### LUMBER SHIPMENTS SHOW INCREASE OF 9,000,000 FT.

Over Figures of 1908 But Total Still Falls Far Short of Earlier Years—Conditions Gradually Improving.

The shipments of lumber from St. John during the past year show a substantial increase over the figures of the preceding year, but they are still much lower than in the three years previous to 1908.

The totals for the past five years are as follows:

Year	Deals, etc.	Birch Timber	Sup. Feet	Tons
1908	144,448,194	2,222	2,249	2,249
1907	115,008,071	2,549	2,530	2,530
1906	191,578,485	4,507	4,507	4,507
1905	183,063,941	3,737	3,737	3,737

In the above figures spruce and birch deals are included in the one column. The great falling off in 1908 was due to the unprecedented condition of the British lumber market, which was such as to discourage shipments. This year conditions have improved somewhat and the exports have shown a corresponding increase.

### I. R. C. CLERKS RECEIVE TIDY LITTLE PRESENTS

#### Increases in Salary Granted With Back Pay Dated From April Last—New Classification Now in Effect.

Checks have been received here for payment to the International Freight Clerks which will place tidy little sums in their pockets on account of back pay. They receive increases dating back to April first of last year.

This advance is the result of continued agitation by the clerks for the fulfillment of the award made by a Lennox Act conciliation board at Halifax in October, 1908. This award called for an increase to the clerks and for classification of those in this branch of the employ. A man was sent throughout the system to investigate and the clerks sent a delegation to Ottawa before the matter was finally settled. About three hundred clerks over the road will receive the increase.

The classification is made upon the basis of certain positions being held by each man, and not upon ability in itself.

There is a range of from ten to thirty per cent. in the increases. The clerks say that they are satisfied with the outcome.

### BOARD OF TRADE TO TALK IMPORTANT MATTERS

#### Full Meeting on Friday—Sanitization of Street Work and Opposes Bridge Scheme.

An important meeting of the Board of Trade council was held in the Prince William street rooms this forenoon, President Eastbrooks presiding. Matters brought before the council were the three leading questions now before the people of St. John, permanent pavements, the proposed harbor bridge and the suggested sale of the West Side wharves to the Canadian Pacific.

The members discussed each of these matters at some length and came to the conclusion that the subjects were of such a nature as demanded a real expression of opinion on the part of business men of St. John as represented by the full board. They felt that subjects of such importance should not be left to be dealt with by the council alone. It was decided to call a meeting of the board for Friday at three o'clock, when it is hoped that every member who can possibly arrange to attend will do so.

The Star learns that among the members of the council there is a strong feeling in favor of the permanent pavement proposition, that opinion is equally against construction of a harbor bridge at the present time, and that views are divided on the subject of the wharf sale, although it is felt the weight of opinion is against the proposed transfer. The council will also, it is believed, stoutly oppose the suggestion that the bridge matter be left to a plebiscite on the ground that under existing circumstances, there is not sufficient information before the people.

Owing to the executive cold the Boston and Montreal trains were both late this morning, the former being forty-five minutes and the latter an hour and a half behind time.
