LOOK OUT!—We have sent accounts to quite a large number of subscribers who appear to think it is necessary to pay up. We have no desire to give unnecessary trouble to any one, but we intend to place our unpaid subscription list in the hands of magistrates for collection and if our careless friends have to pay costs it will be their own fault. We have given fair warning.

BIBLE SOCIETY.—The ladies of the "Miramichi Ladies' Auxiliary Bible Society" request the attention of the public to the fact that Bibles and Testaments (with or without Psalms) and Psalm Books are sold at cost in their depots in the stores of John Brown, Chatham, and B. Davidson, Newcastle. Also, that persons who are unable to purchase will be supplied gratuitously on their application.

B., has made arrangements to visit Kingston and Bellevue, and can be found at the residence of James Porteous, Esq., Kingston, from the 1st of October until the 1st of November, and at Whetton's Hotel, Richibucto, from the 1st of November until November 20th, where he will be prepared to perform all operations pertaining to his profession in a neat and satisfactory manner, at moderate charges.

FAVORS FREQUENTLY DISTRIBUTED.—A Blissett correspondent writes to say that:—"In the Parish of Blissett, where there are about 130 voters, the Local Government has thought proper, from time to time to make appointments of Justices of the Peace, so that in our locality there are seven Justices within five miles (near and about Daoktown) and nine for nearly 20 miles from centre Blissett to centre Blackville. In two houses there are 4 Justices and one Justice for nearly 20 miles either way, or down. Can any parish of about 600 inhabitants in any part of the Dominion beat this? Each Justice and Coroner costs our Local Government about \$20 for a fit out of books and one dollar yearly retainer."

FAREWELL SUPPER.—The departure of Mr. W. T. Carman, of this office, and Mr. Geo. W. Loggie, from Chatham, for San Francisco, was mentioned in our issue of last week. A number of their friends and associates, to give expression to the esteem in which the two gentlemen were held, had a farewell supper extemporized for the occasion. The matter was referred to Mr. and Mrs. William Johnston at the Canada House, and on Thursday morning between 2 and 3 o'clock, the guests and their friends sat down to an excellent provided table. After supper Mr. William Johnston was called to the chair, and Mr. Fred. Brown to the vice-chair. The toast of the evening was the departing guests, who were very highly appreciated and really affected by the farewells accorded to them. A variety of toasts interspersed with music occupied the remainder of the time in a pleasant manner, until the hour of departure arrived, when most of those present accompanied Messrs. Carman and Loggie to the station, and gave them a hearty farewell.

THE CHINESE FAMINE.—The Rev. Dr. Fraser, for some years Missionary of the Presbyterian Church in Canada in the Island of Formosa, China, and who is now on a visit to Canada, preached on Sunday in St. Andrew's Church, Chatham, in the morning, and St. John's in the evening. He took occasion to refer to the China Famine and express his gratification that so much (\$83,000) had been subscribed by Christian friends in Chatham and forwarded for the relief of the starving there. The famine has been one of unparalleled severity, the British Ambassador at Peking estimating that not less than 5,000,000 people have died of actual starvation. Much has been done by Christian countries to relieve the distress in the famine districts. Over \$200,000 were contributed last year. Contributions have been forwarded free of expense by the generosity of banking houses in New York and London, having connections in China, and the personal oversight of missionaries there has, in all cases, been given to the distribution of these funds. An impression in favor of Christianity has thus been produced upon the minds of the Chinese which will never be effaced. It is gratifying to know that a good harvest has been gathered this year, and that through much suffering will still have to be endured, there is no longer the need that was outside help.

HEATING OF THE COLLEGE OF THE CHRISTIAN BROTHERS.—Mr. Frank Green, steam fitter and plumber, of Montreal, arrived in Chatham on Saturday last for the purpose of fitting up the new College of the Christian Brothers, with a hot water heating apparatus of which he makes a specialty. Mr. Green, though originally from New York, has been established in Montreal some 15 years or more, during which time he has fitted up the Reformatory, Prison and many churches, convents, and other institutions with heating apparatus on the hot water principle, which is now looked upon as the most satisfactory and

economical system. The principle is the continuous circulation of the water from and to the furnace caused by the change of temperature, the water newly heated constantly ascending, while the cooler water makes its way back to the furnace again to be reheated, the same water being used over and over again with a very trifling loss by evaporation.

The furnace in the basement of the college of the Christian Brothers will be of brick, about 7 ft. 6 in. x 5 ft. and lined with iron pipes at the sides top and bottom, the water as heated passing off to various portions of the building. On the 1st floor there will be eight tiers of pipes on the 2nd, six tiers and on the 3rd, four tiers. The length of piping used in the building will be about 8000 ft., and the loss from evaporation will probably not amount to over a pallid of water a day.

One of the advantages of this system is that it is noiseless, is not attended by the disagreeable racket often caused by steam and is not liable to the danger of being choked by any other means of heating grate. Mr. Green expects to have the greater portion of the apparatus in working order in about a month.

Condolence.

and if persevered in will effect a cure even in the most obstinate cases. Robinson's Phosphoric Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime is prepared only by J. H. The Advocate also states that Mr. Tweedie and Mr. Gillespie spoke.

But, as usual, it does not think it worth while to report them. These gentlemen invariably come in for that kind of treatment from that quarter.

Mr. R. L. Call, who seems to have an amusingly large notion of his importance, described how the "irresponsible" had "respected" him, but to set himself right with Mr. Mitchell, who shook his head at him, as if he was putting his foot in it, he blurted out that the ADVANCE was "a lying sheet."

We don't find fault with him, because he, no doubt, was excited and thought that was the right thing to say just then, and as he has felt very meanly about having made such an exhibition of himself, we will say no more about it.

We observe that Mr. Call was under the impression that he owned the whole of Newcastle—"My town," he calls it.

We presume he will soon be coming down and looking over Chatham and if it suits him he will buy it, also. We once heard of a man who thought of the world as a whole, and he was not far from the mark in his estimate of the value of Newcastle.

THE SCH. "MARGARET MARY," 45 tons register, Morrison master, from Dalnospic to Pictou, N. S. grounded on the reef near the entrance to Richibucto Harbor about ten days ago. The cargo, consisting of cedar posts was discharged. The vessel was sold to Captain James V. Foster, who succeeded in getting her afloat and bringing her to War's wharf, Richibucto, where she now lies apparently none the worse of the mishap. Captain Foster paid \$700 for the vessel and considers he has made a good bargain.

FLASHES FROM THE TORCHLIGHT PROCESSION.

The number of torches was, we are credibly informed, one hundred and thirty seven.

The men and boys carrying them were three or four hundred torches.

The Advocate states that there were those who carried them were on horseback.

Why such misrepresentation?

The "organ" says "many of the resolutions were identified with the exceptions being the dwellings of a few dependent Grits."

If some of the "dependent Grits" had the advantage of Government oil stored where they could have a barrel thereof at a pleasure, by way of a back street, they might have contributed handsomely to the illumination at small personal cost.

An Address was presented to Mr. Mitchell, in which he was placed on an equal footing with Mr. Tilley, Dr. Tupper and Sir John in the Liberal-Conservative Party.

And yet Mr. Mitchell, only a few years ago, made a determined effort to induce the electors of St. John to accept him as their member, instead of Mr. Tilley, and made himself very ridiculous in that connection on the Academy platform by speaking, uninited, in a pretentious and self-satisfying manner, at the close of a lecture by the author of "Gin's Baby."

Everybody knows, also, how Mr. Mitchell deserted Sir John, Dr. Tupper and soon as Mr. Mackenzie came into power, and how he tried to "have the last word" after Mr. Mackenzie's discouragement of his advances.

Mr. Mitchell is reported as having referred to this paper as "the ray called lying ADVANCE."

When Mr. Call was, a short time since, reported as having used a similar expression, he denied it and said he had been misreported.

He was purposely misreported by a person who has often been caught at similar work, and who, in this case, may have been paid to slander the Advocate, as he is irresponsible, morally and otherwise.

Mr. Mitchell said he had used his influence against the truck system.

And, yet, it is a notorious fact that he was one of the most staunch friends of that system.
