

Consecrating of Boy Scout Colors

Impressive Ceremony at Trinity Church Yesterday Morning—Members of Different Troops in the City Were Present.

An impressive ceremony, that of consecrating the Boy Scout Colors, took place yesterday at Trinity church at the morning service. The Scouts and Wolf Cubs of Trinity, under Scoutmaster Belyea, and the Girl Guides in charge of Miss Lameroux and Mrs. D. H. Lowth, Mission church troop with Scoutmaster Hoyt and Morley; Coburg street, with Scoutmaster Dunlop; Prince of Wales troop, with Scoutmaster Belyea; St. Paul's in charge of Messrs. Norman Betts and Edwards, met in Trinity school house and marched down King street along Germain street entering at the west door of Trinity. About one hundred marched, all in full uniform and they presented a very fine appearance.

Provincial Commissioner A. C. Skelton, I. Narraway of the Boy Scouts' headquarters at St. John, Commissioner Ingleton, E. H. Turnbull, T. E. Simpson, John Kimball and others of the provincial association were present in the church, as well as a large congregation. The Scouts occupied the centre aisle seats. After the reading of the first lesson, the Trinity boys proceeded to the chancel, the Color party consisting of Troop leader Paul Walsh, and Patrol leaders Percy Jones and Edward Walsh proceeding to the communion rail where the colors were presented to the Rector, Rev. Canon Armstrong, who laid them on the altar and said the prayers of consecration. After the ceremony the colors were returned to the Color party who received them on bended knees, according to the ritual authorized for such occasions. The boys then returned to their places in the pews and the National Anthem was sung.

The address, which was a very eloquent and practical one, was given by Trinity's Scoutmaster, Rev. D. H. Lowth, whose text was in II. Corinthians, 2:14: "Now, thanks be unto God, which always causes us to triumph in Christ." The preacher spoke of Easter and the Victory which Christ won over death. That victory, he said, is not complete unless we conquer in our lives. The Cross was once an emblem of shame, but now is a sign of glory; unless it affects our lives, however, it is not a triumph, a failure.

What better safeguard, he asked, could anyone have than the Scout motto, "Be Prepared." It will help to win the victory against sin and temptation and in the fight against sin and the powers of hell. The motto is a sign to that which our Lord gave to the Disciples when He told them to watch and pray.

Preparedness is not a lesson readily learned, and it was shown how if the nations had been prepared morally and materially the great war might have been prevented. We do not see that to that which our Lord gave to the Disciples when He told them to watch and pray.

Referring to the scout movement, Mr. Lowth said what a splendid thing it is, and that the importance of youth had not always been considered. They are the leaders of tomorrow and must be trained for the position. Comradeship, a great feature of the Boy Scouts had played a large part in the war, and the spirit of brotherhood and its encouragement was for the good of all. The forces of evil are ever at hand, and the devil makes a special mark of the young people so all must unite to withstand against Satan. References were made to the service faithfully performed by the scouts during the war and its value. The inspiring address ended with an appeal to all young people to realize that they, in fighting on Christ's side are the winners and that in Him they have a leader who never has been defeated.

CHILDREN'S PARTY
A party was held at Century School house Saturday afternoon for members of the Sunday School between the ages of eight and fourteen. Pupils to the number of sixty were present and all enjoyed the program of games which had been arranged for them by their teachers and others of the congregation who assisted in their entertainment.

Ladies' Day At The Zion Church

Services Yesterday Were Entirely in the Hands of the Ladies—Fine Programme and Lady Speakers.

Yesterday was "Ladies' Day" at Zion Methodist Church and the services of the day were entirely in the hands of the ladies. There were large attendances at all services—a particularly large congregation attending in the evening. This is the first time such a programme has been arranged and it was felt by all that the day had been most successful.

Mrs. J. B. Gough of Silver Falls officiated in the morning, presiding from the text, John 14—18 her subject being "Misunderstandings." Mrs. Gough gave a very helpful address up on this topic. Special music included solos by Miss Hazel Johnston, and excellent music by the choir.

At the afternoon session, which was an open one, the following program was carried out: Mrs. George Steel presiding.

Opening Hymn and Prayer.
Vocal Solo—Miss Ruth Wood.
Scripture—Mrs. C. Berryman.
Choir Singing—"The Old Rugged Cross."
Reading—"The Class Leader's Dream"—Mrs. M. E. Conron.
Dialogue—Miss Lilian Skidmore.
Mrs. M. E. Conron.
Reading—Miss Helen Hannah.
Vocal Solo—Mrs. A. Skidmore and S. Skidmore.

Five Minute Talk, "Comes of the Bible"—Mrs. George Steel.
Vocal Solo—Miss Bennett.
Evening Service.

In the evening, Mrs. M. E. Conron gave an inspiring address from the text Ruth 1—18. She dwelt upon the sacrifice which Ruth made when she left all and followed Naomi. She had firm decision and looking beyond the present made her resolution for the future even though before her lay sorrow, suffering and sacrifice. That her choice was a wise one was pointed out, and that her devotion to duty was rewarded was shown. She chose God and His people and happiness comes to those who are willing to make their decision to be on the Lord's side. The lesson was applied and it was shown how a time for decision comes to all as it came to Moses, Daniel, the Hebrew children, and other characters in the Bible. No one serves God for nothing but if the wise choice is made even if it seems to include suffering, the reward is always given.

Miss Lilian Skidmore sang "The Master's Song" and a duet "In the Garden" was rendered by Miss Watson and Mrs. Watt.

Standard's Story Was Correct

Chief of Police and Commissioner Say Only One Officer Doing Duty—It is One Man Every Eight Hours, Making Three Men for the Day.

The Chief of Police is alleged to inform an evening paper of Saturday that there is "but one police officer doing duty in the warehouse where the steamer Cabotia is docked with a cargo of whiskey, and when the vessel pays wharfage to the city it is the duty of the city to protect the property on the wharf. In another evening paper it quotes Commissioner Thornton as saying that, "the article published in The Standard on Saturday is incorrect; that there is only one policeman doing duty on the wharf; there will not be any more, as he has declined to take men off their beats for this purpose."

Despite these statements made by the Chief and the Commissioner, every word published in The Standard on Saturday is correct. On a telephone communication with the Commissioner Friday night, he stated that there was one man on duty then, and although the steamship company had requested twelve there would be only three allowed for duty.

It is true that there was only one man doing duty on the wharf or shed Friday, Saturday and Sunday but of the policemen who are not doing regular duty on the streets, and are doing guard duty on the wharf one remains on such duty for eight hours and is then replaced by another officer, and then a third, each doing his regular eight

RECIPE TO CLEAR A PIMPLY SKIN

Pimples are Impurities Seeking an Outlet Through Skin Pores.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and the blood uses the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities, which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the accumulation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

How to Get Public Opinion.
(Calgary Herald.)
As Winnipeg speaker says there will be an appeal in the cases of convicted strike leaders in the bar of public opinion. That is where the leaders should have taken their cause in the first place and there would have been no trouble. The bar of public opinion may be appealed to on any election day.

hours' duty, making three officers in the twenty-four hours.

It might be further stated that the city has regular watchmen employed in watching the city property on the docks, both on the east and west sides of the harbor, and further, it is stated that not long ago when policemen were doing guard duty on a liquor steamer one officer was in the shed while another was doing duty in the hold of the ship where the longshoremen were loading the cases of booze into slings. It is not city property that the police are guarding, it is a large consignment of liquor owned by others than the City of St. John.

VALLEY EXPRESS LEFT THE RAILS

Accident Happened Saturday Afternoon at Didness Cut—No One Injured.

Gagetown, April 11.—The afternoon express over the Valley Road, St. John to Fredericton, met with an accident at Dundas's Cut at 5:45 o'clock yesterday. A rod, underneath the tender, dropped and "pinned" in such a manner as to throw the tender from the rails. The passenger coaches remained on the track and no one was injured although the occupants of the coaches were more or less shaken up.

A wrecking outfit arrived from Tadsalis about ten o'clock last night, transferred the passengers to other coaches and sent them on to the Capital City.

The track was cleared away by 11 o'clock this morning. The road bed was badly cut up.

Dr. Mary E. MacLeod of this city has returned from Chicago where she spent the past winter, taking a special course at the University of Chicago.

Opening of The Busy Bee

An agreeable surprise awaits the public of this city in the opening of our modern crystal palace of a bakery—the Busy Bee, at 143 Charlotte Street.

We feel that this modern and modern bakery will meet with the immediate approval of those who desire the very best in food stuffs; as inquiries by the public directed to us would indicate that they are sure to support this innovation.

We will carry only high class and high quality home made cakes, etc.

A feature which will quickly appeal to the public is the fact that we have been very fortunate in obtaining the services of Mr. Winters, who has been closely identified with the food conservation activities in the United States. Mr. Winters might be termed "the wizard" in the baking line as he has many new discoveries in this art to his credit. This expert has taught many domestic science teachers the tricks of his trade and his products at our store are sure to gain the endorsement of the particular.

Here are just a few of the many things for your attention:

GARMARTHEN ST. CHURCH.

Rev. M. S. Conron, preached last evening at Garmarthen street Methodist church, supplying for Rev. Henry Penna, who is still at the hospital. Mr. Conron's text was taken from Matthew 10:16, and his subject was, "The King's Great Commission to His Followers." It is said that Mr. Penna is improving in health.

The Hacking Cough Strains The Lungs.

The terrible, hacking, lung-wracking cough that sticks to you in spite of everything you have done to get rid of it is a great source of danger to your health, and the longer it is allowed to stick the more serious the menace becomes.

You can easily get rid of the cough or cold at its inception by using Dr. Wood's Norway Pine Syrup, a remedy that has been universally used throughout Canada for the past 30 years.

Mrs. Samuel Matthews, Portage, P. E. I., writes—"Last winter I caught a heavy cold, and was laid up for some time. I had such a hacking cough I could not sleep at night, and did not think I could ever get over it. One day a friend dropped in to see me and was surprised to see how bad my cough was. She advised me to use Dr. Wood's Norway Pine Syrup, so the next day I sent for a bottle and soon got relief, and by the time I had taken two bottles, my cough was all gone. I doubt there is anything to equal it." Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper; 3 plus trees the trade mark; price 25c. and 50c. Manufactured only by The T. Plenty Money In Maritime Provinces

St. John Investment Broker Says Business Was Never Better in Spite of Payment on Victory Loan Subscriptions—Maritime Industries Making Money, and Outlook Bright for Future.

St. John, N. B.—"Although many people are still paying instalments on their subscriptions to the Victory Loan, the amount of money seeking investment during the first quarter of the year in the Maritime Provinces was surprising," says a local investment broker. "The propaganda work in connection with the various war loans has been a great thing for the investment business in these provinces; people who before never thought of buying a bond are now showing a keen interest in the bond market and are readily buying good securities. Years ago during the boom in the West a lot of people put money in western lands and various speculative adventures far afield. These investments were not always satisfactory, and in the years immediately preceding the war most Maritime people, outside the larger cities at any rate, were content to leave their money in the savings banks. Provincial and municipal governments did little or nothing to interest local investors and Maritime enterprises seeking new capital found it in a narrow circle, or in the case of the big Nova Scotia corporations, in the larger financial centres. Securities of the ordinary Maritime enterprises have been closely held, and expansions have usually been taken care of by the old shareholders.

Keen Interest in Bonds.

"But now Maritime people are showing a keen interest in the bond market. And the interest is widespread—not only in the larger cities, but in all parts of the provinces. The people have learned the habit of investment, and they have a great deal more money than before the war. Every investment house has noted that. No great number of new enterprises have been developed in recent years, but the established industries have expanded steadily and are making a good deal of money to day. The important lumber industry was never so prosperous; the farmers are doing well, and the fishermen have made money on a large scale. It is surprising the amount of money which is looking for investment from the fishing communities.

Investment Business Never Better.

"Owing to the Victory Loan commitments we had been rather looking for a dull year, but so far the general investment business with us has never been better. A feature of the past quarter has been the great number of buying order for war bonds compared with selling orders. Since the recent New Brunswick issue of Provincial bonds there have been no offerings of local securities of any particular importance, but the city of St. John and other municipalities will be making considerable loans in the aggregate shortly. At present these provinces offer a good market for municipal and public utility securities issued in other parts of the Dominion and there is fair market for good industrial securities. Outside of Halifax and to a lesser extent St. John there is not much interest in speculative securities.

"Next year when the Victory Loan subscriptions are paid up, we are certain that there will be a lot of money seeking investment in these provinces. At present there is no sign of a let-up in the prosperity the people are enjoying and there will have to be a very pronounced depression elsewhere before it is felt here. That has always been the case, and today the outlook is more promising than ever."—Financial Times.
