KING'S COVE PROTESTS.

(Editor The Daily Mail.)

Dear Sir,—We, the undersigned members of King's Cove Council of the F.P.U., wish to protest through the columns of your paper against the persecution of Union members holding Government positions by Blandford, Morison and Winsor, the three Tory candidates that were given such a signal defeat at the polls on Oct. 30th last.

Evidently the threat that Winsor made when he said he "would knife all Union men holding positions in the Government that voted against him" is being put into effect for we are witnessing Union men deprived of their positions for no other reason than that they belong to the F.P.U.

Morison, Blandford and Winsor were sent into political oblivion on Oct. 30th last and such childish tactics and petty spite will mean for them the utter impossibility of their ever entering public life again in Bonavista Bay or in any Bay where the F.P.U. has control.

Do these defeated candidates think they can scare Union men into supporting them? Do they think that by persecuting one or more Union men of a Council of the F.P.U. that they will destroy that Council?

If they do they should dust up their befogged brains a little—the result is just the opposite of what they would wish.

Union men resent such conduct and when every opportunity offers Union men will show as they did this fall that they are determined to make such tactics forever impossible.

Their friends, our enemies are entirely welcome to the privileges, boodle and favors that these actions can give them.

Every man possessing moral courage despises such contemptible conduct; the F.P.U. will continue on its upward march in spite of this partisanship. Its aims and objects are to secure complete control of the Government of this Country, and this it will do in spite of the opposition of a few defeated Tory candidates or the protest of a Robert Bond.

MISPLACED ITEM.

(Editor The Daily Mail.)

Dear Sir,—Kindly allow me to draw your attention to a misleading item in your issue of January 30th re the Priestman's expenditure for last year. The item referred to is the sum of eighty dollars (\$80) after my name (Thos. Wornell).

Now I wish to clear your mind as well as the minds of some of the readers of your paper by publicly stating that I have never in any way been connected with the dredge Priestman and that the amount has been mis-placed in the accounts.

I hope you will do justice to this correction by publishing at your earliest convenience.

—THOMAS WORNELL.

P.S.—The Government has the returns of those eighty dollars (\$80) certified by a gentleman of this place to be faithfully expended.—T.W. Greenspond, B.B., Feb. 5, '14.

ANOTHER PROTEST.

(Editor The Daily Mail.)

Dear Sir,—It was unanimously resolved in our last meeting to reply to Cashin's mean, low and abusive language in reference to the 20,000 fishermen of the North as "fools, cullage and illiterate."

We would advise Mr. Cashin to keep his mouth closed about the 20,000 North and use no more abuse about them or he may have cause to regret his insults.

THE COAKER SEALING BILL.

(Editor The Daily Mail.)

Dear Sir,—I have before me as I write this a copy of the Sealing Bill, introduced into the House of Assembly by Mr. Coaker. Mr. Coaker has been known for some time as "the fisherman's friend," he has as good reason to be known also as Terra Nova's friend, the friend of every man who calls Newfoundland his home.

The regulations embodied in the Bill are substantially the same as those agreed to last year by the different firms that send ships to the ice, —except The Newfoundland Produce Co.—in regards to the well-being of the crews. Not only does the Bill provide for the comfort of the sealers, it also aims at the conservation of the sealing industry, and is the first practical step ever taken by this Country, in that direction.

The substance of the measure has already been published, I think, and if it has not, I am sure Mr. Coaker will have it published for the enlightenment of the Country, that being so, it is unnecessary, Mr. Editor, for me to occupy too much of your valuable space by inserting it here.

I merely wish, as a Newfoundlander, to record my deep and sincere respect and regard for the man, who has brought this wise measure before the Country. It will mean the salvation of the sealing industry. 'Tis true that only the "hooded seals," are mentioned for a close season as yet, but the significant fact is that at last, we are taking up in an earnest manner, a subject, fraught with so much importance to our Country.

The Bill is, I should say, the most practical thing ever yet considered by our legislators. Now that the ground has been broken, by Mr. Coaker, and the F.P.U., we may confidently look forward, to the introduction of other wise measures. We have a body of men in our Assembly, representing in a most direct manner, the staple industry of our Country, who know from practical experience the vital needs of that important industry.

It is a cheering and most encouraging thing to witness the spectacle of fishermen, "practical fishermen," standing on the floors of the Assembly, to advocate the needs of the fishermen, and broadly, of the Country.

There is a brighter day in store for Terra Nova, its rosy fingered dawn was ushered in with the inception in the brain of one brilliant and disinterested man, W. F. Coaker, of the idea of a Fishermen's Union.

PRESS ACCOMODATION

(Editor The Daily Mail)

Dear Sir,—The Press representatives at hockey games have, I am sure, the sympathy of the whole hockey-loving public, at the facilities which are afforded them at the rink.

First of all they have to remove from the box the "small fry," and then between notes endeavor to keep the larger fry from ousting them from their position. They have no seats. We know the papermen are a truly patient and practicable fraternity, and their modesty has prevented their airing their own grievances.

It must be remembered that the success or otherwise of any game, or anything else as a matter of fact, depends wholly and solely on the publicity given it by the Press, and under the circumstances I think it is about time its representatives should get a decent show. Perhaps Secretary Tobin could alleviate their sufferings somewhat.

—TIMEKEEPER.

P.S.—By the way the officials would not object to a little more comfortable quarters either.

TAKES CASHIN TO TASK.

(Editor The Daily Mail.)

Dear Sir,—While looking over the pages of The Daily Mail I saw that Cashin had called the people that supported Coaker and his candidates "Ignorant," "Illiterate" and "Cullage." I am one of the men that supported the Union candidates, and I resent Cashin calling me by such names.

I think if all the members of the House were culled, Cashin would be the first to be thrown out as the worst sort of cullage.

Some of our people might not be as well educated as this man Cashin or as he thinks he is, but, sir, they can talk better sense for I think he must have been talking through his hat when he made that statement to Mr. Coaker in the House.

The whole North is up in arms against the statements of Cashin and no doubt but he will hear from many of the men that he terms "Cullage."

It is the fishermen who are keeping the Country up and also giving this man Cashin the job that he holds.

NEWMAN'S COVE PARADE.

(Editor The Daily Mail)

Dear Sir,—Our annual parade took place on Wednesday, the 4th, which was a grand day.

The members fell in line with the L.O.A. Band leading and starting from the hall marched to Birchy Cove, back again through Newman's Cove and around to West Point; and on our arrival to the hall again found the kind lads with Union energy and spirit had all things ready for us to take tea and a good one it was.

WESLEYVILLE AND BROOKFIELD JOINT PARADE.

(Editor The Daily Mail.)

Dear Sir,—A few remarks concerning the parade which took place at Wesleyville on February the 4th.

We paraded from the hall to Round Cove and back again, the band playing all along the march.

It was a grand day, everything went well with us; we also had Brookfield members, making up about one hundred and fifty members.

Many of our members are away to different places.

The Union is still growing stronger down here in Bonavista Bay. After hearing what has been going on at the House of Assembly I believe it will spread all over the Island because the whole North has been aroused, and I believe the rest of the Country over the way things have been going on.

The ladies took part in getting up a tea, it was the first tea ever was got up by the ladies of Wesleyville for the Union. They deserve our best thanks for the grand tea provided.

BADGER'S QUAY NOTES.

The Thimble Club of this place held their first sale of work in the new school on Jan. 7th and 8th ult. when a large quantity of goods was displayed, and judging from the manner in which it was disposed of we consider it to be of excellent quality. The proceeds amounted to \$200 and in view of the fact it was only started in August by the Rev. N. G. Vivian, now in charge of Saint Anthony Mission and was composed of a small number. Everybody seemed greatly pleased with the result.

On Jan. 12th ult. Mr. Noah Shepard was united in holy matrimony by the Rev. J. T. Hiseock, B.A., to Miss Hilda Preston. We wish them many happy years of wedded life.

As the trouting season is now opened a few enthusiasts will be off to the ponds to-morrow to try their luck with the speckled beauties.

We are glad to know that Capt. Ken Knee, who injured his leg by falling on the slippery ice a few days ago, is able to get around again.

The young man Hunt who fractured his skull a good deal about three weeks ago by the bursting of a gun, is still lying in a semi-conscious state and it is feared that the poor chap is done for. Dr. S. Kean is doing all he can for the sufferer.

The Society of United Fishermen of Saint Alban's Lodge No. 53 held their annual parade on Tuesday, Feb. 3rd inst. The weather was all that could be desired. At 11 o'clock the members of the Society assembled in the hall. From the hall the Society marched to the Church of Saint Alban's where their annual service was held. The officiating clergyman, Rev. J. T. Hiseock, B.A., preached an eloquent and inspiring sermon from the text "Watchman, what of the night."

Mrs. Kenneth Knee presided at the organ in her usual brilliant style, and the music and singing were well rendered and heartily enjoyed. The service was largely attended.

Cashin has but made a rod for his own back.

It is up to the Government to do all possible to give the people an education and I have no doubt but Coaker will aid him to have Free and Compulsory Education enforced.
