**SUN LIFE SHOWS BIG
GAINS IN ALL LINES.**
Several new and interesting records
in the insurance business were made
by the Sun Life Assurance Co. of Can-
ada during 1919. The 49th annual re-
port of the company has just been pub-
lished and shows that the new busi-
ness actually issued and net for dur-
ing the past year was \$36,548,850, or
being an increase of \$34,967,457, or
67.7 per cent. over 1918. The tremen-
dous business of the Sun Life will be
realized when it is stated that appli-
cations for new insurances retained
during 1919 exceeded one hundred
million dollars. The figure creates a
distinct record in the insurance busi-
ness of the Dominion, as no Canadian
company has ever before approached
this total.

DEPARTMENT
The Board of Inland Revenue have
drawn up their plan for a tax on war
fortunes, which the Daily Express has
advocated for nearly a year. Their
scheme will be put before the Select
Committee of the House of Commons,
which held its first meeting yesterday.
Briefly, the plan is to ascertain the
difference between the wealth of indi-
viduals in June 1914 and June 1919,
and to impose on the increase a grad-
uated "war levy," with tax-free al-
lowances for special savings.
In the opinion of the Board the war
fortunes amount to more than £5,
250,000,000.
One scale suggested for the tax
would yield about \$1,000,000,000. It
is suggested that there should be dis-
cussions as to the increase in grad-
uated penalties for attempted evasion, in-
cluding imprisonment—London Ex-

**STOMACH AND
LIVER TROUBLE**
Once the liver fails to filter the
poisonous bile from the blood, there
is a clogging up and poisoning of the
whole system which causes many
troubles to arise. Therefore, upon the
liver, more than any other organ of
the body, depends the general health.
Carelessness and neglect, and often-
times, wilful disregard of nature's laws
will put the system out of sorts. The
bowels become constipated, the liver
inactive and the stomach upset. To
bring the system back to its normal
state, you should take Milburn's Laxa-
Liver Pills. They live up to the pro-
prietor's name and put the system
back to normal and tone up the stomach.
Mrs. G. L. Cackett, Enchant, Alta.,
writes:—"I have used Milburn's Laxa-
Liver Pills and have found them good
for both stomach and liver troubles.
I have told others about your valuable
medicine and they have used them
with good results."
"They are also good for headache."

OBITUARY
Judge Emery Grover.
Special to The Standard.
Dedham, Mass., March 5.—Judge
Emery Grover, 75, Maple street, Need-
ham, Justice of the District Court of
Northern Norfolk since his institution
in 1898, dropped dead today of apoplexy
in a street car in Memorial
Square. Judge Grover was on his way
to court, and was accompanied by
Samuel H. Wragg, a Court officer. As
he arose to leave the car he fell back
into his seat. He was removed to
Dedham police station. Dr. Andrew H.
Rodgson was summoned, and upon ar-
rival said that death had been in-
stantaneous.

St. Stephen, N. B., March 7.—Rev.
Charles G. McCully, one of the best
known clergymen of the Congrega-
tional denomination in the New Eng-
land States, died at his home in Calais
Saturday evening at the advanced age
of eighty-seven years. He was a na-
tive of New York State and in young
life had traveled extensively, sub-
sequently delivering interesting lec-
tures on lands that he had visited.
He was pastor of the Congrega-
tional Church in Calais from 1876 to 1908
and since then had been pastor emer-
itus of that congregation, beloved and
honored by old and young. Before go-
ing to Calais he was pastor of the
church at Milltown, N. B., and there-
fore, a resident of the St. Croix Val-
ley for half a century. He was an
able preacher and was a frequent and
welcome incumbent of nearly all the
Protestant pulpits on both sides of
the river. His wife was Miss Fannie
Porter, of St. Stephen, who predeceas-
ed him about six years. One daughter,
Miss Emma McCully, and a sister,
Miss Emma McCully, and a sister,
who made her home with him, survive.
The funeral service will be held Tues-
day afternoon, interment being made
in the St. Stephen cemetery beside
the remains of his wife.

death occurred this morning of Mar-
tin S. Lyons, of Calais, Maine. He has
for years been proprietor of Sunny-
brook Farm, and was a prominent
member of the Grange. He leaves be-
sides his wife, two daughters and four
sons.

**Messages From The
Book of Revelation**
Rev. Dr. J. A. Morison Gives
Second of Fine Sermons on
Lessons to be Found in the
Last Book of the Bible.

"Sweet are the uses of adversity,"
repeated Rev. Dr. Morison as he be-
gan his second discourse in the New
Series dealing with Our Lord's Mes-
sages to the Churches as recorded in
the Book of Revelation. Of course the
immediate person concerned was St.
John the author of the last Book of
the Bible who for his attachment to
Christ had been banished as a slave
to the lonely island of Patmos. "But
man is immortal till his work is done,"
continued the preacher. John in spite
of his banishment managed to get his
book written and it is one of the
greatest books in the whole sacred
volum. The great Biblical scholar,
Bengel, once declared that every Gos-
pel ministry ought to begin with a
reading of the words of this
book, and, no wonder, he did, for
here even in these few verses (Chap-
ter 1, verses 10-16) at least three of
the greatest subjects that can concern
the mind of man are dealt with. There
is the good that always comes, out of
sorrow, to God's dear children. "What
is your trouble?" "What is your sor-
row?" "What is the thing that is mak-
ing your life unhappy and filling your
heart with misgiving and distress?"
Come, learn from this case of St. John
that your home as his are meant
for your greater good and greater use-
fulness. Bunyan wrote his immortal
allegory in prison. Paul wrote his un-
dying Epistle in prison. Luther trans-
lated it and the deep shades of the
Werburg. "Come ye yourselves apart,"
once commanded the Master and in
their retirement these disciples of his
learned spiritual truths which they
never would have known had they
not been driven out to the desert.
"Take it from me" said the preacher.
"There are spiritual voices to be
heard in the inaudible in the whirl of
the world's great cities." Thank God
your darkened room, your biting af-
fection, your things upon the door of
the heart to God, and it's God you'll
never be driven out to the desert.

**H. W. BORING, a well-to-do
Kansas farmer, says he has
gained twenty pounds in weight
and is in better general health
than he has been in years since
taking Tanlac.**

"Since Tanlac has overcome my
troubles I have gained twenty pounds
in weight and am in better general
health than for years past," was the
straight-forward statement made a
few days ago by H. W. Boring, a
prominent and well-to-do farmer liv-
ing at Overland Park, Kan.
"During the two years I suffered I
tried everything I knew of to get re-
lief, but nothing seemed to reach my
case until I tried Tanlac. My ap-
petite was poor and my digestion was
so bad I could hardly retain my food.
Nothing agreed with me; in fact I
was almost a confirmed dyspeptic.
My whole system seemed to be out of
shape. I would have pains across the
small of my back so bad at times I
could hardly move around.
"My nerves were all unstrung and
I would become upset at the least
little thing. I seldom slept well at
night and, finally, became so weak and
run-down that I lost weight rapidly.
I was also troubled a great deal with
catarrh, and of mornings had to spend
a half hour or more clearing up my
head.
"This is just the condition I was in
when I began taking Tanlac and I
certainly was a blessing to me.
It just seemed to be made especially
for my case. I improved from the
very first. My digestion now is per-
fect and regardless of what I eat I
never suffer any bad after effects.
"The pains across my back have en-
tirely disappeared. The catarrh has
left me, too, and my head is perfectly
clear. I am no longer nervous and rest
well every night. I have regained my
lost weight and am feeling better and
stronger than I have in years. I am
going to keep Tanlac in my house so
it will be handy at all times."
Tanlac is sold in St. John by Ross
Drug Company and the leading drug-
gist in every town, under the personal
direction of a special Tanlac repre-
sentative.—Adv.

**CAMP FIRE GIRLS TO
CELEBRATE BIRTHDAY**
It has always been the custom of the
Camp Fire Girls of the United States
to celebrate the anniversary of the
founding of their organization, March
17th, 1917, by doing something for
somebody else. Two years ago they
made thousands of Baby Kits for the
Babies of Belgium; last year they
made bundles for the children in de-
vastated France. Because they have
concentrated on community service
and war work throughout the war, they
are seeking to celebrate their birthday
this year by entertaining their mothers
and fathers. All over the country 100,
000 Camp Fire Girls will be giving
banquets, entertainments and parties
for their parents.
There are to be National Honors
awarded by the National Headquarters
to fathers and mothers of the best
Camp Fire girls and toasts. A large
number of groups are having contests.
Each girl taking part in the contest
keeps track of the things she now does
for herself which her mother had
allowed her mother to do for her. By
this means many girls are discovering
for the first time in their lives that
they have time to darn their own
stockings, mend and iron their own
clothes, wash their own hair, and do
other things which their mothers have
been doing for them.
In many churches Camp Fire Birth-
day Feels will be observed by special
sermons to show people the spiritual
side of the Camp Fire Girls' organiza-
tion.
The Hon. Maurice Maeterlinck has
recently consented to be an hono-
rary vice-president of the Camp Fire
Girls and their little sisters, the Blue
Birds. He has sent them the follow-
ing letters as a birthday message:
"January 21st, 1920.
"Camp Fire Girls:
"Nothing is more beautiful than your
law framed as with blue mountains by
these two sovereign precepts. Seek
Beauty and Be Happy. On no account
abandon them. They are the most
necessary because they are the least
understood. Defend them with more
energy than the others because they
are the most unjustly criticized.
"May they remain the living symbol
of your young and knightly army."
