

25 FACE CHARGES AS RESULT OF CUSTOMS PROBE

PROSECUTION IN NEAR FUTURE DECIDED ON

Reduction in Number of Entry Ports to Canada Expected Soon

MOUNTIES ASSIST IN WAR ON SMUGGLING

Detachments Stationed Along Border to Assist in Law Enforcement

OTTAWA, Aug. 6.—Action towards putting into effect the recommendations for the customs probe for the re-organization of the Department of Customs is being continued. While no announcement of the contemplated changes is forthcoming, it is probable that a statement in the matter will be available within the next few days.

"Mounties" are now located, it is pointed out, at vulnerable points along the Canadian border. The placing of these men on the boundary constituted the first immediate step in the way of putting into effect the recommendations of the customs committee. These men are under instructions to co-operate with all customs officials for the purpose of suppressing smuggling.

Reduction of the number of points of entry, it is rumored, may shortly be brought about. This was one of the many phases of the investigation with which the committee dealt in its report. In its recommendation for a decrease in the number of places at which customs revenue is collected, it pointed out that the United States had only 270 customs ports of entry, while Canada had 491. This reduction, according to the expressed opinion of the committee, would be in the interests of sound economy and increased efficiency.

Prosecution of approximately 25 recommended in the report adopted by parliament, and according to announcement of Hon. Hugh Guthrie, Minister of National Defence, the other evening, action against the Dominion Distillers has been decided upon.

DISCUSS MISSIONS

Meeting of Queen Sq. Women's Society Held Last Evening—Allocation Increased

The Queen Square United Church Women's Missionary Society met last night in the church parlor. In the absence of the president, Mrs. S. E. Logan, the first vice-president was in the chair and led the devotional exercises. The subject of the devotional exercises was "The Gentleness of Prayer." Miss Annie Biggar presided at the piano. Miss J. Betts, superintendent of Little Light Bearers, reported three new babies enrolled. A resolution of sympathy in the death of her sister was extended to Mrs. Harry Robb. The reports from the Watch Tower were received. Mrs. John Ewing reported for India. Mrs. Annie Welsh reported on the work on the

BLIND, KILLS MAN.

PITTSBURGH, Kas., Aug. 6.—Although blind and having only one arm, Roy Atkinson, 21, fought and killed his stepfather. The young man said his stepfather attacked him because he refused to beg, and that he armed himself with the only available weapon, a window weight. The stepfather had a razor.

HOW SENSIBLE!

MACON, Mo., Aug. 6.—When a well-known physician was interviewed on just what people should do when the heat was extreme, he replied, "I'd go in the shade."

MEIGHEN DENIES PLAN TO DISPOSE OF C. N. SYSTEM

Declares There Is No Ground for Fear; Has Clash With Heckler

NEW LISKEARD, Ont., Aug. 6.—"I have heard it said in the course of the campaign that there are special reasons why the Conservative party should not be returned," Right Hon. Arthur Meighen declared to a meeting in Cobalt yesterday. "I know that the leader of the Liberal party has declared that he is very much afraid of what I may do to the Canadian National Railways if entrusted with the premiership by the people of our country."

"My answer is this: There is not the least ground for fear at all. I dispute positively his assertion that there is anything to fear. In fact, the assertion is preposterous if not impertinent. The National Railways are not the outgrowth of Liberal administration in Canada. The National Railways are national; that is to say, the National Railways are a public institution largely because of the blundering railway policy of the Laurier government in the early days of this century, a policy which, in the end, wrecked one system after the other and compelled us to save the situation, to gather those wrecked systems into one under the ownership of the state."

HECKLER ANSWERED

Mr. Meighen had a few minutes encounter with a heckler. He was speaking of protection. He cited France as one of the countries which, since the war had put its tariff structure high. "And the franc went down," the heckler commented. "Yes, but it did not go down because of unemployment," Mr. Meighen came back warmly. "The heckler returned to the charge. 'Well, why don't they pay their bills?' 'They'll pay their bills,' was Mr. Meighen's retort. 'And if this country had suffered as France suffered, we should not be paying our bills.' 'The heckler retorted: 'England has a million and a half

unemployed," Mr. Meighen returned. "Why doesn't he go back to England if things are so good there?" Mr. Meighen curtly added.

Mr. Meighen went on that if for no other reason the protection of a United States compelled Canada to adopt a protective policy. Unless Canada protected herself, she would be bled white to develop the United States. He turned to the automobile duties, asserting that the treasury was losing in revenue just so much as the price of automobiles had been reduced.

ITALY GIVES U. S. FIRM BIG CONTRACT

International Telephone Co. Gets \$20,000,000 Job on Cables

NEW YORK, Aug. 6.—A \$20,000,000 contract for construction of underground cables throughout Italy has been let to the International Telephone and Telegraph Company by the Italian Government. Proximity of overland long distance wires to high-power electric lines in Italy has led to interference with service and the underground plan will soon be adopted.

The International Standard Electric Corporation, the manufacturing organization of the International Telephone and Telegraph Corporation, thus announced that the Societa Italiana Reti Telefoniche Interurbane, with which it is affiliated, the International Standard Electric Corporation, Firelli & Co., Telechini Company and Siemens & Halske, has signed a contract with the Italian Government covering the supply and installation of the following network of underground interurban telephone cables: (1) Casteggio-Bologna-Florence; (2) Florence-Perugia-Rome; (3) Rome-Naples; (4) Milan-Simpione; (5) Bologna-Florence-Venice-Trieste.

The work will extend over a period of five years and at its completion will give Italy an up-to-date and efficient long distance telephone service between important centers.

Man Badly Injured In Campbellton Mishap

CAMPBELLTON, Aug. 5.—While at work loading lumber on a vessel at the Government wharf here this morning, Scott Thompson, of New Mills, was struck by a deal and sustained a broken jaw and a fractured skull. The unfortunate man is confined to the Soldiers Memorial Hospital, where his condition is considered extremely grave.

Thompson is a native of Scotland who came to this country as a sailor some years ago, since which time he has made his home in New Mills. So far as is known he has no relatives in Canada.

PRICE CUTTING BY DRUGGISTS MAY END

Four Hundred Delegates to Meet in Convention in Montreal

NEW YORK, Aug. 6.—Four hundred delegates representing the drug trade in every province of the Dominion will meet here next week when the Canadian Pharmacists' Association meets in convention at the Mount Royal Hotel. The convention will meet from Tuesday to Friday. R. Harrison, of Lacombe, Alta., is the national president.

This organization, which has been in existence for fifteen years, has for its primary purpose the protection of the interests of druggists, wholesale and retail, particularly with reference to federal legislation. The governing body of the association is composed of representatives of all the provincial pharmaceutical associations.

Prominent among the topics to be discussed at the convention will be the price protective scheme of which the chief exponent is Sir William Glyn Jones of London, England, through the organization known as the Proprietary Articles Trade Association. Sir William has been in Canada for some time organizing the association and just previous to the convention it is expected that druggists would be prepared to ratify an agreement upon a minimum price for almost 1,000 articles, following the plan of the association.

Make more Mustard Pickles

Mustard Pickles

1 quart small onions
1 quart cucumbers
1 large cauliflower
1 heads celery
2 red peppers
Peel onions, cut vegetables in small pieces, cover with weak brine and let stand overnight. In the morning bring to a boil and drain off.
Take 2 cups brown sugar, 1 cup flour, 5 tablespoons Colman's D.S.P. Mustard, 1 tablespoonful turmeric and 1 quart vinegar. Boil this mixture for twenty minutes, stirring constantly. Pour over vegetables hot. Let stand ten days, stirring every day, then bottle.

India Pickles

1 gallon cider vinegar
1 cup brown sugar
4 ozs. Colman's D.S.P. Mustard
5 ozs. mustard seed
3 ozs. ginger
3/4 oz. cayenne pepper
1 oz. turmeric
4 ozs. salt
Mix well, and put on stove and warm through, but do not boil. Stir constantly.

As the year goes along you will congratulate yourself if you put up plenty of Mustard Pickles. By making your own pickles, you can use just the vegetables you like best — you can have just the flavours you prefer. You will be certain of purity and quality and your pickle bill will be less than if you depend upon weekly purchases with other groceries.

Colman's Mustard adds that supreme flavour which is not otherwise obtainable.
