Paid a High Tribute at Cambridge University Today.

University Today.

CAMBRIDGE, Eng., June 10.—The degree of Doctor of Laws was conferred today on Whitelaw Reld, the special ambassador of the United States to the coronation of King Edward, by Cambridge University.

The public orator, John Edwin Sandys, referred to Mr. Reld's previous official visit to England, and his return on the equally auspicious occasion of the coronation. Mr. Reld, the orator said, had also distinguished himself as ambassador of the United States to France, and as the editor of Talley-rand's Memoirs, while for the last 30 years he had ably conducted the New York Tribune, with which he had initiated and long continued a fund for giving a boon of fresh air to poor children. Mr. Reid embodied the humanity, kindly feeling and friendship of his country, and was thus entitled to a hearty welcome, not only for his own sake; but, also for that of the great trans-Atlantic republic which he so worthly represented.

In a letter received from one of the coronation contingent written on board the steamer after leaving Quebec, a St. John boy says: "We came on board the ship between seven and eight o'clock on Saturday evening and were very glad to get away from the rain and mud in Levis. We were glad for other reasons as well. The contractor who supplied us with food furnished good meals during the first two or three days we were in camp, but the food gradually became poorer and poorer, and we shuddered to think of the food gradually became poorer and poorer, and we shuddered to think of what it might be in another week. The meals on the boat are quite an improvement, but our sleeping accommodations are rather confined. This, however, makes no difference, as all the boys are happy and we will only be here for a short time anyway. "Only one appointment was made from the St. John bays. Sergt. Chas. Robertson was appointed senior corporal in the artillery.

"Our commanding officer, Major H. M. Davison of Charlottetown, is well liked. He seems able to get lots of work out of us and does it in a most agreeable manner.
