

The General Education Fund should be increased, to enable the Committee to provide suitable accommodation for the increasing supply of students in the Seminary, and to create a sinking fund to wipe off the remaining debt upon our Institution.

Sabbath schools are multiplying, and many of them too feeble to dispense with the fostering care of the Board.

Urgent necessities demand an increase of the Infirm Ministers' Fund. To meet all these, your Board propose to the churches to raise this year at least \$3,000. They propose this sum, not as the full amount required, or as meeting either the obligations or the ability of the churches; but as an advance upon past years. Shall this sum be raised? How many will answer in the affirmative?

To assist the pastors and churches in certain sections, your Board appointed Bro. P. McLeod to spend a few weeks in advocating the claims of the Union. A more extended agency may be necessary; but your Board wishes to save expense in this connection as far as possible. If we would do so, the main reliance, of course, must be upon the pastors. United and vigorous exertion, in the strength of the Lord, will insure success.
