How Drugs Weaken the Heart

So many people are doping their stomachs with drugs and never stop to think of the harm that will come of it. Constant drugging always weakens the heart.

You hear of a great many deaths due to heart failure, but you never hear of what makes the heart fail. The heart never fails without a reason. Find a reason and you will find the actual cause of death. I say that it is nearly always exhaustion of vitality, caused by drugging. The heart stops because the power that uses it is shut off. To trace this cause directly I would say to the body during the consumption of food in the stomach generates carbonic heat, which is electricity. Carried in to the nerves, it becomes nerve force, which is the motive energy of the heart. Naturally, if the heart does not receive a sufficient quantity of this nerve force its action will become weaker, and, like the engine, whose steam is run down, will stop altogether. That is heart failure.

Now, strong drugs weaken the stomach so that it cannot generate enough of this force, and a weakening of the heart's action results.

The reason any organ fails to do its work is because it lacks strength. If there is any nourishment in drugs they might bring a healthy change, but you know there is not. Drugs are drugs, stimulants, narcotics, antidiotes, poisons, not food. Food is needed to build up new strength. Electricity is nerve food—nerve life. It soaks into your nerves and vital just like water-soaks into a sponge. It warms and strengthens the parts which drugs cannot reach.

Electricity is a relief from the old systems of drugging. It does by natural means what you expect drugs to do by unnatural means. It is Nature's way of curing disease, for it gives back to the nerves and organs the power they have lost, which is their life.

I believe in finding the cause of every ailment and removing it. If it is in the stomach, I restore the power there; if in the nervous system, I build up the nerve force; in the kidneys, the blood or the organs of generation, I find the cause and supply to the body the needed help, and after I have removed the cause Nature will cure the disease.

Dr. McLaughlin's Electric Belt is easily and comfortably worn next to the body during the night, and gives out a continuous stream of that strength-building, nerve-feeding force which is the basis of all health.

M. S. McLaughlin—The trouble for which I purchased your Electric Belt has entirely disappeared. It was only after a great deal of hesitancy and enquiry from patients that I bought one of your Belts, and I am now glad that I did. My back is perfectly well, and I never was so strong or felt as well as I do now.
