WEAK BACK AND RUN DOWN STATE OF THE SYSTEM.

MRS. W. McDERMID, Ancaster, says:—Last spring I used one bottle of PARKE'S LIVER CURE for a run down state of the system and a weak back. As a result I have felt much better this summer than I have for years. I can recommend it very highly.

THANKS GOD FOR SUCH A REMEDY.

MR. WM. EVANS, 147 Sophia St., Hamilton, says:—For the past twenty years I have been troubled with dyspepsia and liver complaint. I was so bad that I had to give up my work as an ironworker. Last summer for six weeks I became so despondent that I didn't care to speak to anyone. I could not remember the number of doctors and patent medicines I have tried, and found nothing to cure me. About a month ago I got a bottle of PARKE'S LIVER CURE, and after using about half a bottle I felt that I was perfectly cured, and instead of being yellow in color and despondent in spirits I have regained perfect health and strength. I am like a new man, and I thank God that there is such a medicine, and hope that it will do for others as it has done me.
