former bishop of the Episcopal Church, of Indiana, once preached to a black congregation. At the conclusion of the discourse, several of the negroes crowded about the preacher, and praised his sermon, saying it was the best they had ever heard. One enthusiast exclaimed

"Bishop, you tol' us things we nevah knew befo'

"Indeed," said the hishop, gratified at the praise. "What was it I told you

that you never knew before?" "Bout Sedom an' Gemorrah. Why, bishop, I always thought they was a man an' his wife."

Senator Quay was fond of telling a story of an experience of his in a country hotel near Pittsburg.

Hanging on the wall in the parlor was an inscription, "Ici on parle Francis." The Senator noted the sign, and turning to the landlord said: "Do you speak French?"

"No," the man replied, "United States will do for me." "Well, then," said Quay, "why do you have that notice on the wall? That

means 'French is spoken here.' " "Well, I'll be blamed!" ejaculated the hotelkeeper. "A young chap sold that to me for 'God bless our home."

Mr. Chas. E. Bonnycastle, Campbellford, Ont., in ordering a change of advertisement, writes: "My st ck has come through the winter in good shape. A. E. Mumford tells how Psychine cured him after the Doctors gave him up

"It is twelve years since Psychine cured me of galloping consumption. The speaker was Mr. A. E. Mumford, six teet tall, and looking just what he is a husky healthy farmer. He works his own farm

near Magnetawan, Ont. "I caught my cold working as a fireman on the C.P.R." he continued. "I had night sweats, chills and fever and frequently coughed up pieces of my lungs. I was sinking fast and the doctors said there was no hope for me. Two months treatment of Psychine put me right on my feet and I have had no return of lung trouble

If Mr. Mumford had started to take Psychine when he first caught cold he would have saved himself a lot of anxiety and suffering. Psychine cures all lung troubles by killing the germs—the roots of the disease.
