DIES ON WAY TO VISIT OLD HOME.

Sad Ending of Native of Point St. Peter on Board Lady Eileen.

AWAY FOR 30 YEARS.

Afflicted with Incurable Disease, Mrs O'Cullen Wanted to see old home again.

After pluckily fighting against death for hours in order that she might see, once again, the old home-stand she left thirty years ago, Mrs Mary O'Cullen, a native of Point St Peter but for years a resident of Quebec, succumbed on board the Interprovincial Steam Navigation Co's steamer, Lady Eileen, Thursday morning last.

Mrs O'Cullen had been afflicted with asthma for some time. The disease was aggravated by her excessive fat. She was only of medium height but weighed over three hundred pounds. The doctors informed her that her recovery was highly improbable. On receiving this distressing information she resolved to pay a last visit to the old home. She boarded the Maritime express at Levis and came to Campbellton. Here she took the steamer Lady Eileen for Point St Peter. She had suffered a good deal on the way to Campbellton and was still suffering when she boarded the steamer. Every comfort was provided for her by the officers, but on the trip down river she sank rapidly and died in her berth a short distance this side of Percé. When the boat reached Percé, Capt. Crossley sent word to the coroner at that place and had her relatives at St Peter notified by telephone. The remains were removed to a nearby house where they were viewed by the coroner who decided that an inquest was not necessary. Later in the day relatives of the deceased arrived by train and conveyed the remains to St. Peter where the interment took place. Deceased was a widow.

A meeting of the Town Council was held on Tuesday evening. Very little business was transacted except the passing of a few accounts. The mayor and Councillors, McLean, Andrew, Miller and Deberry, were present. Accounts were passed as follows: Board of Health: Fabien Doiron, worked at dumping ground \$10.00; John Mair, ground rent for pest house, \$10.00; Jas E Kelly, rent of dumping ground, 15.00; Philip Langlois, 1.00; Henry McIntyre, rent of dumping ground, 15.00; Finance Com.—W A Trueman, legal services 34.00; Intercolonial Ry, ground rent for the hose shed, .25; S W Dimock, rent of hall, 14.00. Water and Sewerage Com.—Intercolonial Ry, freight, 60.50; W H Marquis, & Co supplies, 1.50; Jas Robertson, Co., 185.29; J & D A Harquail, repairs, 1.00. The account of the Provincial Hospital was again before the Council, amounting to \$1,627.85. This account has been repudiated time and time again, but still the quarterly account comes along, and the amount is steadily increasing. W A Trueman, the town solicitor, submitted his opinion as to the town's liability in the matter. In the discussion which followed, it was brought out that the government intended to send a commissioner here to investigate the matter, when satisfactory settlement could probably be arranged. The solicitor's statement and the accounts were ordered filed. R M Hope was appointed Auditor of School Accounts to fill the vacancy caused by the removal from town of R H Anderson.

JURY FAILS TO FIND BILLS IN THREE CRIMINAL CASES

Judge McLatchy Says There's Enough Evidence, but Jury Can't See it.

JUDGE COMMENTS ON VERDICT LEAKING OUT

Judge McLatchy of the Restigouche County Court discovered, Tuesday, at Dalhousie that grand juries and presiding justices do not always agree. It was when the jury found no bills in three criminal cases, the defendants in which the judge had stated, should be placed on trial.

The cases comprised the full docket of the July term of court and were:—The King vs James Fitzgerald, larceny; the King vs Fred McLean, larceny; the King vs Alexander Cook, shooting at patrol No 1, a vessel in the employ of Canada.

There were no witnesses examined in the Fitzgerald case and only a few in the two other cases. The King vs McLean was taken up first and two or three witnesses were examined after which Judge McLatchy declared there was sufficient evidence to place the defendant on trial. The jury retired and the court adjourned for dinner. On the resumption of the proceedings in the afternoon the foreman of the jury announced that no bill had been found in the case under consideration. It had leaked out at noon that no bill had been found and when the Judge heard the verdict he commented severely on the fact that the public had learned it before the court.

After being advised by Judge McLatchy that there was sufficient evidence to place both Fitzgerald and Cook on trial the jury retired and in less than an hour returned with the announcement that no bills had been found. The defendants in the three cases were discharged from custody.

The following composed the grand jury:—Wm. G. Mawhinney, Wm. Jamieson, Denis A. Arsenault, Wm. C. Arsenault, James E. Stewart, Robert Wright, Frederick LeCoff, Jas. Wallace, Wm. LeBlanc, George Dawson, John Doucet, Jas. D. Murray, Reginald Chaytor, Daniel L. McCurdie, Jas. McNeish, David Jameison, Sanford Flemming, Alex. McDonald, Samuel Hynes, Wm. Innis, Paul Doyle, Daniel McAlister, and Robt L. Duncan. Daniel McAlister was elected foreman of the jury.

CHARGES HIM WITH MURDER.

Widow of Peter Fontaine has Policeman Seely Arrested.

GALLOP ALSO SERVED.

They Give Bail and Hearing is set Down for Friday Morning.

Policeman George Seely, Dalhousie was arrested at that place on Friday last on a warrant issued at the instance of Mrs Peter Fontaine, Balmoral, charging Seely with the murder of her husband. Wm. Gallop, another officer, was arrested at the same time. He is charged by one Jalbert with felonious assault.

This is the outcome of the fracas at Balmoral a few weeks ago when Peter Fontaine was fatally shot while resisting arrest at the hands of Seely and Gallop. It will be recalled that the coroner's jury returned a verdict to the effect that Fontaine met death from a bullet discharged from a revolver in the hands of Policeman Seely but was unable to agree as to the criminality of the deed.

After their arrest Seely and Gallop were taken before Magistrate Windsor. They pleaded not guilty and were remanded until Friday with the understanding that a further adjournment may be made on that day if any of the lawyers in the case are not prepared to proceed with it.

Gallop and Seely gave bail for their appearance which has been fixed at \$2,000 each. The bondsmen for Gallop are Thomas Murphy and James Wall each in \$500, while Gallop is held for \$1,000 himself. Seely's sureties are Messrs Geo. Mercer and Thos. Scott \$500 each and himself for \$1,000.

W. A. Mott is acting for the defence and R. A. Lawlor, K. C., Chatham on behalf of Mrs Fontaine

WAS STONE-DEAF BUT TOOK TRACK

Train came along and Narcisse LeBlanc was Run over

LIVED ONLY FEW HOURS

Coroner's Jury Exonerated Train Crew From all Blame in Matter

Narcisse LeBlanc, a resident of Bonaventure County was killed at Irishtown, that county, Saturday last, by being run over by a train of the A and L. S. R.

LeBlanc, who was 78 years of age and stone-deaf was walking along the track at the time. The driver saw him and blew the whistle, but LeBlanc evidently didn't hear. Then the throttle was reversed, brakes applied and everything possible done to stop the train, but all to no avail. The locomotive struck LeBlanc, knocked him down and passed over one leg before it was brought to a standstill.

The unfortunate man was immediately picked up and conveyed by special train to New Richmond where Dr Cyr was in waiting; but the victim's advanced age rendered it impossible to do anything for him, and he died shortly after his arrival at New Richmond. An inquest was held, Monday at

St Jules. Witnesses, among whom was T. J. Caldwell, a passenger, testified that every effort had been made to stop the train before it reached LeBlanc. The son and wife of deceased testified that he was stone-deaf and that they had warned him repeatedly not to walk on the track. The section foreman, Alex. Nellis, swore that he had cautioned LeBlanc many times against taking the track.

The jury returned a verdict exonerating the train crew from all blame, the crew having done all in their power to avert the accident.

We Are Headquarters For China, Glass & Crockeryware

DISCUSSES TOWN'S SUPPLY OF WATER.

Secretary of Fire Underwriters says it will be one of the Best.

INTERVIEWS COUNCIL.

Winds up with High Tribute to work of Local Fire Fighters.

At the close of the Council meeting, Tuesday evening, Peter Clinch, Secretary of the Board of Fire Underwriters, St John, had an informal discussion of the water question with the Councillors present. Mr Clinch, said that there was some uneasiness among the Board of Underwriters in regard to the water supply here and he would like to know what the town intended doing. It was expected there would be a drouth this season and now was the time to store water. He had visited the reservoir and found four or five times more water going over the spillway during the day than was contained in the reservoir. He urged that immediate steps be taken to stop this waste or procure some other source of supply.

It was explained to Mr Clinch by Coun. Andrew, chairman of the Water and Sewerage Com, that the town had secured an option on Smith Lake, which would have a capacity of storing about 200 million gallons of water. The plan was to connect the lake with the present reservoir by a valve so that the supply in the reservoir would be always kept up, and in case of a fire all of Smith Lake would be valuable. After some further discussion, Mr Clinch said that he felt quite sure that this plan would be satisfactory to the Underwriters. In fact he said that Campbellton would have one of the finest water systems to be found anywhere, when this plan was carried out and an additional main laid to the reservoir, which he supposed would eventually follow.

Mr Clinch also referred to the Commercial Hotel fire and paid a high compliment to the efficiency of the fire brigade and water system when he said that he thought it was remarkable that the other buildings adjoining were saved, in fact, much better than they could have done in St John.

St Jules. Witnesses, among whom was T. J. Caldwell, a passenger, testified that every effort had been made to stop the train before it reached LeBlanc. The son and wife of deceased testified that he was stone-deaf and that they had warned him repeatedly not to walk on the track. The section foreman, Alex. Nellis, swore that he had cautioned LeBlanc many times against taking the track.

The jury returned a verdict exonerating the train crew from all blame, the crew having done all in their power to avert the accident.
