**Monarch
Telephones
For Farm
Lines—**

You can always be sure of good service when you use Monarch telephones. They are provided with special features which make them especially well adapted to lines where there is no repair man. They are simple in construction and easy to maintain.

Build Your Own Line

It is easy to put up a line between your house, your neighbors and the town. Then you can keep in touch with the market conditions and sell when prices are high. You or your family can talk to neighbors at any time, and in case of emergency the telephone is especially valuable. When you want help to put out a fire—when you want a doctor or veterinary, or when the women are left alone and need protection—the value of the telephone cannot be over-estimated.

Our free book tells all about the construction of Monarch Telephones and how to start a line of your own. Don't wait for the other fellow to act. We will help you get your neighbors interested. All it will cost you is for one telephone and a part of the line material. We ship promptly from our Toronto stock. Mail postal for free book. Address

Every part that must endure strain is built with surplus strength—bottom drum, for instance, of ten gauge steel. Keep the Thom's going at top speed with no fear of a smash. Year after year satisfaction in this machine. Why not ask us NOW for particulars, proofs and price?
