Receiver General Payments

I wish to refer to Sheet No. 21 of the above return for the period ending October 31st. You show two fines under Section 115 of the Indian Act, one from Bruno Morin and the other from Tobin Dejarlian, \$5.00 each, for the credit of the South Battleford Band. Officially we have no Band by that name nor have we a Reserve by that name and as fines for trespass belong to the Band which owns the Reserve on which the trespass took place, I am at a loss to know where to credit these funds. If South Battleford Reserve is known by some other name I wish you would so advise me. In the meantime I must hold this money in Suspense until I have an explanation from you.
