A White Hope.

A son was born to Mrs. Daniel Burgoyne, of Smithfield, York County, last week, weighing fifteen and one-half pounds.

Banker Transferred.

Mr. Harold P. Cunningham, formerly of the Bank of Nova Scotia, having been transferred to the bank's branch in that city.

A New Policeman.

Mr. Fred McLean, the well known hockey and baseball player, is the policeman guarding the Pumping Station. Officer McLean was sworn in yesterday by Chief McCollom and went on duty for the first time last night.

May Go to New Home.

Maud Ross, the young girl arrested for vagrancy, was before Magistrate Limerick yesterday afternoon and remanded to jail until Friday. In the meantime efforts are being made to have the girl placed in the Maritime Home for Girls at Truro, N. S.

Died at Eastport.

Mrs. Thomas McKenzie, widow of the late Capt. McKenzie, received a telegram last evening from Eastport, Me., conveying the sad intelligence of the death of her brother, Mr. William Wilson. The late Mr. Wilson was the Chief of Police of Eastport.

To Wed Tomorrow.

The marriage of Miss Mary E. Bailey, daughter of Mrs. Charlotte Bailey, and Mr. N. Balfour Hill, both of Nashwaakiss, will take place at the home of the bride's mother at three o'clock tomorrow afternoon. Rev. C. Flemington will perform the ceremony.

Gets Ottawa Appointment.

Friends of Mr. Harry Lynch, son of the late David Lynch, of St. John, will be pleased to learn that he has been appointed a draughtsman in the Marine and Fisheries Department at Ottawa. Mr. Lynch is well known here, having attended the University of New Brunswick, his brother being a senior at that institution at present.

Recruiting Tour.

Major W. H. Grey, recruiting officer, left for St. Stephen last evening, where he will enroll recruits. He will be at St. Stephen today and Milltown tomorrow. He will visit St. Andrews, St. George and Grand Manan, in Charlotte County, this week and on his return will stop off at McAdam Junction and Canterbury Station.

The Fire Alarm System.

The Fire Committee are to meet this week to consider certain improvements necessary to the fire alarm system. Ald. Wilkinson, chairman of the committee, said today they would consider the question of making repairs to the apparatus at a meeting to be held in a few days, and if the system had gone beyond repair extensive improvements would of course have to be made.

Local Operatic Work.

The Fredericton Patriotic Fund Opera Company of local talent have been rehearsing H. M. S. Pinafore for the past few weeks and will be ready for a production of the opera early in December. Mr. W. J. Smith, A. R. C. O., who is in charge of the staging of the play, gave the amateurs their first work in this branch of the opera. Prof. Frank Harrison is the conductor of Pinafore and Miss Everett is the pianist.

Busy With Relief Work.

The Belgian and Soldiers' Relief Society of St. Marys and Gibson held their monthly meeting last evening. During the past month the ladies have been busy sewing and knitting and preparing to send away their contribution probably the last of this week, at which time they expect to have all the clothing, knitting and other donations collected and packed ready for shipment.

Fraser Arbitration Case.

The arbitration case between Frasers, Limited, and the St. John and Quebec Railway Company is being heard before the arbitrators here today. Mr. J. P. Burchill, of Nelson, is chairman of the board, Mr. J. M. Stevens, of Edmundston, is representing the Fraser Company and Hon. George J. Colter, of St. Marys, is representing the Railway Company. There are several lumbermen here today in connection with the case, including Mr. J. Fraser Gregory, of St. John, and Mr. Allan Ritchie, of Newcastle. The arbitrators are meeting this afternoon. The right-of-way of the railroad passes through the lands owned by Frasers, Limited, at the Victoria Mills in this city, at Springhill, and at Shogomec. The amount claimed by the Frasers is in the vicinity of \$67,000.

PERSONAL.

Police Magistrate Limerick went to St. John this morning. Mr. Harry Parker, U. N. B. '14, who was here for the Acadia-U. N. B. football game, returned to St. John this morning. Mr. H. W. Woods, M. L. A., of Welsford, is among the guests at the Barker House. Mr. Ronald McIsaac, who has been engaged as resident engineer for the St. John and Quebec Railway Company on the St. John Valley Railway for the past two years, left for his home in Moncton this morning.

OFFICERS HERE FROM HALIFAX ON AN INSPECTION TRIP

Col. Rutherford is Looking Over Facilities for Handling Troops.

450 SOLDIERS MAY SOON ARRIVE HERE

The First Lot of Infantry Recruits Leave Here for St. John.

C. I. R. W. Rutherford, military commander of the Maritime Provinces, is in Fredericton today inspecting the facilities here for taking care of troops which will be mobilized in Fredericton for the second Canadian Contingent.

He is accompanied by Col. J. H. Hastings and Major E. E. Dean. They arrived by C. P. R. this morning from Halifax and are at the Barker House. The entire day has been spent inspecting the buildings of the Military Depot, also the Exhibition buildings and other places suitable for quartering troops.

One report has gained very general circulation today is that 450 soldiers will soon arrive here, including 150 men making up a battery of field artillery and 300 Infantry. Col. Rutherford, however, told The Gleaner this afternoon that so far arrangements had been made for only one battery of field artillery.

Lots of Accommodations. The fact that the buildings inspected by Col. Rutherford and staff will accommodate many more than would come here with one field battery and that there is a great deal of activity today at the Military Depot have made it appear that the report that at least 450 men will be here is likely correct.

It is said the infantry will be stationed at the Military Depot, the Armory, the Arctic Rink and the Park Barracks, while the Artillery will make their headquarters at the Exhibition buildings.

Col. Rutherford and staff will return to Halifax this evening and Col. T. M. Seelye, of Yarmouth, N. S., who will command the field battery to be mobilized here will arrive in the course of a few days, it was announced.

First Volunteers Leave.

The first detachment of volunteers for the second contingent to go from this city left for St. John last evening by C. P. R. The following, in charge of Corporal Lawrence Webster, made up the detachment: Pte. Clarence E. Mills, Pte. Sidney B. Hartt, Pte. H. (continued on page 5.)

BOY SCOUT LEADER IN FREDERICTON

Frederick R. Perrott Meeting with Much Success in His Work.

Mr. Frederic R. Perrott, of Ottawa, who is travelling throughout the province in the interests of the Canadian Boy Scouts, of which His Royal Highness the Duke of Connaught is Chief Scout, is in Fredericton today, a guest at the Barker House.

The scout movement is very popular through the province, particularly in places recently visited by Mr. Perrott. St. John now has two active troops and good prospects for more. McAdam Junction has organized a good troop, who have already distinguished themselves in acts of public service. In connection with the Belgian relief work the boys proved their worth to the community, being instrumental in selling tickets in aid of this fund. Rev. Donald MacGuire is the scoutmaster.

St. Stephen and Milltown are other centres where active troops are working under Mr. Perrott. Mr. B. Wyllie and D. Darrock and are looked upon by the public as useful and necessary to the community.

Woodstock boasts of a splendid troop under Geo. Ransom as scoutmaster. This troop is well supported by townsmen and thought well of. Their assistance at patriotic concerts has been offered at various times and the scouting work exemplified. Needless to say that Woodstock's contribution to patriotic funds has been greatly augmented by efforts of scouts.

Grand Falls have been working quietly for two years and have accomplished several acts of public service which has had the appearance of the community. This troop raised \$42 towards patriotic funds. The people there gave Mr. Perrott a very enthusiastic reception and the local organization has been strengthened.

Mr. Perrott will endeavor to secure the co-operation of the men of Fredericton in an effort to help in the work undertaken by the boys. All troops must have an organization known as a local association, which will have as its aim the development of good citizenship among the boys by forming their character, training them in habits of observation, obedience and self-reliance—inculcating loyalty and thoughtfulness for others and teaching them services useful to the public and handicrafts useful to themselves. One of the duties of the association is to nominate suitable persons to act as scout masters.

Mr. Perrott thinks that Fredericton should have several troops and is arranging for a meeting of men interested within the next few days and in this connection an announcement will be made shortly. Mr. Perrott will be in town all week and will leave probably Monday for Stanley, Williamsburg and Boiestown, so as to be in Chipman Wednesday next.

BOARD OF TRADE TAKES UP RAILWAY SERVICE MATTER

Plan Conferences with the I. C. R. and C. P. R. Officials at Early Date.

WANT FORMER SERVICE RESTORED ON MINTO

Also Seeking Favorable Train Schedule When the Valley Railway is Operated.

The monthly meeting of the Board of Trade was held on Monday evening, with an attendance of about twelve members. The new constitution and by-laws of the Board, as prepared by a committee and revised by the executive council, were passed and it was decided that a copy of the new constitution and by-laws should be embodied in the annual report of the Board.

The reading of the minutes gave rise to a question re the situation between the Board of Trade and the C. P. R. in the matter of the passenger rates to points west of Vancouver. The president reported that since the last meeting the secretary had written to Mr. Drayton, chairman of the Railway Commission, and having received no reply to this, which was the third letter, Mr. Slipp was asked to take the matter up with the Commission. Mr. Slipp's letter was read.

On behalf of the Transportation Committee, Mr. Randolph reported that Mr. Groat and Mr. Bamford had been in the city and had called on him. He had gone into the matter of the morning and evening train services on the Gibson and Minto line between here and Chipman. Mr. Groat had maintained that this was impossible. Mr. Palmer then stated that Mr. Kennedy of Minto had in mind a schedule by which the service could be given with no greater expense than at present, and he had been expected to attend the meeting but had wired that he could not come. It was then arranged that an appointment be made with Mr. Kennedy and Mr. Sherwood, and the executive be called together to discuss the situation with them.

It was also moved by Mr. Randolph, and seconded by Mr. Hodson, that the secretary write to Mr. Guelinus and ask him for an appointment with the executive before the service was arranged on the new Valley Railway. Mr. Campbell moved, seconded by Mr. Chestnut, that the president call upon Mr. Guelinus and find out if there was any truth in the report that the suburban service between Fredericton and Marysville was about to be discontinued.

A letter was read from the St. John Board of Trade asking the Fredericton Board of Trade to support a movement to have an Atlantic British owned cable between England and Canada. It was moved by Mr. Randolph, and seconded by Mr. Campbell, that the matter be on the table until further information were secured.

Military Mobilization. A telegram from Hon. J. D. Hazen, (Continued on page 5.)

WILLIAMS GIRL CANNOT BE FOUND, MYSTERY GROWS

Police Unable to Get Any Trace of Her and Believe She Has Suicided.

HER BROTHERS HERE FROM HARVEY STATION

Everything Indicates That She Was Despondent for Some Time.

Reta Williams, the missing chambermaid from the Barker House, cannot be found and the police are of the opinion that she fears that she has suicided are well founded. This morning her brothers reached here from Harvey Station and they have been in constant touch with the hotel management and the police, but all efforts to get even the slightest trace of the missing girl have proven fruitless.

Some details as to the young woman's conduct during the past few weeks have been learned and they all indicate that she was in a despondent mood and worrying over what she apparently feared was trouble springing up between herself and a young man with whom she had been keeping company for some time.

One of the hotel employees tells Miss Williams proposing to leave the hotel at 6 o'clock in the morning one day last week to find out what was the matter that the young man had not called in to see her the previous evening. At the hotel the management and the employees give her the highest recommendations as to character and say she was a quiet, good living young woman.

The police have learned that Miss Williams has friends and relatives at Woodstock, N. B., and Oldtown, Me., and enquiries are being made at those places today to learn whether she has gone to either of those places.

Hon. John Morrissey, Minister of Public Works, is at the Barker House. Mr. Geo. B. Jones, M. L. A., of Apohaqui, is among the guests at the Barker House.

A RING FOR BABY

Baby's chubby hands certainly need no ornament to make them beautiful. But somehow or other a ring looks about as cute as it can be on baby's finger.

And the cost of a ring needn't stop anyone's baby from owning one—Because a 10k. solid gold ring costs only a dollar, Come—see them.
