

NOMINAL CARD INDEX for the
UPPER CANADA MARRIAGE BONDS

(Public Archives of Canada, RG 5, B.9, v. 13-44)

The bonds are also available on microfilm.
The Shelf List which follows identifies the
arrangement of the bonds within the volumes.

Legibility of some bonds compromises the
reliability of this index. Names are spelled
as in the documents.

Persons married after publication of banns in
their parish churches did not require a licence
and therefore did not post bonds.
