

PHILADELPHIA BOOZE PUTS 28 IN A HOSPITAL

Soldiers Patrol Streets to Stop Sale of Weird Concoctions.

CITY POLICE AID MILITARY BROTHERS

Have Given Valuable Aid in Getting the Men Who Sell Knockout Stuff.

Philadelphia, June 12.—Twenty-eight soldiers from Camp Dix, on leave in Philadelphia, have been sent to the Cooper Hospital, Camden, since February 5 as the result of drinking bootleg liquor purchased in the central part of the city north of Market street, according to members of the two squads of military police now patrolling Race, Vine and Calow streets. Opium, cocaine and a weird mixture of alcohol and benzine have also contributed to the "casualty list," they say.

Soldiers First Victims

Despite the vigilance of the M. P.'s and the police traffic in "synthetic booze" is as yet unchecked, and the men in uniform are among the first to suffer when a new brand is tried out by the inventors of such concoctions.

Activities of the military police are directed by Corporal Leslie Oakley, of the First Military Police Company, Camp Dix, who has his headquarters near where his men operate. Private John Goodwin, who was temporarily in command yesterday, spoke highly of the assistance his men received from the Philadelphia police department.

Cannot Arrest Civilians

"We have no power to arrest civilians detected selling liquor to men in uniform," he said, "but I want to say that the Philadelphia police have never failed us in such an emergency. Very often they furnish us with valuable information, which helps to keep the men from camp out of trouble. Our business here is to arrest any soldier who is drunk or disorderly and ship him back to camp as quickly as possible. If the stuff has made him ill, we take him to Cooper Hospital in Camden, for treatment."

Policemen Are Out With New Uniforms

George Corbet With Forty Years' Service is No. 1—41 Wear Ambulance Badge.

The police force looked particularly smart yesterday when they appeared out for the first time in their new Summer uniforms, and wearing the new numbered badges, most silvered shields with blue enameled numbers. A number of the men also wore the St. John's Ambulance First Aid medal on their left arm.

The badges were served out to the forty patrolmen in the order of their seniority. Night deskman Georges G. Corbet, of the North End Police Station, the "daddy" of the force, was awarded the coveted "Number One" in recognition of his forty years of service. Only the patrolmen are to wear these badges, the sergeants, detectives, inspector and chief, are not included.

LANGLEY TO RUN AGAIN

Saskatoon, Sask., June 12.—Hon. Geo. Langley, minister of municipal affairs, who Thursday was defeated in Red Berry, probably will contest the seat in Fiddle constituency, it was reported here Saturday.

Kidney Trouble

West End Church Is Free From Debt

Interesting Ceremony in Charlotte St. Church When the Last Note Was Burned.

An interesting ceremony occurred at the Charlotte Street Baptist Church, W. E., last evening when the last note outstanding against the church was burnt with due ceremony before a large congregation, and the church declared free from all indebtedness.

Causes of indebtedness. Pervious to the burning of the note, the pastor of the church, Rev. J. E. Jenner, gave a brief account of the cause of the indebtedness. He stated that about four years ago a concrete addition was built to the rear of the church, the basement was renovated, hardwood floors, a furnace and furnace room put in, and steam heating installed. The total outlay amounted to \$5,000, of which sum \$2,000 was paid off the first year. The trustees of the church gave their note for the balance left unpaid. This amount was gradually reduced until up to two years ago there remained but \$1,000 to be paid. G. N. Mott, superintendent of the Sunday School then suggested the Sunday School children raising a mile of pennies for the fund, and one third of a mile, \$300 was thus secured.

The women of the church came to the rescue and augmented the sum to \$600. Recently a personal appeal was made, and the entire balance was secured plus \$100 to the good. Mr. Jenner expressed a hearty appreciation of the efforts of those who had made the securing of the sum possible.

He was followed by Deacon J. R. Webb, who read the names of those whose signatures appeared on the note, and expressed the gratitude of the trustees of the church and of the finance committee.

Ernest Brown, whose signature was one of those on the note, then placed the note on a copper tray and burnt it before a large congregation.

Interesting Reminiscence. Deacon D. C. Clarke was heard in an interesting reminiscence of the financing of the church in its early days. His story went back over three score years to the day he was first brought to the church by his father, while a child of but three years.

Deacon Clarke stated that the first pastor had been paid a salary of \$300 per annum, that was forty years ago. White Head, Kings county, leaving her husband, three sons, two daughters, mother, four brothers and two sisters to mourn.

ROBINSON — At "Meadow View," Sussex, June 11, Mary, infant daughter of Mr. and Mrs. Robert Robinson.

Lively Ball Is Hurting Game

Pilot Johnny Evers of the Chicago Cubs is convinced that the ball used this year in the national game is fatter, livelier than ever before and that it is hurting the game. He believes it should be changed at once.

"It is almost suicide now to put the infielders in to cut a run off at the plate. They can't handle the ball if it is hit right at them. I suppose the fans like to see hard hitting, but there is too much of it now."

In the art of hitting we take on our hats to the Scotch. Any course, they have a goal in sight.

How "Tiz" Gladdens Tired, Aching Feet

No more sore, puffed-up, tender, aching feet—no corns or callouses.

"Tiz" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chilblains. "Tiz" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "Tiz" brings a restful foot comfort. "Tiz" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a box of "Tiz" now from any drug store or department store. Red foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy. Just think! A whole year's foot comfort for only a few cents.

WOMEN ARE BARRED ON MURDER JURY

Prosecutor Asks Veniemen if Beauty and Tears Will Prejudice Verdict.

SELF-DEFENCE PLEA IS SET UP

Defendant Accused of Killing Herbert P. Ziegler as Result of Jealous Rage.

Chicago, June 12.—After four delays in two weeks Mrs. Isabelle Corn Orthwein, charged with the murder of Herbert P. Ziegler in her apartment, following a midnight quarrel, went to trial today before Judge Wilson in Criminal Court.

Four jurors were accepted by both sides. The court room was crowded with women volunteers, who wished to serve on the jury. They were disappointed when Assistant State's Attorney Lloyd Roth announced that it was impossible to impanel a jury of women or even a mixed jury. Instead, he said he will endeavor to select twelve men who typify the average, solid, home-loving, law-abiding citizen.

Self-Defence Plea. The fact that Mrs. Orthwein's counsel probably will pin their hopes for an acquittal on a plea of self-defence was discovered in the woman's lawyers' questioning of the veniremen. Of each he asked the same question: "If you believe yourself to be in danger, or apparently in danger would you take means to defend yourself?"

Mr. Orthwein in questioning the prospective jurors included inquiries concerning responses to a woman's tears and what constituted chivalry. Other questions were:

"Can you withstand a copious flow of tears, or will it interfere with your verdict?"

Mr. Orthwein asserted that they had followed the case in the newspapers and that their opinions were formed. One man, who was excused immediately by Judge Wilson, said he thought Ziegler had got "just what was coming to him."

Mr. Orthwein stated that Mrs. Elaine Ziegler, wife of the murdered man, will be called as one of many witnesses, including cab drivers, policeman, gamblers, chorus girls, singers, men about town and frequenters of night life resorts. Mrs. Ziegler, it is expected, will testify to efforts made by her husband to get away from Mrs. Orthwein.

Mrs. Orthwein appeared in court early, accompanied by her sister and brother-in-law. She was in view of Peter Ziegler, the aged father of the man she killed, the State's attorney contends, in a jealous rage.

Sackville Youth Could Not Compete

Ralph MacCreedy Informed by Committee They Did Not Consider Him Eligible.

Shortly before the opening of the track meet at Redberry, Saturday, Ralph MacCreedy, the young Sackville High School athlete, who after training for a number of weeks, and who had complied with all the regulations sent him by the Redberry Collegiate School's captain, was informed by a committee composed of Messrs Black and Scammell of Redberry College, and Wilson and Fraser of St. John High, that they did not consider him eligible, because the meet was open to two schools only, and furthermore, because he did not constitute a team. The committee did not offer any reasons as to what sources they had gone to secure the definition of what constituted a "team."

Mr. MacCreedy stated that as he had no alternative he would have to bow to the committee's decision. He asked if he might at least, in view of the period he had devoted to training and the expense he had been put to in attending the meet, be given an opportunity to compete, any points which he might make not to count against the scoring of the men of either of the two schools. His request was refused.

Calgary Eleven Lost To Scotchmen

Hand-Picked Team on Saturday Worked Hard But Lost by Score of Five to One.

Calgary, June 12.—One of the hand-picked teams of the tour to date, was the consensus of opinion voiced by the visitors to display their prowess, both as a defensive and offensive organization and accomplished what all their predecessors had failed to do by turning round at half time in the possession of a lead over the strong and versatile opponents.

Changes Reported In Salvation Army

Quite a number of changes are reported as taking place among Salvation Army officials in St. John. On the 29th of June farewell will be said to two excellent workers who have made many friends in the city, Adjutant Usaki and Adjutant Wells, of Brindley street. Adjutant Wells is going on furlough, while Adjutant Usaki, who has been in charge of No. 1, has not yet been placed. Adjutant and Mrs. Jenworth, of Moncton, will come to No. 1, St. John.

Brigadier and Mrs. Moore will be furloughed July 3rd, when they leave St. John to take charge of the East Toronto division. There are twenty-two corps in this division, which is an important one.

In the province, Adjutant and Mrs. Miller, of Fredericton, are going to Campbellton; Ensign and Mrs. Robinson, of St. Stephen, go to Fredericton; Adjutant and Mrs. Davis, of Woodstock, are transferred to St. Stephen; Captain MacCowan, of Summerside, P. E. I., and Lieut. Pocock, of Chatham, will be at Sussex. At Woodstock Captain Lowe and Lieut. Fraser will be in charge.

Adjutant and Mrs. Sparring, of Amherst, are being transferred to another province.

Girls! Girls!! Clear Your Skin With Cuticura

Rev. W. D. Wilson On Liquor Question

Took for His Subject "Responsibility"—Dealt With Situation in N. B.

The Rev. W. D. Wilson spoke in the Tabernacle Church last evening and took as his subject "Our Responsibility." He dealt with the temperance situation in New Brunswick and of the different phases of the temperance work showing that the province was at least three laps behind the other provinces in the Dominion, excepting Quebec.

Coming Referendum. Nearly all the veniremen of the coming referendum and the question attaching to the administration and the enforcement of the Prohibition Act and showed that it was every man's responsibility and that lawlessness cannot be cured by leaving law enforcement to the officers alone. It needs the co-operation of a Christian citizenship to achieve success. He also discussed on the establishing of different liquor houses in the province under the protection of the courts and to him it looked like if it was law, it didn't appear to be justice after the vote of New Brunswick had decided on prohibition by a majority exceeding 24,000 not later than last July.

Tragedy Near Fredericton. He also dealt with the tragedy enacted in Fredericton of the car running liquor through from St. John, where one innocent man was panicking his life away while the two accomplices who owned the liquor and the car left him.

This showed the nature of the liquor business as it is being carried on in St. John today. He said this district province is an awakened conscience.

Mothers!

This will interest you

This is how we safeguard the health of your children!

Children are the greatest consumers of ice cream, and they should be for it is the finest food they can eat. But the ice cream you give them must be the best.

To make it 100 per cent. safe for you, and your children, we are spending thousands of dollars manufacturing ice cream under the patented Heathmade Carbonated method, science's newest and greatest contribution to food sanitation. We consider the added cost worth while because it makes it 100 per cent. safe for you and your children.

Heathmade Ice Cream is always the purest

Prof. W. P. Heath, a specialist in food purity, discovered that he could increase the purity of ice cream to an infinite degree by freezing it in a sterile, germ-proof atmosphere instead of with air, which is never perfectly pure.

We have secured the rights to manufacture our ice cream under the Heath patents. This super-pure ice cream is what we offer you.

Do you know what makes Ice Cream smooth?

If you examine ice cream under a microscope you'll find it is full of tiny air cells, or bubbles. It is these minute cells of air which make ice cream eatable instead of being frozen hard like ice. Ordinary ice cream is frozen with air. Air is always dangerous in food. When you put up fruit you fill the jars full, then you sterilize them to drive out all air and seal them tightly with rubber rings to exclude all air. If you don't you know they will spoil.

The air which will spoil canned fruits or vegetables should not be used in making ice cream. So we freeze our ice cream in a sterile atmosphere of pure, germ-proof gas. We substitute carbonation for aeration. So we add a final safeguard around this delicious product.

Purity Ice Cream is Carbonated

Carbonating ice cream increases its flavor and richness. You may have noticed how carbonated water brings out the flavor of fruit juices and syrups in your ice cream soda. Carbonating ice cream has the same effect.

It makes a richer, more appetizing, smoother ice cream. An ice cream you will like much better and which the kiddies will love. Give them all they want of this wonderful ice cream. It is splendid food for their growing young bodies. It will make them ruddy with health and strength.

When you ask for ice cream insist on being served
