Geo. Hildebrand, Esq.

Dark Sir.—I purchased from Messrs. Johnson & Co. through you one of Mann's Seeders, which I have used for four years, and I can safely say that I would not be without it for three times the cost, I could never raise more than \$\frac{1}{5}\$ or \$\tilde{6}\$ bus, from one when sown by hand, but now I can raise \$\frac{1}{5}\$ to 6 bus, from one when sown with the Seeder. A farmer who will sow 70 bushels of grain no year will, save enough in that time to pay fer his Seeder. I also bought one of your first prize steel plows, I had used two of Frost & Wood's Plows before getting one from you, and I could not get more than three or four days in the week with them. My team is very heavy and my farm is very rocky and whenever they would strike a rock they were sure to break, but the one I got from you proved most satisfactory and easy. I also purchased a havy Iron Harrow from you and have been using it in a very strong soil, and it has given entire satis: ection and stood the test most wonderfully.

I was almost getting discouraged with farming before I purchased these im plements, as I was daily visitor to the Blacksmith's during the farming season. Very respectfully,

DANIEL SULLIVAN,

Renous,

Geo. Hildebrand Esq.

DEAR SIR:—I have purchased through you of the late firm of Johnson & Co., one Iron Harrow and one of Mann's Broadcast Seeders on wheels. The harrow has been used on my farm three seasons and I am well satisfied with it. It will do twice the amount of work the old wood frame harrow will do and does it much better, for by means of its narrow sections it adapts itself very nicely to uneven surfaces. I have thoroughly tested it on rough ground and it stood its work first class.

The seed-sower is just what is wanted for putting in grain. I have used it for two seasons, and can sow whatever quantity per acre I wish and do it evenly whether there is a wind or not. I am also convinced that machine sown grain ripens more evenly than hand sown, and that less edd requires to be put to the acre.

I am, Yours Truly,

WM. A. McLAGGAN.
