

SAYS AMERICA MADE WAR TO SAVE ENGLAND

Fear That Great Britain
Would Lose, Count Tar-
nowski Says, Prompted
Action.

Berlin, Nov. 4.—The fear that Great Britain would lose the war when the unrestricted submarine campaign became menacing, was the cause of America's entry into the war, Count Adam Tarnowski von Tarnow is quoted as having declared on his return from the United States in the spring of 1917.

The quotation appears in a statement made by Prince Botho von Wedel, former German Ambassador at Vienna, who saw Count Tarnowski on his return to Vienna after he had been sent to the United States early in 1917 as Austro-Hungarian Ambassador, but was not received by the Washington government and was sent home when relations with Austria were broken early in April of that year.

"Count Tarnowski told me upon his return to Vienna," said Prince von Wedel in his statement, "that the Americans at first were inclined to smile at the unrestricted U-boat warfare. They generally ridiculed the German navy, which hoped to conquer the British fleet by such methods. As the number of vessels sunk increased, however, the mockers grew silent and Americans generally became restive."

"Gradually the conviction became firmer that the United States would be forced actively to enter the war in order to rescue England. It was not the fact that the U-boat war was a success, but the fear that England would lose the war because of it, that prompted the American declaration of war."

Prince von Wedel adds his opinion that in view of Count von Tarnowski's statements the mediation of the United States for peace would most probably have taken on a pro-English anti-German aspect.

Baron de Weizsacker, former Minister-President of Prussia, in his recollections, which are appearing in a German review, declares he prevented the passage in the session of the Bundestag Commission on January 16, 1917, of a resolution approving unrestricted submarine warfare. On February 12, after the break in relations with the United States, he says, he addressed a communication to Chancellor von Bethmann-Hollweg on the subject, and the Chancellor replied:

"The success of the U-boat campaign thus far exceeds expectations. My confidence in it is increasing. We could not have done differently." The Chancellor concluded his reply by declaring: "At this stage of things the advantages of the U-boat campaign are already greater than its drawbacks."

That Frederick Courtland Penfield, former American Ambassador to Austria-Hungary, was violently anti-German after the outbreak of the world war in 1914 was common knowledge in Vienna, Prince von Wedel stated.

Knowledge of the American Ambassador's anti-German sentiments, says von Wedel, became known because of the Ambassador's conduct. Mr. Penfield is reported by von Wedel constantly to have said:

"We have nothing against Austria-Hungary, but Germany must be crushed."

D., and Nathaniel G. Dougherty, of this city, were married by Rev. J. S. Sutherland. The bride was the recipient of many beautiful presents, particularly from the various women's organizations in this city in which she has taken a prominent part. "SKIN THE CAT"

But if you won't exercise vigorously you must take "Cascarets."

There is nothing like bending exercises, taking long walks or chopping wood to keep the liver and bowels active, but most folks take their exercise in an easy chair. Such folks need Cascarets, else they suffer from sick headache, sour acid stomach, indigestion, colds and are miserable. But don't stay bilious or constipated. Feel splendid always by taking Cascarets occasionally. They act without griping or inconvenience. They never sicken you like Calomel, Salts, Oil, or nasty, harsh Pills. They cost so little too—Cascarets work while you sleep.

JAPAN'S ERROR AT PEACE CONFERENCE

Privy Council Member Says
It Was a Mistake to Raise
Racial Issue.

Tokio, Nov. 5.—Japan made a mistake in raising the racial issue at the peace conference in Paris, it was declared at yesterday's meeting of the Privy Council by Viscount Kiyoura, head of the special committee of the council which examined the German peace treaty. He was criticizing the Government for the failure he declared had been scored by Japan at the conference.

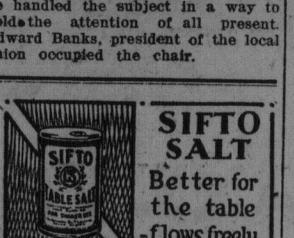

Speaking on behalf of his fellow committee members, says the report, Viscount Kiyoura laid especial blame upon the Government for having raised the racial question, declaring such action was untimely and inadvisable. He added that the Government apparently had negotiated on this question before hand with the American delegation, but had omitted to consult the representatives of Great Britain. Japan's ally, the withdrawal of the racial clause had produced an awkward situation, the Viscount added, even apparently having resulted in the distinction between Japanese and negroes being ignored. He also regretted that the Japanese delegates had failed to insist upon Japanese occupation of the South Sea Islands. The League of Nations had recognized the American Monroe Doctrine he pointed out, and it was a matter of regret that the delegates had made no efforts to secure the recognition of Japan's special position in the Far East. Furthermore, he said, the delegates ought to have protested against the proposal to try the former German Emperor.

The text of his address was principally about the famous Mooney case and he handled the subject in a way to hold the attention of all present. Edward Banks, president of the local union occupied the chair.

Moncton, N. B., Nov. 5.—A telegram received by the C. N. R. officials today states that Arthur Moyle, who was transferred to the Quebec shops from Moncton last August, died in the South Sea Islands. The League of Nations had recognized the American Monroe Doctrine he pointed out, and it was a matter of regret that the delegates had made no efforts to secure the recognition of Japan's special position in the Far East. Furthermore, he said, the delegates ought to have protested against the proposal to try the former German Emperor.

Bal Poudre To Be Held By Chapter

DeMonto I. O. D. E. Made
Splendid Donations at Their
Meeting Held Yesterday—
Strongly Protested Against
Destruction of the Court
House.

General donations to a number of worthy causes were voted at yesterday morning's meeting of the DeMonto Chapter I. O. D. E. held in the Government Rooms, Prince William street. The regent Mrs. G. K. McLeod presided and there was a large attendance of members all of whom are enthusiastically taking up the work of the Order.

The sums voted were as follows: \$200 to the Protestant Orphan's Home; \$25 for Christmas boxes to be sent to France and \$10 for prizes to be given in the Public Schools at Christmas.

A well written report of the quarterly meeting of the Provincial Chapter I. O. D. E. held at Moncton, was given by the secretary, Mrs. A. W. Adams. Plans were made for the annual ball which will take place the last of December, and which this year will be a Bal Poudre.

It was reported that several members of the Chapter had canvassed for the Navy League Campaign with marked success.

A resolution strongly protesting against the tearing down of the walls of the Court House was unanimously passed and will be sent to the Municipal Chapter.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

The Lords of the Admiralty, London, have issued an order under date of 2nd October, that the Naval Flag or White Ensign must not be used either ashore or afloat by any private person, but must be flown only on His Majesty's ships, Naval Establishments or Naval barracks. This means, therefore, that anyone using this flag is liable to a penalty, as it is and has always been a distinctive Naval Flag. Any persons may, of course, still fly the Union Jack ashore, but not afloat.

Case in Chambers.
The case of the Bank of Nova Scotia vs. H. H. Hatfield, of Hartland, was resumed in Chambers before Judge Chandler yesterday morning. The defendant concluded his evidence at 12.30, and Mr. Scott, of the Hatfield firm, took the stand. The court resumed in the afternoon with Mr. Scott under examination. M. G. Teed and W. H. Though Very Common It is a Serious Disease—Worse at This Season
It is an inflammation of the mucous membrane, causing a discharge, and is aggravated by colds and sudden changes of weather, but depends on an impure condition of the blood. When chronic it may develop into consumption by breaking down the delicate lung tissues and impairing the general health. Begin treatment with Hood's Sarsaparilla at once. This medicine purifies the blood, removes the cause of the disease, and gives permanent relief. It has been entirely satisfactory to three generations. If a cathartic is needed take Hood's Pills—they cleanse the liver, regulate the bowels. Jones and M. L. Hayward for the assistants
