RMER'S ADVOCATE.

THE NATIONAL FARM Cream Separator

Manufactured by the Raymond Mfg. Co. of
Guelph, Limited, manufacturers of the
celebrated Raymond Sewing
Machines.

THE National is an up-to-date machine,
leading all others in separating cream
by centrifugal force. It is the farmers'
choice, because it runs easy, skims fast and
clean, and makes a perfect cream, contain-
ing any per cent. of butter-fat desired. It is
also easier to clean than any other. The
National is built of the very best material
suitable for the construction of a high-speed
machine, and with proper care should last a
lifetime. The bearings are interchangeable
and easily adjusted. Every machine is guar-
anteed to do good work, and a trial of the
"National" is solicited before purchasing
any other. The already large sale of the
"National," and the growing demand for it,
shows how much the Canadian farmers ap-
preciate a Canadian-made machine that does
its work so easily and well, and at the same
time returns such a large profit on the small
investment. Ask for the "National"; try
it and buy it.

High School at Niagara Falls, ONT
BUILT WITH THOROLD CEMENT.

SIZE OF BUILDING, 85 x 75 FT.

ESTATE OF JOHN BATTLE, CEMENT MANUFACTURERS, THOROLD, ONT.: ST. CATHARINES, OCT. 16, 1899.
GENTLEMEN.—The high school building at Niagara Falls, Ont., was built by our firm during the year
1899, the size of the building being 85 feet long x 75 feet wide, three stories high, with basement.
In the construction of the building and putting a cement floor in the basement we used only your
Thorold cement, and in this building, as in the many we have put up during the past 20 years, the
cement is most satisfactory.

Estate of John Battle, Thorold, Ontario.

TRY THE 'MELOTTE'

YOU WILL BE DELIGHTED WITH IT!

IT WILL PRODUCE

**ONE-FIFTH MORE BUTTER,
IMPROVE THE QUALITY,
AND SAVE TIME & LABOR.**

The Larimer Ditching Plow.

Covered by patent in Ottawa for Canada, and
in Washington for the U. S.

The five secrets of successful farming
are: Underdraining, tillage, clover,
manuring, rotation of crops.
As well leave out the foundation in
housebuilding as to leave out the first of
the five in farming in the greater portion
of Canada.

Many have promised themselves the
turning of the new leaf by underdraining
a few acres to start with. The best time
to win boys is when they are boys; and
the best time to begin to underdrain is
this year. Get all particulars about the
work, and the best plow for the work, by
addressing:

Kendall's Spavin Cure.—The *Southern
Trade Record*, of Cincinnati, are claimed to
have made a thorough investigation of horse
limiments, after which they write editorially as
follows:

It was the realization of the importance of
our decision that induced us to take more than
customary care in thoroughly looking up the
matter, and therefore secured the services of
thoroughly reliable experts in this line, who en-
joy established reputations for probity and
knowledge of the requirements of the article
under consideration. After a careful and ex-
haustive investigation of all the leading horse

limiments, the result of our investigation was
unanimously in favor of Kendall's Spavin Cure,
made by The Dr. R. J. Kendall Company, of
Enosburg Falls, Vermont. This cure is un-
doubtedly the most successful remedy, as it is
certain in its effects and does not blister. It
cures Splints, Spavins, Cuts, Galls, Sprains, etc.
The Dr. R. J. Kendall Company can show
hundreds of testimonials from leading horse
owners, stating that after trying other reme-
dies the reliable and best was Kendall's Spavin
Cure. Dr. Kendall also is the author of a book
upon "Treatise on the Horse and His Diseases,"
which will be forwarded upon request. This
remedy is for sale by all druggists, or can be
had direct from the manufacturer.

PLEASE MENTION FARMER'S ADVOCATE.
