

# NO CURE, NO PAY

I want to talk to men who have aches and pains, who feel run-down physically, who realize that the old "fire" and energy which was so evident in youth is absent now; men who can't stand the amount of exertion they could years ago. I want you—if that means you—to come to me, and if I say that I can cure you I don't ask you to pay me until I DO so. If you will give me reasonable security for the Belt while you use it. That is fair, surely. You take no chances, as I know what I can do, and I'll run the risk.

If it were not for the prejudice due to the great number of fakes in the land I would not be able to handle the business that would come to me. The "Free Belt" fraud and the "Free Drug" scheme, which are not free at all, have made every one sceptical, but I know that I have a good thing, and I'll hammer away until you know it.

No man should be weak; no man should suffer the loss of that vital element which renders life worth living. No man should allow himself to become less a man than nature intended him; no man should suffer for the sins of his youth, when there is at hand a certain cure for weakness and loss of vitality.

Most of the pains, most of the weakness of stomach, heart, brain and nerves from which men suffer are due to an early loss of nature's reserve power through mistakes of youth. You need not suffer for this. You can be restored. The very element which you have lost you can get back, and you may be as happy as any man that lives.

My Electrical Belt, with special Electrical Suspensory (free), will restore your power. It will give back the old vigor of youth.

This loss of your power causes Kidney Trouble, Rheumatism and Stomach Ailments. You know it's a loss of vital power and affects every organ of the body. Most of the ailments from which men suffer can be traced to it.

I have cured thousands of men who have squandered the savings of years in useless doctoring.

My Belt is easy to use; put it on when you go to bed; you feel the glowing heat from it (no sting or burn, as in old style belts), and you feel the nerves tingle with the new life flowing into them. You get up in the morning feeling like a two-year-old.

Here are the names of a few who have recently reported permanent cures, cures that were performed years ago, and they have never felt return of the troubles.

- Mr. James Ed. Jones, Tucson, Ariz., cured of Stomach, Heart, Kidney and Nervous Troubles.
- Chas. McGee, Parkman, Ont., completely cured of Nervous Troubles.
- J. Harry Denton, cured of Nervous Debility and Rheumatism in 1908, and verifies the permanency of it.
- Robert Rimmer, Arcola, Sask., cured of Rheumatism two years ago, and has never returned.
- A. Russell, Niagara Falls, cured of lame back two years ago, and fee better to-day than ever.
- Joe. Armstrong, London, Ont., cured of Stomach and Back Trouble and general weakness, and never had a return of it in four years.

## The Neglected Binder.

Forsaken I stand in the stubble field,  
 Unshielded from rain or snow;  
 Not a greeting now, save the ragweed's bow  
 Or the golden-rod bending low.  
 Mild zephyrs gay about me play,  
 Soon chilling blasts will come;  
 Must I suffer here all the winter drear,  
 With never a hope for a home?

The noisy jay on my reel doth play,  
 And the squirrel hides nuts in my gears;  
 From beneath my wheel the cricket shrill  
 Sings a song which adds to my fears.  
 On platform and deck, in warp and check  
 Read a tale of my weather-worn woes;  
 Each gear or brace shows a rusty face,  
 In my sills the worms repose.

Yet a few weeks back, with a "click,  
 click, clack,"  
 I laid low the fields of grain;  
 With twine and might I bound them tight,  
 Left the sheaves in piles on the plain.  
 In those harvest days loud words of praise  
 The farmer spoke of my skill;  
 To action stirred by those cheering words,  
 I wrought with a right good will.

Must I no more those triumphs score,  
 But list to censure instead?  
 By another year, if left standing here,  
 The thought of toil I'll dread.  
 Warped by the sun my joints will bind,  
 No longer run light and true.  
 I'll be called a curse, if nothing worse,  
 When that curse is my owner's due.  
 —Oro L. Dobson.

## GOSSIP.

An auction sale of pure-bred stock which was certainly justifiable, if such sales ever are, was held by the Nova Scotia Department of Agriculture, at Hawkesbury, Antigonish County, last week. Farmers in the eastern part of Nova Scotia have been doing well with sheep, but have been sorely handicapped in getting good rams. Personal inspection by purchasers was out of the question, and mail orders were not always satisfactorily filled. At the instance of Premier Murray, who desired that something practical be done to encourage the sheep business, Prof. Cumming, of Truro, visited leading pure-bred flocks in Ontario and Nova Scotia, and secured 50 high-class rams of the Shropshire, Leicester and Oxford Down breeds, and offered them at public auction. The prices realized were very encouraging, the 50 head, including 20 lambs, bringing an average of \$17 each. While this is not a long price for pure-bred sheep, it is exceptionally good for that part of Nova Scotia, and Prof. Cumming justly congratulates himself on the amount of choice blood that has been introduced into that portion of the Province. All the bidders appeared to have long rolls of bills, and paid over their money cheerfully, being more than pleased with recent profits from their flocks.

A number of leading builders and sellers of carriages in New York City, according to the statement of New York papers, are reporting an increasing demand for the finer and more costly carriages. These manufacturers say that the automobile is cutting into the cheaper grades and the lighter styles of vehicles such as runabouts and other forms of vehicles, which sell for small amounts. There is a growing demand for the finer grades of vehicle work, and this demand is apparent in other large cities. The automobile scare is subsiding, and the love for the horse and the finer carriage is once more returning. The automobile is the center of excitement, of adventure, of feverish activity. The carriage is the center of repose, of comfort, of ease and of leisure. While American people love to go fast and to swim in a swirl of excitement, they are likely to tire of the strain, and to fall back upon the easy-going and luxurious carriage. There is no doubt but what the carriage will hold its own, that fine horses will bring good money, and that our speedways and driveways will show more horse-drawn vehicles than automobiles.
