

FLEMING, J. H.

A new Teal from the Andaman islands.

Proceedings of the Biological Society of Washington, October 31, 1911,
vol. xxiv, pp. 215-216.

FOURNISH, EDWARD HOWE.

The Cedar Waxwing.

Bird-Lore, vol. xiii, No. 1, 1911, pp. 55-58, with coloured plate.

GROENBERGER, S. M. See KALM, PETER.

See MARTIN, ANTON R.

HENNINGER, W. F.

New Greenland Records.

The Auk, October, 1911, vol. xxviii, No. 1, p. 192.

Attention is drawn to a European paper 'Dansk, Ornithol. Foren. Tidskrift,' iv, p. 130, 'Nye Arter for Østgrönland' by O. Helms, in which two of the four species of birds enumerated are regarded by Mr. Henninger as new records. These two, *Podiceps griseigula* and *Totanus calidris*, are proposed as additions to the A. O. U. check-list.

JOB, HERBERT K.

The Spotted Sandpiper.

Bird-Lore, vol. xiii, No. 1, 1911, pp. 221-224, with coloured plate.

KALM, PETER.

A description of the wild pigeons which visit the southern English colonies in North America, during certain years, in incredible multitudes (translated by S. M. Gronberger from Kongl. Vetenskaps-Akademiens Handlingar, för år 1759, vol. xx, Stockholm, 1759).

The Auk, January, 1911, vol. xxviii, No. 1, pp. 53-66.

MACOUN, J. M.

The Cardinal (*Cardinalis cardinalis*) at Ottawa.

The Ottawa Naturalist, October-November, 1911, vol. xxv, Nos. 7 and 8, p. 121.

MARTIN, ANTON ROLANDSON.

Description of a species of Procellaria which is found at the North Pole (translated by S. M. Gronberger from Vetenskaps-Akademiens Handlingar för år 1759, vol. xx, pp. 91-99, Stockholm, 1759).

This is supposed to be the earliest description extant of the Fulmar of northern Canada.

MOORE, WM. H.

Notes from New Brunswick.

The Ottawa Naturalist, April, 1911, vol. xxv, No. 1, p. 13.

Has reference to the occurrence of the Grey Squirrel and Canada Jay; also to the taking of two mammals, a flying squirrel and a short-tailed shrew, in a trap at the same time.
