FAITHFUL DOG SAVES SOLDIER'S LIFE ON THE BATTLEFIELD

Man's most faithful friend, a dog, is playing a man's and a dog's part in the present war. But for doggie many a wounded soldier would have passed over before help could come. Here is the story of Tom.

Gaston Durand of the Thirtieth Infantry fell in one of the violent engagements in the Argonne forest, wounded in the arm by a fragment of a shell, with a bullet in his jaw, and nearly scalped by a blow from a sabre. He tried to rise, but a heavy weight fell upon him, and then he lost consciousness. The first thing he became aware of was a feeling that resembled a caress upon his forehead. He opened his eyes, and there was Tom, one of the ambulance dogs, affectionately licking his torn head. He tried to rise, but the heavy weight that had borne him down was still there. It was the body of one of his comrades, who had fallen with a bullet through his heart. Impossible to extricate himself, he finally succeeded in getting to a sitting posture. His cap was gone, and that explained why Tom had not come back to the ambulance for help. Durand looked, and Tom searched, but no cap was to be found. "Go, Tom," he fetch the comrades," Durand cried. A half hour later Tom went into camp, and seizing the first soldier's coat in his teeth, began tugging at them. Tom barked appealingly, but with no more effect. Finally he barked meaningly, with no result. Then the doctor came along. He understood, and Tom gave a yelp of joy when he realized that he had succeeded. Directed by him, the doctor and the stretcher-bearers soon found Durand hidden in a thicket, where probably he would have passed unnoticed until he had either starved or died from his wounds, had it not been for Tom.

They lifted the dead man off, carried Durand back to the ambulance,

and, notwithstanding the gravity of his three wounds, he is now mending, all thanks to Tom.

Tom is not alone in his good work. Hundreds of Toms, Dicks, Hans, Louis and Ivans are at work. Wherever there is a battlefield and men being killed, the dog, like the ambulance man and the nurse, is hard at work to save what men have tried to destroy. And the supreme beauty of the dog's work is that doggie knows only a wounded man in need of help; doggie knows nothing about Germans, or French, Russians or British or Austrians; he knows a man in trouble. The dog, in feeling, is the only real neutral on the battlefields. In the fighting round Liege a Belgian good dog was wounded in the leg at the same time one of the Germans was wounded in the face, and after the battle they were seen returning. The soldier had the dog in his arms and the dog was affectionately licking the wound in his master's face. Hundreds and hundreds of lives have been saved by dogs in this war and not one instance has been noted where the dog summoned help for a dead man; dogs know the difference between men in desperate need of help and men past all human assistance. In some cases where the soldier's cap could not be found, the dog has torn open his knapsack and hunted out something that he could carry back to show that he had made a discovery.

The sheep dog is prepared for this service by the Germans, French and Belgians. The British prefer the intelligent Alredale terrier, which, it is claimed, is steeper in the rear of battle. The Alredale can do with little sleep and can go for a long time without food or water. At the outbreak of war Germany had 2,000 trained sheep and Alredale dogs. Every Russian regiment has thirty dogs trained mostly for outpost duty. One of the happy facts of the war is everywhere in the fidelity and intelligent, perfect service of the dog.

UNIQUE ART EXHIBIT TO BE MADE HERE

Eighty pictures by Canadian artists to be shown here—Proceeds for Patriotic fund.

At a meeting of the executive of the Patriotic Committee held yesterday afternoon arrangements were made for an exhibit of pictures, the proceeds from which exhibit will go to the Patriotic Fund. Canadian artists have presented about eighty pictures to the National Patriotic Committee which are being exhibited in various Canadian cities, and which will be sold to the highest bidder. At the meeting yesterday a letter was read from W. S. Fisher, president of the St. John Art Club, stating that that institution would help in the matter and that its rooms would be available for the exhibit of pictures. Judge Forbes presided at the meeting, and a committee was appointed to make arrangements for the exhibit and the sale of tickets. This committee is composed of W. S. Fisher, Geo. R. Kimball, Wm. Bell, R. T. Hayes, C. B. Allan, Richard Sullivan, R. E. Armstrong and Judge Forbes, with power to add. The business of this committee will be to interest the public in the art exhibit and try to distribute tickets. They will also be expected to interest the co-operation of the Ladies' Auxiliary.

It was suggested that the photos by Notman of the first contingent at Valcartier should be included in the exhibit and this matter will be taken up by the committee.

Thomas Bell was appointed auditor of the accounts of the local committee.

The pictures which are now in Halifax are expected here on the 12th inst.

REMARKABLE HERRING SCHOOLS IN PACIFIC

Every summer there is a remarkable run of herring on the north Pacific coast. These fish come in such shoals that they seem a solid moving mass. They crowd into the inlets and sheltered bays and can be taken in millions by the simplest means. Men and boys on the Grand Trunk Pacific dock at Prince Rupert haul them out in ship buckets, wire waste paper baskets, and similar utensils, which, with rope attached are thrown into the water and allowed to sink below the surface, then hauled in again full to overflowing with lovely herring. But a better idea of the density of these schools of fish is afforded by the fact that fishing lines with hook attached can be sunk in the water, and pulled out instantly with just as many fish as there are hooks, be there a dozen or fifty.

Tons of these herring are taken by the fish companies and frozen in bulk for use as bait for the halibut fishery. They are an excellent table fish, and there ought to be a profitable market for them in the interior. As yet comparatively few of them are shipped, though dealers are now calling for them. Fishermen say the herrings keep the bays to escape the whales, which prey on them in certain localities during their migrations.

10 CENT "CASCARETS" STRAIGHTEN YOU UP

Tonight! Clean your bowels and end headaches, colds, sour stomach.

Get a 10-cent box now. The rats out—the headache, biliousness, indigestion, the sick, sour stomach and bad colds—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter from the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sickens.

WASHEE, WASHEE.

NEW YORK GIRL MARRIED TO MARSHALL FIELD.

MRS. MARSHALL FIELD.

Before her marriage to Marshall Field, heir to one of the greatest of American fortunes and grandson of the Chicago merchant of that name, Mrs. Marshall Field was Miss Evelyn Marshall, daughter of Mrs. Charles H. Marshall, of New York. The wedding, which took place at the home of the bride's mother, was a surprise to many of their friends, as both had been so ill that they were confined to their beds under the care of a physician.

Cunard Liner Flies Neutral Flag While Clearing Irish Sea

Passengers Say the Orduna Flew the Stars and Stripes for 24 Hours—Captain Has Orders From Admiralty Not to Discuss Matter.

New York, Feb. 10.—Officials of the Cunard Steamship Company admitted tonight that the steamer Orduna, which arrived in this port from Liverpool today, flew "a neutral flag," for a time, while she was clearing the Irish coast. This statement was made after a number of passengers on the British liner had declared that for nearly 24 hours, on January 31, she flew the Stars and Stripes, while passing through the Irish Sea.

These passengers asserted that the American flag was flying at, indicating the nationality of the vessel. On behalf of the line a denial was made during the day that the Orduna had flown the flag, except at the foremast, it being explained that it was customary for all ships to do this to indicate the country for which they are bound.

Captain Thomas M. Taylor, in command of the Orduna, declined to make any statement. He said that he was under orders from the British Admiralty not to talk.

The statement given out late today at the offices of the Cunard Line simply referred to a neutral flag having been flown and did not specify the nationality. The statement said: "Orduna left Liverpool flying English flag at stern and United States flag, as customary, at the fore. After leaving Bar Lightship all flags were lowered. After leaving Queenstown, for about an hour and a half or two hours, she did fly a neutral flag, while she was clearing the Irish coast."

Officials of the line declined to amplify this statement.

TALK OF GERMAN INVASION OF CANADA ALL MOONSHINE, EX-PRES. TAFT SAYS

Toronto, Feb. 10.—Former President W. H. Taft, arrived here today for a stay of two days, during which he will deliver several lectures and addresses. Mr. Taft refused to say anything about the attitude of President Wilson and his administration towards certain phases of the present war, but, "speaking generally," he said: "I support their attitude of neutrality."

Mr. Taft said: "Talk about a German invasion of Canada from the United States is all moonshine. I do not think the war feeling will have any effect on politics in the United States."

FOUND SENTIMENT IN NEW ORLEANS IN FAVOR OF ALLIES

Toronto, Feb. 10.—Hon. Mr. Justice Riddell, who represented the Province of Ontario at the recent celebration of the hundredth anniversary of the Battle of New Orleans, and of One Hundred Years of Peace, which took place in the City of New Orleans last month, in the course of a report to the Ontario government, states that in the city, the British and American flags were displayed everywhere, and the strongest feeling of friendship towards Canada and the Empire was evident.

He says he found that the overwhelming sentiment was in favor of the allies.

RAILWAYS HELP IN PRESERVATION OF FORESTS.

The Canadian Forestry Association has just expressed to the railways its appreciation of the assistance rendered to it by the various lines. In a letter to Mr. G. T. Bell, Passenger Traffic Manager of the Grand Trunk System, the Secretary, Mr. James Lawler, says that but for the help so freely given the work of the association in promoting forest protection would have been greatly curtailed.

Last year the different governments in Canada spent considerably over one million dollars in forest protection and administration, chiefly in fire protection. Lumbering and railway companies and private individuals spent half a million more. This included trail and telephone-line building and the introduction of oil-burning locomotives, such as those ordered by the Grand Trunk Pacific Railway for use on the new Transcontinental route between Prince George and Prince Rupert.

TO SEND CARGO OF WILHELMINA TO PRIZE COURT

British Foreign Office decides—Steamer may leave Falmouth as soon as cargo discharged.

London, Feb. 10, 6.55 p. m.—The British Foreign Office, after an inquiry, has decided that the cargo of the American steamer *Wilhelmina* must go through a prize court. The ship may depart from Falmouth as soon as the cargo is discharged.

It is officially confirmed that the *Wilhelmina* was neither conveyed nor ordered into Falmouth, but was compelled to make that port because of damage suffered in storms while crossing the Atlantic.

Washington Will Wait Until Cargo Goes into Prize Court.

Washington, Feb. 10.—The State Department will take no action in the case of the *Wilhelmina*, unless the ship's cargo is taken before a prize court, which will determine its exact character and liability to confiscation. In dealing with the case the prize court is expected to define the British position regarding the shipment of food supplies in neutral bottoms to the ports of a belligerent power, and pass upon the difficult question raised by Germany's declaration that it would take the home grain supply.

ATTACK BY GERMAN SUBMARINE ON SHIP CARRYING REFUGEES

French Govt. makes report on torpedoing of merchant ship carrying women and children.

Paris, Feb. 10.—The French government today made public the result of the inquiry ordered by the Minister of Marine into the torpedoing of the French merchantman *Amiral Ganteaume* on October 26, 1914, and gave no representatives in Paris of the neutral powers copies of the memorandum. The vessel, when struck by a German submarine, had on board 2,600 refugees from Belgian and French coast towns.

The report says the attack was committed by a German submarine without warning or stopping. It asserts that the attack was made on an undefended merchantman carrying women and children and old men, who were refugees. The attack, it is contended, was without military or naval utility and was only "the murder of inoffensive individuals."

The report scores the methods of the German submarines and says the government of the republic believes it is acting in the common interests of the civilized world in bringing these facts to the attention of the other governments.

CASHIER WINS IN PISTOL DUEL WITH TWO BANK ROBBERS

Cincinnati, Ohio, Feb. 10.—A pistol battle between Cashier William Cross of the Mohawka German Banking and Savings Company, of this city, and two men who attempted to rob the bank today resulted in the death of one of the robbers. Cross was uninjured although the robbers first fired when within a foot of him when he made a grab for his pistol after being ordered by the cashier to throw up his hands. Following the first shot, the robbers grabbed a handful of bills lying on the cashier's desk and darted through the door. Cross followed, firing and one of the men dropped with a bullet in his head. He was removed to a hospital where he died shortly afterwards. The other robber escaped.

Disturbance Quelled.

On Tuesday night Patrolman Cowan was called into Walter Niles' house on Winslow street, West End, to quell a disturbance.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Your hair gets soft, fluffy and luxuriant at once.

If you care for heavy hair, that glimmers with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderuff. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Danderuff at drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderuff. It eventually—why not now?
