

Dry Your Clothes on a Wet Washday

When clothes can't be hung outside, and must be dried in a room or cellar, the New Perfection Oil Heater quickly does the work of sun and air.

Do not put off washing to await a sunny day in order to avoid mildew. Do your washing any day with help from PERFECTION.

It gives just as much heat as you desire. It is safe, odorless and smokeless.

It has an automatic-looking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back.

An indicator shows the amount of oil in the font. Filler-cap does not need to be screwed down.
