London Concrete Machinery Co.
28 Redan Street, London, Ont.
Largest exclusive Concrete Machinery Company in Canada.

Canadian General Development Co. Limited

(Societe Canadienne D'Enterprises Generales, Limited)

A Canadian Company organized to promote and develop for itself or other persons all commercial and industrial enterprises; to undertake the construction of all kinds of public, municipal and private works, and especially railways, tramways, water works, sewers, hydraulic and electrical installations.

The Company is supported and backed in Europe by nine of the strongest Banks, enabling it to carry through the largest undertakings, and to financially take an interest in Canadian enterprises.

The Company has a staff of competent and experienced engineers, and invites correspondence from municipal and private corporations, and from business men who require technical or financial assistance to plan, execute or construct any private, municipal or public work.
