GRAND OPENING OF Pitched Battle Greets Jack Dempsey and Bride on Arrival in Paris

WILL TOSS FIRST

Schedule Drawn Up And Other Details Arranged

At a meeting of the executive of the local professional baseball league yesterday it was decided to have the grand opening on the afternoon of the holiday, May 25, and not on Saturday as at first planned. The weather has been so backward that it was felt the players would benefit by the couple of days' additional practice. Arrangements have been made to have His Worship Mayor Potts or one of the city commissioners open the playing season by tossing the first ball. Trophy For Winner.

It was decided to adopt the D. & M. ball for the season, and a beautiful silver cup will be put up by the company for the winning team. Charles McCormick and B. Cooper have been McCormick and B. Cooper have been appointed official umpires.

A schedule of 46 games was adopted and calls for league fixtures on Monday, Wednesday and Saturdays. Thursday night has been left open for postponed games. The league has secured a lease of the East End grounds, and they are being put in first-class shape for the season.

Visiting Teams. In event of visiting teams from the States or other parts of the Maritime Provinces being brought here for exhibition games, the scheduled fixtures will be held over and will be classi-fied as postponed games.

SENIOR AMATEUR SUMMER CAMP

Along The Sport Trail

THE ARRIVAL home of Clarence "Quip" Moore will be welcomed by baseball fans throughout the city. Another year in local circles should prove highly beneficial to him. He will have a chance to develop instead of warming some bench in a minor league where he would in

all probability have had to sit if he had been retained. He is young and has a bright career ahead of him in balldom if he wishes to follow

up the sport. He will be given every chance to develop with the

Saints and if they play "inside ball" like they did in 1922 he should pick up some valuable points. The acquisition of Moore to the Saints

should give them one of the strongest outfields banded together in

local circles for some time. With Sterling in left, Finnamore in centre and Moore in right it will make an exceptionally formidable trio.

a keen interest in bowling and hockey. In the former he showed

marked ability at toppling over the candles and in addition was

manager of the Hawks for several years. He has been identified with

hockey for a score of years and while not actively participating in the game was largely responsible for organizing local teams and keeping

the sport alive in this city. Only those who were associated with

Murray can appreciate how hard he has striven to promote clean sport. His many friends will unite in wishing him a speedy recovery.

21 years this great exponent of baseball thrilled millions of fans by

his hitting and more particularly his daring performances on the bases,

and now the tide of popularity has turned and he is tasting the bitter.

The followers of the Detroit Tigers are responsible. According to a

report from Detroit a petition is in circulation there demanding that

Cobb be relegated to the "has beens" and that a new manager be ap-

pointed to head the team. This is surely gross ingratitude. Cobb was

the man who made the Detroit Tigers and now when he is having

some tough luck the fans are stalling. Those signing the petition have

mentioned Umpire Billy Evans for the job. What President Navin will do remains to be seen, but one thing is certain, Cobb will undoubtedly

become embittered and it would not be surprising if he resigns. Cobb

only recently startled the baseball world by driving out five home runs

in two games. This has apparently been lost sight of. Fans are

Officials Decide to Give Part of Opening Receipts

Twenty-five per cent. of the gross receipts of the opening games in the City Senior League on Monday next will go toward the Lady Byng summer camp for children under the operation of the Health Centre at Fair Vale, according to a decision reached at a well-attended meeting of the league executive last evening in the Victoria Hotel. The idea of giving what they could to help some city children enjoy a few days in the country this summer appealed strongly to the teams represented, and it was felt that the baseball public would help swell the proceeds to as large amount as possible.

Arrange For Grounds The president, John J. Dunlop, reported he had interviewed the managements of the South End and North End grounds and both had expressed a willingness to fall in line with the action of the executive in this direction. With this in view, it was also decided to raise the price of admission for these games to 25 cents.

The Opening Games After extended discussion, it was also decided to have only a morning and afternoon game for May 25. The morning game will be on the North End grounds between the Royals and the St. John the Baptists, while the afternoon game will be between thet Water Department and the Trojans. A proposal to play afternoon and evening games on both grounds was turned have any interests clashing on the pening day.

His Worship, Mayor Potts, it was reported, had consented to throw the first ball at the South End game, while J. Fraser Gregory and F. C. Beatteay, both of whom are prominent in the work of the North End Improvement League, will be invited to officiate at the morning game.

League Schedule.

The consideration of the league schedule took up the major portion of the meeting, and it was finally agreed that the schedule be limited to 60 games. A trophy, presented by M. PARIS, May 20—A pitched battle between a crowd of 3,000 admirers of Jack Dempsey and Paris police greeted the heavyweight fighter yesterday when he arrived in Paris with his bride. This disturbance followed one even more discomforting to Dempsey, a rough passage of the English Channel that resulted in the champion taking the count from seasickness.

Window Panes Broken. A salvo of broken window panes at the railway station was the salute the Dempseys received when the police, anxious to keep a passage clear closed two of the three exit doors from the platform. A crowd attempted to force its way in, and whole platoon of police was needed to maintain order.

Several People Injured. Several were injured and more manhandled by the police, but thanks to Georges Carpentier's elbow work and swift, deft interpreting, the Dempseys managed to escape unscathed to a
