Good Things Coming to Theatres of St. John

THE BIG HIT WILL SOON BE HERE

St. John to Witness the Laugh-least Served by Douglas Fairbanks

Manager Golding of the Imperial Theatre, announces his engagement of the first Douglas Fairbanks picture to be produced for the Arctur Pictures Corporation, "In Again—Out Again."

Undoubtedly the most popular screen star among the main contingent of "Dougs" Fairbanks immediately wins the support of anyone who views his work, through sheer personality.

Staged under the direction of John Emerson, who is responsible for many of "Dougs" former successes, "In Again—Out Again" presents just what the screen most needs, something different, a departure from the conventional.

PIPE LAID IN SAME DAY EXCAVATION BEGAN Prompt work on the part of the contractor, Louis Core, who began work on the water main renewal in Drury's lane yesterday morning, enabled the department to make connections at Union street and lay fifty feet of pipe. The stop-cock was placed on the street line, for easier access, according to the recently established practice of the department. The men worked until 12.30 a.m. to complete the job.

Excavation for the Lancaster water main renewal is becoming more difficult, owing to the fact that many large granite buildings are being encountered in the Moore's hill section. Three more days will be required to complete the examination of the old wooden sewer in City road which has become choked with refuse. If it is found that the sewer must be renewed a twenty-four inch terra cotta pipe will be laid, an operation which will take two months to complete, owing to the difficulties arising from the location of the sewer under the buildings.
