Change must add to the sum of the national wealth. This appears too evident to need demonstration. Supposing there were only one man in Canada, can anyone limagine him resenting a foreign nation giving him more wealth than was asked in return therefor? The thing is absurd. What is true of one man must clearly be true of a nation. Moreover, if importing foreign goods is injurious to a nation, why do nations in wartime blockade the ports of their enemies and devote their efforts to hindering importation and facilitating ex-Barlet, chevalier, I bushel—I, A. cussion of its merits or demerits is surely make the following most liberal offer: If you will send us your name and adtion where free trade rules, viz., where imports are allowed in free of duties, has a great advantage over nations where protection, in bunches of cach variety—1, Mrs. R. Tennant; 2, J.

C. Newbury.

The position, I take it, is that the national tion where free trade rules, viz., where imports are allowed in free of duties, has a great advantage over nations where protection is in force. Perhaps one of the ladies' or Gents' size, or your choice of chief causes of the prevalence of protec-tionist ideas is a mistatement of fact Trap Shooting.

As mentioned yesterday, about sixteen shooters competed for the "Four Crown" challenge cup. Otto Weiler, who last year held that trophy, was defeated by Dept. 122, 50 Adelaide street east, To-
