uelph Evening Merru

Monday first has been published in ar Weekly edition. In order, however, give our Daily readers an opportu-ity of seeing the By law, we publish it

Quite a number of Manufacturers, &c, this County have signified their inention to send specimens of their work to the Philadelphia exhibition, at up to the present time nothing has done by our farmers towards sending specimens of agricultural productions. In almost all of the Counsteps to collect samples of grain and seeds for exhibition, and surely in this matter the County of Wellington will not be behind the other counties in the Province. Mr. Geo. Murton, Sec. of the South Wellington Agricultural Society, has handed us a circular which has been received from the Secy. of the Advisory Board for Untario in reference to the subject, and we trust that our farmers will take action im-

grain and seeds, twelve ears of corn five pounds of hops, one quart of honey three pounds of honey in the comb, and three pounds of wax. The samples from each county will be placed to gether, and the statistics of the county gether, and the statistics of the county will be printed a datashed to the case containing such, stating the total number of acres under cultivation, the number of acres of mineral lands, if any, the population and assessed value in 1851 as compared with the present—thus showing the progress made in the last twenty series.

As regards roots, dairy products, cattle and pout ry, the se will be exhibited in Sept., Oct, and Nov., but the grans and seeds should be forwarded at once. Flour and ueal are also included in the list. Mr. Murton wishes us to state that all samples sent to him to the list, will be transmitted to the us to state that all samples sent to him to Guelph, will be transmitted to the Secretary's office in Toronto, where they will be put up in proper bags, classified, and sent on to Phila-leiphia at the expense of the Govt. We trust therefore, that our farmers will at once set to work prepare and transmit their samples to Mr. Murton so that this Groups will be properly represented. County will be properly represented in these classes at the great Internaal exhibition

Elora Correspondence.

Monday, Dec. 27th, was held as a day of importance in the historical annals of our village, by the re election of the Councillors hy acclamation. Each of these worthy representatives of our municipal affairs were re-elected to the honorable positions they have so well filled during the several years of their reign. Towards the close of the meeting the gentlemen made their complimentary speeches, carefully spiced with thanksgiving for the honor conferred on them.

nferred on them.
THE GOOD TEMPLARS enjoyed themselves THE GOOD FEMILARS enjoyed themselves for a few hours in high style on Tuesday evening, 28th ult, in the Drill Shed. Tea flowed copiously and strong or two hours, accompanied by the good things of this life, after which Rev. Mr. Jobb took the chair. Said evening proved to a demonstration that the sons and daughters of sobriety can enjoy the festivities of this merry season to the full, as well (and in a way more becoming rational beings) as the sons of Bacohus at such times, the former having fewer regrets.

chus at such times, the former having fewerergrets.
Rev. Mr. Henderson, second preacher in the Methodist Church, has been laid aside from active duty by a severe attack of diphtheria; we are happy to learn the reverend gentleman is so far convalescent and will soon be able to resume his labors with he susa zeal and activity.
WESLEVAN METHORISTS - The Sunday School demonstration was held on Wednesday evening. Dec. 29th, and was a complete success. A good attendance of parents and friends showd the deep interest taken in the workings of our school. Some of the dialogues resulting the control of the dialogues of the december of the dialogues of the dial the school. Altogether, the general n was "the whole affair was delightopinion was "the whole affair was delightful." The most pleasing feature of the entertainment was the distribution of the prizes awarded for regular attendance and good behaviour. The Secretary's report showed that he is quite equal to the honorable and responsible position he holds in the school, and shows the school to be in a healthy condition. We, however, regretted the absence of the Superintendent at such a time, especially as no reason was given for his absence. The money results were \$25.

"A Wedding in the Olden Style."—
Dec. 30.—Our usual quiet village became the scene of immense excitement, caused by "a wedding in the olden style." A processing started to the beat of drum and other nameless unmusical instruments, headed by a mounted masshal from the Commercial Hotel. Said procession had to call at every door where the license for the sale of spirituous liquors was held. Each individual of the procession, of course, needing legitimate refreshments, in order to keep up the spirit of the occasion. The happy pair chose to remain quietly at their new home at Buckingham Palace, Aberdeen, until the arrival of the merry-hearted procession, which had to perambulate the principal streets of Salem, and call at all the hotels and taverns there also, returning through the main street of Elora. We have not learned hew the affair terminated, perhaps some aching heads to-day tell the mournful tale.

ELORA FAR was held on Tuesday.

ELORA FAIR was held on Tuesday. Prices for cattle were very low—several lots went home unsold.

Erin Council.

Erin Council.

This Council met on the 24th Dec. 1875. The Reeve in the chair; members all present. A petition was presented to the Council by Mesars. Martin and Kennedy, and read, from Thomas Dookray and 142 others, praving that the amount of the Municipal Loan Fund coming to that part of the Township of Erin and embraced within the Credit Valley Railroad group, be appropriated for school and educational purposes. The petition having beet duly considered, it was moved by Mr. Reid, seconded by Mr. Furt, that the petition be accepted, and a By-law introduced granting the prayer of the petitioners, and that it be read a first and second time. On motion by Mr. Taeter, seconded by Mr. Reid, has Reeve ordered the payment of \$10 to

vantages are.

1st.—While it charges interest as any other lender does, the principal is repaid in a diff-rent and much easier way. For every \$100 lent, the borrower has only to return to the Company one dollar every six months for 23 years, or \$46 in all.

A borrower gets from a private lender \$100, for which he pays \$8 a years, or \$23 years, ..., \$184 00

an only occur once.

Lastly—The borrower from the Canada Landed Credit Company has it in his power, whenever he has any money to spare, to pay it in the reduction of his debt, receive compound interest thereon, and thus shorten the period of the loan; or he can, whenever he pleases, by glving aix months' notice, p.y. it off entirely, when every cent standing at his credit in Sinking Fund will be applied in reduction thereof.

These facts demonstrate that the Cana Lander Campro Capptr Company offers money on more favorable terms than any other Company in the Dominion.
