

IMPORTANT TO FARMERS

If you require good serviceable implements get COLLARD'S FLEXIBLE IRON HARROWS, CULTIVATORS and IRON COMBINED HORSE HOES. These implements are extensively used and have given and continue to give general satisfaction. For strength, efficiency and durability they cannot be surpassed. The Harrows can be made to cut any width of ground and of any size of iron required. Many object to them because they are too heavy. This they need not do, as I am now manufacturing harrows suitable for any soil, from 100 pounds in weight and less up to any weight they may want. The harrow teeth are all steel pointed. Circulars sent free on application. Agents wanted. **G. O. GILLES**, Manufacturer, GANANOQUE, ONTARIO. dc-3

USE THE PERFECT BUTTER COLOR! WELLS, RICHARDSON & CO'S PERFECTED BUTTER COLOR is recommended by the agricultural press, and used by the very best dairymen in this country. Harris Lewis, L. B. Arnold, O. S. Bliss, L. S. Hardin, A. W. Cheever, E. D. Mason, and thousands more. It is far better than carrots, annatto, or any other color, at one-fourth the cost, and no work to use. It gives a pure dandelion color and never turns red or rancid, but tends to improve and preserve the butter. A 25 cent bottle colors 300 pounds. Warranted to add 5 cts. per pound to its selling value. Ask your Druggist or Merchant for it, or if you would like to know what it is, what it costs, who uses it, and where you can get it, write to WELLS, RICHARDSON & CO., Proprietors, Burlington, Vt. dc-2
