Some Reasons Why

The confidence of the Canadian public in

Was never so great as at present:

- (1) Because the Company's record has been clean throughout the 27 years it has been in operation.
- (2) Because its plans of insurance are up-to-date and just what the insuring public requires.
- (3) Because its policyholders are eminently well satisfied with the results realized under their policies.
- (4) Because the general public is beginning to find out the good things the Company has in store for its policyholders, and
- (5) Because, being purely mutual, the policyholders are more than customers—they are co-partners in the Company—sharing equitably in all its benefits.
