in Beigium, in the course of which successful engagements were fought with hostile machines. The official announcement of these operations reads:

"In the last 24 hours many flight patrols have been carried on by the naval air service. One of these patrols engaged two enemy spotting machines, one being shot down and the machine crashing into the sea and the other landing almost intact in our lines. The pilot and observer of the latter machine were made prisoners. Two other enemy machines were attacked and the other enemy machines. The pilot and observer of the enemy the force of the machine were made prisoners. The other the Government an assurance that the Opposition would not hold up the Wartine department an assurance that the Opposition would not hold up the Wartine department an assurance that the Opposition would not hold up the Wartine department an assurance that the Opposition would not hold up the Wartine department an assurance that the Opposition would not hold up the Wartine department an assurance that the Opposition would not hold up the Wartine department an assurance
