

The Winch Building

SAFETY DEPOSIT VAULT

The Winch Building contains the most modern, largest and best equipped burglar-proof safety deposit vault in British Columbia, being 35 feet wide by 45 feet long. The ceilings and walls are two feet thick, being constructed of concrete reinforced with steel bars.

The vault doors have all the latest improvements.

An elaborately decorated writing room is connected with the vault, being 20 by 35 feet, for the use of patrons, the floors and the walls being lined with tile.
