

The Russians continue the campaign unintermittedly, but they are not so much interested in the news as the business men.

FINES ON C.P.R.

(Canadian Associated Press Cable) London, Sept. 12.—The Times financial supplement, referring to the C.P.R. report giving the ratio of working expenses to gross receipts at 62.42 per cent., says it is a high ratio compared with that current on English railways, which averaged in recent years about 52 per cent. The article concludes: "It may be doubted whether the directors were not in too much of a hurry in beginning payment of 6 per cent. dividends."

GOT INTO HOT WATER.

While working at the street railway power house last evening Alfred Eversfeld had his left foot badly scalded. They are installing a new boiler, and Eversfeld stepped into a pool of boiling water. He was taken to the Emergency, the foot was dressed and he left for his home at 297 Dundas-avenue.

As to Earl Grey.

London, Sept. 12.—The Globe says a good deal of enthusiasm in Canada on Earl Grey's behalf is a reflection from the great popularity of Lady Minto, but Earl Grey has himself very intimate relations with many eminent Canadians. It is typical of Earl Grey's interest in the country that he has lately associated Kipling, Seely and Parkin as the three most influential imperialists of the age. In the English Churchman, Walter Walsh, the author of "A Secret History of the Oxford Movement," says: "The appointment of Earl Grey to the premiership suggests, likely to strengthen the Protestant interest in Canada. His action in the House of Lords in regard to the King's Protestant declaration was not calculated to inspire confidence."
