

**Rain Saves Forests.**  
Toronto, June 14.—Word was received at the Crown Lands Department yesterday that the forest fires along the line of the Port Arthur, Duluth and Western Railway, were now under control. J. A. Oliver, crown timber agent at Port Arthur, wrote that there had been a big rain on the night of the 10th, and that the danger was practically over. The fires were not so serious as first reported. In the Township of Gillies, O'Connor and Paipoonge, particularly in the latter two, Mr. Oliver said hundreds of small fires had broken out, and some of them had gotten beyond control. A number of houses and barns had been destroyed and the damage, he wrote, had been very heavy. Fires were also raging in Dineen and parts of McTavish Townships, though he could not say whether they were small or great.

**SHAKE HANDS WITH ASTHMA.**  
Awfully distressing in asthma. But worse, if possible, when combined with Bronchitis. Relieved quickly by Catarrhose than anything else—cured so thoroughly by "Catarrhose" that it doesn't return. Catarrhose's healing vapor is breathed right into the lungs, destroying the cause of the Asthma, and succeeds in the most chronic cases. Try it. Two sizes, 25c. and \$1.00, at all dealers.

**London Globe Sold.**  
London, June 14.—The Globe, the oldest evening paper in England, has been purchased by Hildebrand Harmsworth, brother of Lord Northcliffe. The paper, in announcing the change, said: "No break will take place in our old traditions, and no change is contemplated in our policy."

**TREATING WRONG DISEASE.**  
Many times women call on their physicians suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured." Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects in any condition of the system.

**Kick Proved Serious.**  
Brookville, June 14.—A few days ago Wm. H. Godkin, a farmer of this vicinity, while milking, was kicked in the ribs by a cow. At the time nothing of a serious nature was anticipated, but complications developed and yesterday he died. Godkin was about fifty years of age and married.

**"My Stomach Gave Out Entirely,"**  
This was the experience of Mr. D. G. Whidden, Postmaster, East Wentworth, N. S., after three attacks of La Grippe. Doctors and doses gave him no permanent relief, but Dr. Von Star's Pepsin Tablets had the permanent value that won him back to perfect health—pleasant and harmless but powerful and quick. 35 cents. Sold by W. W. Turner, Chatham.

## JINGO EDITORS WARNED

Government Issues Muzzling Order to Japanese Newspapers.

**Warned to Abstain From Publishing Inflammatory Matter On the American Question—Tokio Journals Very Bitter In Their Comment On the Outrages—Printed Views of Looting Restaurants.**

Tokio, June 14.—The newspaper men of this city were summoned to appear before the Home Department here yesterday and were officially advised to abstain from the publication of any matter of an inflammatory or agitating nature on the American question.

**Print Pictures of Wreckage.**  
Several papers print photographs of the wreckage caused by the attacks on Japanese restaurants in San Francisco. This appeal to the eye, coupled with strong words describing the sufferings of compatriots, has further inflamed popular indignation. The Nichi Nichi, commenting on the photographs, says: "The situation is doubtless grave and calls for prompt measures on the part of both Governments."

The Hochi says: "The stage for negotiations has passed and the time for action has been reached." The paper says further that it does not mean to advocate war, but commercial retaliation.

**Not Sufficient Explanation.**  
The Mainichi, published at Osaka, with a circulation of 250,000, expresses anger at the reported recent attack on a Japanese horticulturist, at Berkeley, Cal. It says: "The outrage demonstrates the impotency of the California authorities to protect our compatriots. Now is no time to rest assured on the stereotyped diplomatic assurance of the Washington Government. Only two weeks after a positive declaration to take preventive measures to safeguard Japanese rights comes the Berkeley outrage. That the outrages are limited to California is not sufficient explanation."

**Had Direct Communication.**  
Honolulu, June 14.—United States Commissioner Immigration Sargent has instructed the local immigration officers to continue the careful inspection of Japanese immigrants, but to discontinue photographing and to handle diplomatically all questions that may arise.

The local Federal officers are alleged to have discovered that members of the Japanese naval station here have been communicating with directly by their home Government, and not through the Japanese Consul.

**Irresponsible War Talk.**  
London, June 14.—The Japanese Ambassador, Baron Komura, yesterday issued a statement to the press reciting the facts in respect to the attack on the Japanese restaurant in San Francisco May 30, concluding as follows: "There is absolutely nothing which would in the least justify the alarmist rumors emanating from irresponsible sources."

**No Chance of War.**  
London, June 14.—"Such a contingency as an outbreak of war between the United States and Japan is regarded by educated Japanese as almost inconceivable," cables the correspondent of The Times at Tokio. "The progressive themselves would take the lead in denouncing such a war if there was any real danger thereof."

**Steamer in Collision.**  
Courtview, Ont., June 14.—About one o'clock yesterday afternoon the Lehigh Valley steamer "Bethlehem" bound down and the Corrigan Line steamer Australia, bound up, collided about two miles south of here. The Australia has a large hole cut in her side and the captain at once beached her on the Canadian shore. The Bethlehem swung around and is beached on the American shore.

The reason of the accident is unknown as it was clear at the time.

**No Secret of Longevity.**  
London, June 14.—Goldwin Smith told a friend who has returned from Canada that he had no secret of longevity to impart.

"I never observed any particular rules of diet except moderation; I always avoided working late at nights, and have taken a good deal of open air exercise."

"I perhaps owe something to having been in early boyhood at a school where the work was light."

**Hats Raised to Chamberlain.**  
Birmingham, Eng., June 14.—Mr. and Mrs. Joseph Chamberlain arrived here yesterday from London.

The health of Mr. Chamberlain is improving, but his comparative helplessness was a great shock to his friends, who assembled at the railroad station to meet him.

All hats were raised in respectful silence as his carriage drove away.

**Long Service Decorations.**  
Ottawa, June 14.—The Colonial Auxiliary Forces officers' long service decoration has been awarded: Capt. and Brevet-Major Henry Brock of the 10th Regiment, Royal Grenadiers; Major J. A. W. Allan and Hon. Lieut. Col. R. M. Hillary of the 12th Regiment York Rangers.

Q.M.-Serg. Kirkham was awarded the long-service medal.

**Sharrett Returns.**  
Ottawa, June 14.—After an absence of nine months, nearly all of which was spent in Rome, Mgr. Sharrett, apostolic delegate and head of the Catholic church in Canada, returned to Ottawa yesterday.

He will probably spend the entire summer at his residence in the Capital.

**A Fatal Resistance.**  
Campbellton, N.B., June 14.—While resisting a constable who tried to arrest him, for assisting two others to assault an old man, Peter Pountains, accidentally discharged the officer's revolver, the shot passing through his body.

Fountain died a few hours later.

### THE SLY KICKER.

The man who kicks the hardest  
And with the largest boot  
Don't always win the favors  
Or gather in the loot.  
So put, if you would turn the trick,  
Intelligence behind your kick.

It's not result productive  
To wear away your toe  
On something that is stubborn  
And not disposed to go—  
That is, in other words, don't kick  
Against a large and granite brick.

The man who keeps on kicking  
At everything in sight,  
Just striking at it blindly,  
Shows no results at night.  
He only draws the booty prize  
And lots of useless exercise.

So kick polite and softly,  
Whatever you may do,  
But let the other fellow know  
You've handed him a few.  
So put, to make your protest stick,  
Intelligence behind your kick.

Of Course.

## EARTHQUAKE AT KINGSTON

Movement Slight But Enough to Cause Bad Scare.

Kingston, Jamaica, June 14.—After an interval of six weeks, an earthquake shock occurred here at 1.30 a. m. yesterday.

It lasted four seconds and came from a new direction a little west of north.

The maximum movement was slight.

There was considerable alarm, but no damage was done.

**Five Persons Killed.**  
Santiago, Chile, June 14.—A severe earthquake was experienced yesterday at Valdivia. Several buildings and the railroad bridges there were destroyed and five persons killed.

## STOMACH TROUBLES

To wrong action of the stomach and impaired digestion a host of diseases owe their origin.

When the food is imperfectly digested the full benefit is not derived from it by the body, and then stomach troubles start to appear.

Thus you become thin, weak, nervous and debilitated, energy is lacking, brightness, snap and vigor are lost and in their place come dullness, dizziness, loss of appetite, depression and languor. The great points to get the stomach back into good shape again is to eat properly digest the food, and the easiest, quickest and best way to do it is by the use of

### BURDOCK BLOOD BITTERS

Miss Lizzie Furlotte, Jacques River, N.B., writes: "I was very much troubled with my stomach and did not know what to do. I consulted several doctors, got medicine from them, but all to no purpose, and was constantly growing worse. One day I had the good luck to meet with a friend who had been troubled in the same way as myself. My friend told me of the wonderful Burdock Blood Bitters and made with her and advised me to try a bottle. I did so, and what a happy change the first bottle made. I took two more and am completely cured, and I shall ever sing the praises of B.B.B."

Price \$1.00 per bottle or 6 bottles for \$5.00.

### Reason For Heavy Wheels.

Everywhere in the old world the wheels of wagons and carriages are two or three times as heavy as those on corresponding vehicles in America and so appear clumsy and cumbersome to us. The explanation of the difference is that our wheels are made of hickory, a wood unknown abroad, which supplies the requisite strength in smaller mass.—Travel Magazine.

People ask "Why do you claim that V. S. C. Cures, rheumatism, Backache, Sciatica, Dyspepsia, Bright's Disease, etc." We reply, because 16 years' practical use has proved that V. S. C. contains the medicinal properties that cure the digestive organs. And when the people properly realize that good health depends upon pure blood and pure blood upon properly digested food being supplied by a healthy stomach, kidneys and liver, they will want the medicine that gives the best results. And we believe they will find V. S. C. has no equal. The V. S. C. Medicine Co., Limited, Chatham, Ont., Seane Block, King street. Druggists also sell it. Prices: 350 doses \$1.00, 150 doses 50c. The Onion's Virtues.  
Onions are really sweeteners of the breath after the local effects have passed away, says one learned doctor. They correct stomach disorders and carry off the accumulated poisons of the system. They provide a blood purifier that all may freely use. As a vermifuge the onion cannot be surpassed and eaten raw will often check a violent cold in the head. One small onion eaten every night before retiring is this well known doctor's prescription for numerous affections of the head and is highly recommended for sleeplessness. It acts on the nerves in a soothing way, without the injurious effects of the drugs often applied.
