

## PREMIER TO BE LAST SPEAKER ON THE ADDRESS

Dysart Today—Saint John  
Bill in Legislature On  
Wednesday

FREDERICTON, N. B., March 21—Entering its third week with the end of the Throne speech debate in sight and with the budget scheduled for introduction on Thursday, the Legislature will settle down to the real work of the session this week. All of last week was devoted to the debate on the Throne address in which six speakers took part, Hon. Dr. P. J. Veniot, leader of the Opposition, Hon. L. P. D. Tilley, K. C., president of the executive council, Hon. J. E. Michaud, B. Frank Smith, J. Andre Doucet and James S. Lord. In addition, the House standing committees were organized and several bills considered.

Tomorrow, A. A. Dysart, M.L.A., for Rent, will speak on the debate to be followed by Premier Baxter, who will be the final speaker. Wednesday will be given over to consideration of Government legislation and on Thursday Hon. Antoine J. Leger, Provincial Secretary-Treasurer, will bring down his first estimates.

**TWO HEARINGS TO BEGIN.**  
Apart from the Budget, much interest centres on two hearings to be given this week to delegations. On Wednesday morning the municipalities committee will sit to hear argument in regard to the proposed changes in Saint John's civic government act whereby the primary elections would be done away with. A bill is being promoted to this effect and Premier Baxter made it known in the House on Friday that there was opposition to this and that both sides would be heard on Wednesday.

Provincial interest, however, is widespread in the hearing to be given on Tuesday morning on a bill being put forth by the Retail Merchants Association to place a special tax on mail order houses doing business in New Brunswick. Large delegations from all parts of the province are expected to attend this hearing while a strong delegation is due from Saint John in its support. It is known there is considerable opposition to the bill, as is evidenced by the many letters sent to the Premier on the matter.

**SURPRISES IN BUDGET.**  
The budget will be the first of the new government and it is said will carry a few surprises. Whether any new taxes will be announced or increases made in existing levies are matters that have been well guarded. Any moves in this direction to help solve what the Government claims as the pressing financial situation of the province will probably be placed before the rank and file Premier Baxter's supporters and it is known this has not been done yet. Altogether, the week promises to be a busy and interesting one both for the legislators and the public.

**SPECULATION ON TAKES.**  
FREDERICTON, March 21—With the budget speech set for Thursday in the Provincial Legislature there is much speculation as to what this will bring forth in the shape of announcement of new revenue-producing methods; in other words, what new taxation New Brunswick is to have, if any, to diminish the provincial treasury's prospective loss of at least a quarter of a million dollars in liquor sales profits, a further large sum as a result of the reduction in stumpage upon lumber cut on the Crown lands and other deductions of lesser importance.

**NEW REVENUE SOURCES.**  
That the Government is to take some steps to recoup the treasury and balance the budget has been evident from statements by speakers in the debate on the address in reply to the Speech from the Throne. One speaker after another last week referred to the need of economy in administration and the Government speakers have almost invariably mentioned that new sources of revenue must be found.

"There must be some new revenue provided to take the place of the quarter of a million dollars or more that will not be available from the Liquor Commission's operations with the Prohibition Act strictly enforced, as we hope to have it," one spokesman for the Government stated.

So far Premier Baxter and his colleagues have not made any definite statements, although Premier Baxter in discussing the situation informally with supporters it was understood to have stated that steps which might not be popular but which are nevertheless necessary, must be taken to provide revenue to enable the budget to be balanced.

The New Brunswick Labor Federation wanted to know last week if the amusement tax is to be increased, reports to that effect having gained wide circulation recently, but all the Premier told them was that the amusement or any other tax now in existence could not be decreased.

**UNABLE TO ACCEPT.**  
The congregation of the Waterloo street Baptist church has received word from Wallace Forgy, theological student at Acadia, that he is unable to accept the call which was extended to him to become pastor of the church next month, as he will be continuing his studies for another year.

**A. KEITH DIES AT HALIFAX.**

Joseph Kadivnek, 23, of Yugoslavia, has arrived at Clinton, Indiana, to make his home with his mother and sisters. He has not been seen for 20 years, admittance to the United States having been refused to him on account of illness when he was three years old.

## MUCH TRAVELED YOUNG LADY

Judith Mary Brash, aged 2½, of Notre Dame de Grace, Montreal, who recently arrived in that city from the Canadian Pacific liner Montclair, is probably the most traveled girl in the world. With that trip she completed 44,285 miles by land and sea and of these 20,000 miles were by rail-ways in Canada, the United States and Australia, and every mile of them she was carried free. She started at five weeks old when she journeyed from Sydney to Melbourne, then on to Adelaide and back to Sydney again, a little trip of 2000 miles. But if the ticketman passes her by when it comes to taking up fares, she always stops for a little rest with her mother, Miss Brash, for her regular smile pays her way all over the world and everyone is glad to make her acquaintance.

## MONTECLAIR IN; 1,009 ON BOARD

The cabin passengers left on a special train last evening.

Among the passengers were several families who came to Canada under the new Empire Settlement Scheme. One was booked for Woodstock, N.B. The family name was Newirth and consisted of the father, mother and nine children. There was a family of 11 and another of seven booked for points in western Canada. ## TRUCKLOAD RUBBER TAKEN BY LOOTERS

Robbers Take Garage Man on  
Long Ride, While Western  
Shipment is Stolen

NEW YORK, March 22—Early rising bandits gained admittance to a garage by their insistent knocking at the door and then searched among the stored cars for a particular truck. The machine was loaded with 20,000 pounds of rubber in 128 cases that was being transhipped from a Brooklyn pier to the Baltimore & Ohio terminal en route west.

Finding the truck, two of the robbers took the garage employee, Benjamin Toren, in their own car, while their accomplices drove away with the load. While being held captive in a signet drive through Manhattan, Toren several times almost could have touched traffic policemen by extending his arm but throughout the ride a revolver was kept pressed to his side.

Finally Toren was put out of the machine at Van Cortlandt Park and the car sped away. He found a patrolman at the entrance to the park and a general alarm was sent out, but the robbers had escaped.

## Deaths

Mrs. Joseph Court

The many friends of Mrs. Elizabeth Armour Court were shocked to learn of her sudden death early Saturday morning. She had been in her usual good health on Friday but suddenly passed away after she had retired. Mrs. Court was the widow of the late Joseph Court, of Court Brothers, a former well-known business firm of the North End. She was a daughter of the late Joseph Andrews, an old-time resident of Paradise Row, formerly of Dublin, Ireland, and Jean Armour Andrews, of Ayrshire, Scotland. She is survived by one sister, Mrs. Charles Heales, of Wright street; a daughter, Mrs. T. Albert Linton, Winslow street extension, West Saint John, with whom she resided, and also by numerous nieces and nephews in Saint John, Halifax and Montreal. Mrs. Court was a life long member of St. Paul's valley church and for many years an active worker in the various societies of the church.

No one was on hand to meet either, and they were turned over to the New York Travelers' Aid Society, which sent them to its Guest House at 139 East Forty-third street.

The children did not meet while on the ship. They are Ilonka Chiro, who will be six years old next month, and Perka, Yukadimov, 14. Ilonka came from Acaert in Czechoslovakia to join her mother, whose address was given as 135 Washington street. Mrs. Chiro, however, could not be found there and the agents of the society are searching for her. Ilonka had 12 pennies which passengers on the Aquitania had given her.
