## PREPARE SIMPLE BURIAL LEAGUE SECURITY PACT

Chamberlain To Tell Diplomats Protocol Unacceptable

### POLAND AROUSED

Call German Offer Clever Political Manoeuvre To Outwit Entente

British United Press. LONDON, March 6.—Austen Chamberlain, Minister of Foreign Affairs, left today for Geneva, where, it was believed, he would prepare a simple burial for the League of Nations' security pact.

In conferring with Premier Herriot it is expected Chamberlain will pave the way for limitation to the League Council that the protocol will be unacceptable.

### Denounce German Offer.

While in Geneva, Chamberlain hopes to confer with various Allied leaders on Germany's latest security proposals. There is a possibility that Chamberlain before leaving Paris will see Count Skrzynski, Polish Premier Minister, who is reported bitterly opposed to the German offer.

Polish circles in London denounce the German offer as a clever tactical manoeuvre designed to reopen boundaries questions which the Poles considered closed by treaties.

### DRUGS EXCITE THE KIDNEYS, DRINK WATER

Take Salts at First Sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out. They weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night, if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jaid Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.

Jaid Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing glass of water before breakfast for a few days, because your kidneys will at least twice a year.
