

Afflicted for years with a Diseased Liver.

Mr. L. R. Devitt, Berlin, Ont., better known, perhaps, as "Smallpox Ben," has used

MILBURN'S LAXA-LIVER PILLS

He has also used them for his patients when nursing them, and it is a well-known fact that small-pox sufferers must keep the bowels well regulated.

Read what he says:—"I have been afflicted for years with a diseased liver, and have tried all kinds of medicine, but of no avail until about four years ago I tried your Laxa-Liver Pills, and got instant relief. Since then I have nursed different patients afflicted with small-pox, and in each case I have used your valuable pills."

"My wishes are that all persons suffering with stomach or liver troubles will try Milburn's Laxa-Liver Pills. I will advertise them whenever and wherever I have an opportunity and I hope that if at any time I cannot get the pills, I will be fortunate enough to get the formula."

Milburn's Laxa-Liver Pills are 25 cents per vial or 5 vials for \$1.00, at all dealers or will be mailed direct by The T. Milburn Co., Limited, Toronto, Ont.

A poor machine with good oil will last longer than a good machine with poor oil.

"3 in One" oil is the best oil for lubricating any sewing machine. It penetrates every working part, supplying exactly the right lubricant to make the treadle, the hand wheel, the shuttle, etc., run

like greased lightning. Also cleans and polishes the wooden case and prevents rust on the nickel surfaces.

Page 16 of the "3 in One" oil book tells how and when to oil your machine. A generous free sample of "3 in One" and this 24 page book containing much valuable information for housewives sent to any address on request. Write today to

lace, and put a runner along the raw edge of the lace. This runner must be whipped on the lace. Arrange the lace equally on the edge of the collar; turn the silk edge in for a quarter of an inch, and whip the lace to this edge, holding the wrong side of the collar towards the worker, and the lace falling on the right side. Bind the neck with Paris binding.

A Novel Handkerchief Case.

Cut from pasteboard or Bristol-board two discs five inches in diameter. Cover these on both sides with China silk, or any other silk desired, first putting in a thin lining of cotton batting. Overcast the edges of the silk together neatly. Then cut a piece of silk six or seven inches wide

and long enough to gather around one of the discs. After sewing the gathered edge to one disc, put a narrow hem in the other edge of the silk, and through this run a piece of fine hat wire, joining it so that its circumference will be a trifle smaller than the circumference of the disc. Tack the other disc to one side of the wire, forming a cover to the case, and opposite where it is tacked put a loop of ribbon or covered ring, by which to raise this cover. A pretty decoration for the top of the cover is a large knot of baby ribbon with a few small artificial flowers, such as violets or forget-me-nots. This makes a very handsome and useful ornament for the dressing case. We have seen one made of green silk with violets, and a lighter shade of green baby ribbon for the top.

Transferable Embroidery Designs.

This cut is a small reproduction of an embroidery pattern 10x15 inches. On receipt of 10 cents we will send the large design by mail to any address. The pattern may be transferred to any material for embroidering by simply following the directions given below.

No. 10
Shirtwaist Pattern.

This design can be made to open either front or back. Transfer either on fine lawn or butcher's linen or Indian Head, a good substitute for linen at about half price. Outline or fill in the pattern and do the holes eyelet work. It is best to use mercerized cotton for working.

This design would be very effective if worked in the shadow stitch. The cuffs and collar to match will appear on No. 11.

Everything shown on the miniature cut will appear on the large sheet.

When you have sent to this office 10 cents and have received the full size working pattern noted above, follow these directions:

Lay material on which transfer is to be made on hard smooth surface. Sponge material with damp cloth. Material should be damp, not too wet. Lay pattern face down on material and press firmly, rub from you with crumpled handkerchief in hand.

Transfer will be sufficiently plain very soon. Don't let the pattern slip. Send 15 cents for each design. Address, Embroidery Department, Western Home Monthly, Winnipeg.

Disappearing Dyes.

Artificial colouring agents are taking the place of the natural dyes formerly almost exclusively employed. The change is indicated by the decrease of imports of various dyewoods. Among these are bluewood, native to Mexico, Hayti, the British West Indies, the Dominican Republic, and the United States; yellowwood, which grows in Austria-Hungary, Mexico, and South America; and redwood, indigenous to British India, the west coast of Africa, and Mexico.

The cut is a small reproduction of an embroidery pattern 10 x 15 inches. On receipt of 10 cents we will send the large design by mail to any address.

The pattern may be transferred to any material for embroidering by simply following the directions given below.

New designs will appear monthly. This design is intended for a shirtwaist, buttoning in the back, and may be worked in either eyelet and solid or entirely solid. Outline stitch is simple and effective if combined with solid or eyelet work.

The cuffs and collar to match will appear next month. Everything shown on the miniature cuts as we print

No. 1
Shirtwaist Front

them will appear on the large sheet.

When you have sent to this office 10 cents and have received the full size working pattern noted above, follow these directions:

Lay material on which transfer is to be made on hard, smooth surface. Sponge material with damp cloth. Material should be damp, not too wet. Lay pattern face down on material and press firmly, rubbing from you with crumpled handkerchief in hand.

Transfer will be sufficiently plain in a few seconds. Don't let the pattern slip. Each pattern good for several transfers.

Send 10 cents for each design. Address, Embroidery Department, Western Home Monthly, Winnipeg.

For ages the Arabs have used the redwood of India for sandals. During the last forty years the cultivation of madder has become nearly extinct in Western Europe. Cochineal has been almost entirely driven from the market. Indigo alone holds its place strongly, although the competition with artificial indigo is now very keen.

The corporation of Liverpool has authorized the construction of an office building 300 feet high opposite the Prince's landing stage on the bank of the Mersey. It will be the first skyscraper ever built in England.

LANCASTER, ONT. CARRIED BY "FRUIT-A-TIVES"

These Wonderful Fruit Juice Tablets
Are Winning Friends on Every Side.

Lancaster, Ont., Sept 16, 1908

I was a martyr for many years to that distressing complaint, chronic Constipation. I tried many kinds of pills and medicines without benefit and consulted physicians, but nothing did me any real good. Then I began to take "Fruit-a-tives," and these wonderful little fruit tablets entirely cured me.

At first, I took five tablets a day, but now I take only one tablet every two days. I am now entirely well, and thanks to "Fruit-a-tives," I give you permission to publish this testimonial.

(Madame) Zenophile Bonneville.

This is only one more link in the chain of proof that "Fruit-a-tives" never fail to cure Constipation or non-action of the bowels. 50c a box, or 6 for \$2.50, or trial box 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.
