SCORNFUL I-MADE LAWS

or Loquacious on
of Marriage and
c Autocracy.

y 10—Lady Astor delivered her Friday afternoon sermon to the enlightenment of the House. Her theme was the duty of the children of the House of Commons.

Lady Astor was eagerly listened to by the House. She was the first woman to deliver a sermon in the House of Commons.

Some people simply buy coal; others

Buy Radio

There is a difference and there is a reason.

THE DIFFERENCE—When compared with other coals, RADIO shows a big percentage less ash; a big percentage less stone and a lot less bother in as much as it burns cleanly.

THE REASON—The quality of Radio, the efficiency with which an order is handled and the prompt and courteous way in which it is delivered.

PHONOGRAPH'S SECRETS REVEALED AT TOWNSHEND'S

Brunswick Week is Drawing Big and Interested Crowds.

This is Brunswick week at C. H. Townshend Piano & Music Company, Limited, 54 King street, St. John, N.B. For any one who desires to become more closely acquainted with the construction of modern phonographs the special exhibit being shown all this week is wonderfully interesting. The instrument being demonstrated is the Brunswick—All Phonographs in One. The remarkable way in which this phonograph has captured public favor is due to certain exclusive constructional features which will combine to produce a pronounced ultra superiority and uniqueness.

One of these features is the all-wood oval horn—constructed entirely from choice woods without nails or metal in any form. Another is the Ultona, a scientifically designed tone-arm and reproducer which plays each make of record with the precise needle, correct diaphragm and exact weight. True owner of a Brunswick can play any make of record without taking anything off or putting anything on.

Still another exclusive feature of the Brunswick is the four-spring silent motor. It is absolutely noiseless. It plays twenty-seven minutes on one winding. The springs are so arranged that even if two of them were to break the motor would keep on running. These features and a great many others are being most interestingly demonstrated during the "Brunswick Week" at Townshend's.

A visit to this exhibit is well worth while for any one—especially for those who already own a phonograph but are not any too familiar with its method of working. As a climax to this interesting exhibit, C. H. Townshend Piano & Music Co., Limited, are offering unusually easy terms on the purchase of any model of the Brunswick phonograph. This takes the form of a "Deferred First Payment Plan."

The regular terms for instance on the Model No. 110 at \$205 would be \$20 cash and \$12 per month but for this week only they are offering to place the phonograph in your home immediately for a down payment of \$10 and the balance on convenient terms.

So during Brunswick Week only you can have a beautiful all-record Brunswick placed in your home immediately for only \$10 down. When such easy terms are available for such a fine instrument no home in this locality need be without a Brunswick.

Jack McLaughlin, Bart McIntyre, Arthur Sharkey, Mrs. M. T. Morris and Mrs. James George were chairmen and the committee in charge included V. Murphy, R. E. Fitzgerald, John T. Gorman, J. W. E. Gale and George Stafford.

Are you looking for reliable footgear? You can get it for less money at Bassett's, 14-16-18 Charlotte street.

Are you looking for a good sweater coat or pull-over? You can get it for less money at Bassett's, 14-16-18 Charlotte street.

Sale of Children's Dress-Up Silk Dresses

Mothers! You are not apt to have an opportunity to buy a real dress-up dress for your little girl at such a remarkably low price, in a long time.

All sizes from 6 to 12 years are included. Light and dark colors. Styles suitable for street or best wear; also frocks for parties and the exceptional occasions.

Materials are taffetas, messalines, crepe-de-chines, Georgette Crepes and Poplins. Styles are smart and very childish, showing frilled skirts, Empire or bolero waists, straight line effects, prettily sashed, and stunning little Apronettes.

Among the many colors are: Maize, white, light blue, pink, Copen, navy, sand, brown and green.

Sale Prices—\$4.50 to \$14.25

Sale Commences Wednesday Morning, Children's Shop. (Second Floor.)

ing the dominion election act, and progress was reported. W. D. Eider of North Waterloo, moved an amendment for the purpose of enfranchising alien women married to British citizens without requiring them to obtain a certificate from a judge. No action was taken on this motion.

Butter on the slide. PRICES SLIPPING DOWN (Toronto Globe). Butter is going down in price. On the retail market it is sagging gently to lower levels; on the wholesale exchange it is dropping rapidly.

It is dropping rapidly. Next week the housewife should be able to purchase butter much more cheaply. At Montreal on the wholesale market yesterday butter dropped 6 1/2 cents, and in Toronto it moved in sympathy. Since April 25 the drop in the wholesale price has been nearly twenty-three cents. In Toronto, while the slump in the price has been as great, it has been much more gradual.

Shoppers yesterday paid around fifty cents a pound for the best quality butter. Next week, the Globe was informed, the retail price would likely drop to forty-five cents, and perhaps to forty cents.

It is dropping rapidly. Next week the housewife should be able to purchase butter much more cheaply. At Montreal on the wholesale market yesterday butter dropped 6 1/2 cents, and in Toronto it moved in sympathy.

The Hoover Electric Suction Sweeper

All we ask for the Hoover is a comparison. After you have tried any other sweeper on the market, let us show you how much dirt they have left behind. Five minutes will convince you.

The Hoover is more than a Suction Cleaner—

It Beats—
As It Sweeps
As It Cleans

Absolutely without injury to your carpet. Call or Phone for Demonstration.

Showing in Carpet Department. (Germain Street Entrance.)
