## CHRISTMAS STAMP CAMPAIGN

### THE 1909 BATTLE AGAINST THE DREAD WHITE PLAGUE.

Available Beds in the Muskoka Free Hospital for Consumptives Increased Three-Fold as a Result of Last Year's Sale of Christmas Stamps. The Number Can Be Doubled This Year If Everyone Will Help.

Nearly \$8,000.00 was netted from last year's sale, making it possible for the trustees to increase the available beds for needy patients from an average of fifty-five a year ago to one hundred and forty, the accommodation to-day.

The trustees are hopeful that they may bring the accommodation up to 300 beds as the outcome of this year's sale of this little one cent messenger of hope and healing.

The Christmas Stamp, as a means of fighting the dread white plague, had its origin in Denmark in 1904, the sale from which has financed a hospital for consumptives in that country. The idea was taken up by the Red Cross Society of the United States in 1907, and interest has grown each year.

A year ago a Christmas stamp of special design was put in circulation by the Muskoka Free Hospital for Consumptives with the success already indicated in this article.

The price of the individual stamp is only one cent, but what wonderful things can be accomplished by so tiny an instrument. There is no reason why everyone who writes a letter, addresses a postcard, mails a newspaper or parcel from this day out should not use one of these stamps.

The educational value of the stamp appearing on every piece of mail matter would be enormous. One can hardly be more than grateful realizing it would mean a routing of the enemy
