A LIFE ANNUITY

In a responsible company is a very desirable and remunerative mode of providing for the declining years of life.

The purchase of an Annuity in that strong, successful and reliable Company, the

North American Life Assurance Co.

Will yield the investor a guaranteed annual return of from 6 to 16 per cent. on the amount invested.

The shorter the expectation of life, the greater the rate of interest realized and the larger amount of annuity purchased.

Full particulars as to Annuities and other attractive investment plans of insurance and copies of the Company's last annual report, showing its unexcelled financial position, furnished on application to

Standard Footwear

We know both shoes and feet. We know that a shoe must follow certain lines to give comfort to the normal foot, and we know only too well that the average maker of shoes is careless on this point. We know why your feet are tired and full of aches and corns, and we know how to help you skip these discomforts or gradually remove them. Examine our new fall footwear. Prices right. Fit perfection.

To make Home Pretty and Attractive

IS THE WISH OF EVERY LADY

Perhaps we can help you a little by improving some unsightly arch, a nice piece over a bay window, a screen for a stairway, a cozy corner, a handsome stationary or folding screen. The expense will not be much and would add greatly to the appearance of the rooms.

We make these in Moorish fret work, Japanese fret work, Scroll or G-lille work, or combinations of the different styles, and made or finished in any kind of wood desired.
