

Hanington's Dinner Pills cure Heartburn.

WORMS!

Worms may be suspected to be present when a child looks pale, and grows emaciated, when his belly swells and becomes hard, a gnawing, pungent, or twisting pain being felt in the stomach, or about the umbilicus. The appetite is usually precarious, at times voracious, the breath is fetid, and the bowels deranged, being alternately purged or constive, and much mucus passed in the stools. There is commonly *picking of the nose*, or irritation felt in the rectum; the sleep becomes *unquiet*; he is subject to *start or suddenly awake* from slumber; *grinding of the teeth* is a symptom often observed; the breathing may be hurried or difficult, and the cough, which so often attends, is in general *dry*, and of a *convulsive or suffocating* kind. Vomiting, hiccup, diarrhoea, and bloody stools, often accompany their presence.

When the above symptoms are noticeable the proof is conclusive that WORMS are the cause, and the sooner they are removed the better for the health of the child. Procure at once a box of

HANINGTON'S

WORM LOZENGES,

and use them according to directions. They *speedily* destroy the Worms and *expel* them from the body, *without* the necessity of administering unpleasant doses of Senna or Castor Oil. They are purely Vegetable, contain nothing injurious, and will not harm the youngest child. Be sure that you get "HANINGTON'S."

ITCH.

ITCH.

This *infectious* Disease is usually communicated by coming in contact with the body of a person already affected either by lying in the same bed, wearing the same clothes, or merely by shaking hands, but it is sometimes produced by unwholesome food, impure air, or uncleanness. It shows itself in small watery pustules about the fingers, wrists and thighs, and is attended with a *CONSTANT* itching which is *MOST* IRRITATING.

HOW TO CURE IT.

So soon as you are aware you have contracted the disease get at once

HANINGTON'S ITCH OINTMENT.

Which is a *CHEERFUL* Cure, if used *STRICTLY* according to directions. One box is sufficient to cure *ONE* grown person or two children.

PRICE 50 CENTS. PREPARED ONLY BY
