## American League Pennant Winners Very Confident

### Manager "Kid" Gleason and Twenty-Three Members of White Sox Left Chicago Last Night for Cincinnati—First Game Tomorrow

Chicago, Sept. 29.—Manager "Kid" Gleason and twenty-three members of the Chicago White Sox, American League pennant winners, left here tonight for Cincinnati, where they will meet the Cincinnati Reds Wednesday and Thursday in the first two games of the World's Series. Every man on the team was declared to be fit for the championship games and each expressed himself as confident that the Sox would come back to Chicago Friday with two game leads on their national league rivals.

Manager Gleason has given his team as complete rest since they clinched the pennant several days ago. In the final three games of the season, each of which resulted in a defeat for the Chicagoans, the line up was made up mostly of substitutes and the regulars played such indifferent ball that they were boxed and hit by many fans at yesterday's game.

A practice had been planned for today, but the Reds' rain of last night put Comiskey Park in such a shape that it was thought best to call off the practice and let the ground crew work on the park getting it ready for the first game here Friday. Gleason and his players held a conference this afternoon, however, making their final plans for their invasion of National League territory.

Tomorrow the team expects to take a short workout in Cincinnati, either at the Reds' park, or if the Reds use it, at some amateur field.

While no definite announcement has been made, the White Sox players are sure that Gleason will pick Eddie Egan to hit the opening game, with Claude Williams as the likely nominee for the second contest. Gleason said that the team would not say whether the right hander or the south paw would be his first choice. Both are said to be in excellent shape, Egan having recovered from the soreness which troubled his arm the latter part of the season.

Louis Comiskey, son of the owner of the White Sox, did not accompany the team tonight. He is reported seriously ill, threatened with appendicitis, and probably will not witness any of the games. Arrangements have been made for hundreds of fans to leave tomorrow for Cincinnati, only a few newspaper men accompanying the team tonight.

## PASSENGERS FOR XMAS SAILINGS

### Passenger Officials State That There is Every Indication That Ships Bound for England Will Be Booked up Long Before They Clear.

The White Star Dominion Line has announced its Christmas sailings as a result of many applications already received. These will be from Portland and Halifax. The Canada will sail from Portland on December 6 and from Halifax on the 7th, while the Megantic will sail from Portland December 13 and from Halifax on the 14th, both vessels reaching England in ample time for the Christmas season. Warning had been issued that intending passengers had better book up early, as already there has been a lively demand for accommodation on these boats.

The C. P. O. S. Christmas sailings are: The Empress of France from Quebec, November 25; The Metagama, from St. John, December 4; The Metilia, December 5, and the Minnow, December 12th. It is stated by the passenger officials that there is every indication these vessels would be booked up long before they cleared.

## AN ANCIENT CASE WAS DISMISSED

### Liquor Case Brought Against Truffin and Dunlop June 2 Last Dismissed — Drug Company Case Again Postponed — Thirteen Drunks Remanded.

A case for alleged infraction of the Prohibition Act which was brought up on June 2 last against Truffin and Dunlop, who ran a store and lodging house at 20 Pond street, was dismissed by Judge Ritchie yesterday afternoon, he considering that there was not sufficient proof that the liquor found in the room at the rear of the store belonged to the defendants. The much-prolonged case against the Bravery Drug Company was again postponed until next Monday afternoon as Chief Inspector Wilson, for a prosecution, was not in the court. Thirteen drunks, arrested the previous night, appeared at the morning session and were remanded as none had sufficient funds with which to pay the usual fine.

## ON SERIOUS CHARGE.

William London was arrested last night on a warrant and is charged with obtaining money under false pretences.

### Mr. Dudley Choked Down in Third Heat of Two Year Old Futurity, Fell Into Fence and Was Killed.

Lexington, Ky., Sept. 29.—The opening day of the meeting of the Kentucky Trotting Horse Breeders' Association furnished as the feature the two-year-old division of the Futurity, in which Natalie the Great was first choice. In the first heat the favorite went away in the lead and won with Mr. Dudley forcing her to the limit. In the second heat the black gelding forced the issue, and when the filly went to a break he came on to win by a length. In the third mile the field was hunched, with Natalie the Great leading on the far turn, where Mr. Dudley choked down and falling into the fence was killed by a sharp point of a plank, the heat going to Day Star, which had gained on the leaders in the stretch.

## WEDDINGS

At the Anglican Church, Penfield, Charlotte County, former Lieut. Charles Farling, of St. John, and Miss Lilian H., daughter of Mr. and Mrs. H. C. McKay, were married on Wednesday afternoon. Rev. J. Spencer, of St. George, was the officiating clergyman.

Following the ceremony the bridal party repaired to the home of the bride's parents, where supper was served. A beautiful and varied assortment of presents testified to the popularity of the bride. Later on the happy couple motored to their home, 39 Sewall street.

There was a large attendance at the ceremony and supper, also from the outside districts. Among those from St. John were Mr. and Mrs. H. C. Vanwart, Mr. and Mrs. W. H. Christopher, W. P. Smith, Louis H. Lingley, Robert F. Duncan, W. V. Davidson, George P. Black and Roy Davidson.

Cook-Cochrane. At the residence of Mr. and Mrs. Wallace P. Butterfield on Sept. 20th, Miss Grace M. Cochrane, sister of Mrs. Butterfield, was united in marriage to Harry A. Cook, of Edmonton, Alta., formerly of Fredericton, N. B. The groom is a member of the Linsay Lumber Co., with headquarters at Edmonton. The bride is a daughter of the late George K. Cochrane, of this city. Since graduating from Fredericton High and Normal Schools she has been teaching in Tynaghore and Quincy, Mass. Mr. and Mrs. Cook live for their home in Edmonton, visiting the principal Canadian cities en route.

## CHINESE SUNDAY SCHOOL.

At the Central Baptist Church last evening members of the Chinese Sunday School gathered to say good-bye to three their comrades who are leaving shortly for China. Refreshments were served during the evening. There are about twenty-eight scholars at this school, and a teacher for each scholar, under the supervision of Mrs. R. D. Christie.

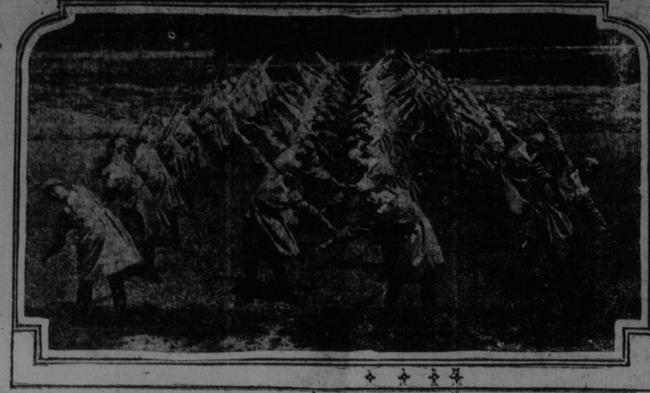

## ASK WATER AND SEWERAGE.

A request for extension of the water and sewerage services in the vicinity of Mount Pleasant Court, has been received from Armstrong and Bruce, who advise that they are preparing to erect in the rear of Mount Pleasant avenue three frame houses of the double tenement type. Plans showing the proposed extension are being prepared for consideration of council.

## FIVE DRUNKS ARRESTED.

The police managed to gather in five drunks last night. When arrested one of the prisoners was carrying a live rooster as well as an uncomfortable jag.

## Y. W. C. A. GIRLS EXERCISING IN THE OPEN AIR

Great benefit has been derived from the exercises which young girls go through in the various Young Women's Christian Association centres throughout the country. The open air work has proved an excellent method of building up stronger and more healthful young women.

## Barry And Felton Matched For Race

### Will Row on Thames for Championship of World and \$5,000.

Ernest Barry, the professional sculler, defeated opponent younger and heavier than himself—indeed, he has yet to lose over the Putney-Mortlake course—on October 27, starting at 2:15 p. m. Articles to this effect were signed recently.

The Australian and his supporters stood out for a change from the usual time of starting, and Barry, in conforming to their wishes, would appear to have made a most important concession. Barry has previously not only defeated opponents younger and heavier than himself—indeed, he has yet to lose over the Putney-Mortlake course—but all these races were started an hour before high-water, when the sculler, of course, would derive the maximum assistance from the tide.

Barry is equally at home in rough or smooth water, but in Putney he will be meeting a younger man who is blessed with a very fine physique. Felton's backers were smart in insisting that the sculler, of course, would derive the maximum assistance from the tide. Barry is equally at home in rough or smooth water, but in Putney he will be meeting a younger man who is blessed with a very fine physique.

The Englishman is a brilliant sculler; there is little or nothing he does not know about the management of a boat, and he drives his shell through the water at a fine pace, and so far has never shown the least sign of "cracking" under the strain.

There will be many critical eyes on the rivals during the training stages, and particularly on Barry. The Englishman who has done so much to raise the tone of professional sculling, has, of course, done no racing for several years, and it will be interesting to see if he can find the form which made him invincible before the war.

## THE ROTARY CLUB.

At the Rotary Club yesterday Rev. F. S. Dowling spoke on the relation of college education to the nation at large. The resolution moved at last week's meeting by R. E. Armstrong, secretary of the Board of Trade, was passed unanimously at Monday's meeting. The resolution calling on the club for united effort in the advancement of the city, to make known its splendid harbor accommodation, to arouse a spirit of co-operation among citizens and the suppression of carping criticism. Mr. Armstrong and Commissioner Fisher spoke in favor of the motion.

It was decided to send a delegation to attend the Rotarian convention at Augusta, Me., next month. It was also decided to set aside the next meeting of the club for the discussion of civic subjects.

## Claims Dandruff Will Cause Baldness

If you have dandruff you must get rid of it quick—it's positively dangerous and will surely ruin your hair if you don't. Dandruff heads mean faded, brittle, gray, scraggly hair that finally dies and falls out—new hair will not grow—when you are bald and nothing can help you.

The only sure way to abolish dandruff for good is to destroy the germ that causes it. To do this quickly, surely and safely, and at little expense, there is nothing so effective as Parisian sage, which you can get from any druggist everywhere. It is guaranteed to banish dandruff, stop itching scalp and falling hair, and promote a new growth, or the cost, mailed as it is, will be refunded.

Parisian sage is a scientific preparation that supplies all hair needs—an antiseptic liquid neither sticky or greasy, easy to apply, and delicately perfumed.

If you want beautiful soft, thick, lustrous hair, and lots of it by all means use Parisian sage. Don't delay—begin tonight—this situation now insures abundant hair for years to come.

## COMMON COUNCIL MET IN COMMITTEE

The city commissioners in committee yesterday decided to have a cruise made of the city's timber lands in the vicinity of Grand Bay, with the view of putting the growth up at auction. Two tenders for granite curbing were received and referred to the commissioner of public works, B. Mooney and Sons, Ltd., asked \$1.85 for straight and \$2 for curved stone. The price for the stone delivered on the street was \$1.95 and \$2.10. R. W. Hanington asked \$1.95 for straight and \$2.03 for curved stone delivered on the street.

Commissioner Bullock was granted permission to sell in fee simple to W. C. R. Allan, for \$600, lot 4, in block 6 on the Manawagonish Road. The commissioners also decided that the federal government would not be responsible for damage that might occur in dredging city berths. This is the usual agreement for work of this nature.

## World's Series Ticket Selling

### Reserved Tickets Being Taken up by Fans—Each Person Got About a Fifth of What Was Asked for.

Chicago, Sept. 29.—Thousands of world series ticket seekers flocked to Comiskey Park today seeking tickets for which they had made reservations only to find that in most cases each person was being awarded about one-fifth the number of admission tickets applied for. With applications for the tickets running up to the hundred thousand mark—the greatest in the history—the White Sox management found it necessary to cut virtually every order and throw out thousands of others. Persons applying for ten tickets in most cases were awarded two and other applications were filled in proportion.

The White Sox did not hold practice this morning because of work being done on the field in preparation for the games here, but this afternoon manager Gleason held a meeting of the players at which final plans for the opening game at Cincinnati Wednesday were discussed. The team will leave for Cincinnati tonight.

Jack Johnson, former heavyweight champion of the world, knocked out Kid Culler in the sixth round of their scheduled 20-round bout at Mexico City on Saturday. Following one of the preliminary bouts, a quarrel ensued over a decision rendered by A. Sarab, the referee, and Sarab drew a revolver and dangerously wounded Miguel Mendizabal, one of the judges.

## Rowing Machine For Y. M. C. A. Gym.

### J. Fred Belyea Will Tour Province in Interests of the Revival of Rowing.

In line with the growing interest in rowing, it is reported that the Y. M. C. A. is negotiating for a rowing machine. It is understood that Fulton Belyea, amateur champion single sculler of the Maritime Provinces, will soon become a member of the Y. M. C. A. and will be prominent in the promotion of rowing in that institution.

It was said yesterday that Water street, West Side, will have two crews in training next spring, and that this winter they will have two four-oared shells built. It was also reported that Harry Belyea, who rebuilt the single shell used by Robert Belyea in the Shediac races, will build at least one new boat, probably a four-oared shell, this winter.

J. Fred Belyea stated yesterday that he would tour the province soon in an effort to increase interest in rowing throughout New Brunswick, and that should be able to create sufficient interest in aquatics and get some orders for racing shells, he will establish a factory in the west end.

Owing to the lateness of the season, it has been decided not to hold a regatta here on Thanksgiving Day.

## TOO BUSY TO ROOSEVELT

Epigrams and gems of the late Theodore Roosevelt never before become public haunts by Joseph Bucklin the great American biographer his pursuit of the 150,000 which Mr. Roosevelt wrote of public career. Intimate correspondence between the one-time president and Sir George Trevelyan, O. M., English statesman and the friendship covering a quarter of a century, is contained in a letter by Mr. Bishop in the number of Scribner's Magazine.

Mr. Roosevelt's opinion of average American multi-millionaires is not a very high one, but the article contains some passages quoted in another Roosevelt explains that about his work meant fear of a nation.

Mr. Bishop's paper, the series, entitled "Roosevelt Trevelyan," reveals the man Roosevelt as "an insatiable workaholic," his warm sympathy for the poor and his knowledge and acquaintance with the literature of the day. Even amid the care of his presidency, Mr. Roosevelt maintained a regular correspondence with leaders of literary and art life both in this country and abroad. In Sir George Trevelyan's biography of the historian Macaulay, a man singularly reserved in his own intellectual tastes and in his correspondence.

When he was governor of New York and continued until a few months before Mr. Roosevelt's death. "I certainly would not be holding the presidency at the time of the letter which you refer to," he wrote to Sir George on May 28, 1904. "I had much to do as a real president for three years and half than a figurehead for seven and a half. I think I can say that I now have to my mind a more substantial achievement than the rest must take care of it."

Statements and apothegms are collected in a book which is being reproduced for the first time in a new paper.

"A great few people owe their lives to the powers of the pen. Unfortunately for us, we do most of the historic text."

## TO RETURN SAYS JAPAN THE

New York, Sept. 27.—The 1000 passengers on board the ship of the Canadian line, which left yesterday from Liverpool, via fax, included the largest number of British tourists ever to visit America, gathered on the ship, and were comparatively so few as to New York that has this port in some time. Mr. Easting, among the passengers, is a group of Japanese diplomatic commercial experts, who have in Europe in connection with a peace conference and the discussions incidental to the signing of the treaty question. One of these was a prince, but this phase of his identity was not confirmed. Another was the head of a Japanese shipping, with an illuminating Japan's future plans for aggression. The voyage was especially interesting to the crew of the Germania brought overseas, far more than three thousand people who had performed tasks behind the lines of "labor regiments."

Lieutenant Duncan Collins, who was taken to the beauty of Baltimore before the young British arm returned after a few months in England, where the lieutenant's discharge from military duty. Their son, Sandy, was with the "Gallies" and was especially in Baltimore, Washington, D.C., and will take up residence at the latter place. The son was on General White during the British recruiting of the United States and Canada.

## THERE IS DANGER OF TENDER

To preserve healthy teeth, many tooth-pastes are little. The first care for the gums, on which health depends. How many people think Yet four out of five people suffer from gum-decay, or (Riggs' Disease).

At first the gums become though actual gum-shrinkage perceptible. But in time the gums will surely loosen your teeth then only a dentist can save the tender, bleeding gums of the disease germ to enter the infecting joints or tonsils of other ailments.

Forhan's (For the Gums) Forhan's, if used in time, is constant. This means a permanent gum-shrinkage, gum-teeth-bleeding. So, autumn Forhan's prevents tooth loosening. Brush your teeth with it. It typically cleans the teeth—keeps white and clean.
