INTO POWER QUESTION.

Special Committee Will Try to Work Out Solution.

Once More the Aldermen Promise an Early Vote.

Road Work Passed After Considerable Criticism.

A programme for settling the power was mapped out at the City ouncil meeting last night, when a spe cial committee was appointed to decide on the questions to be submitted to the people, and arrangements were made to have an informal meeting of the aldernen within the next week, when new embers will be given an opportunity to thoroughly familiarize themselves with all the details of the contracts. It is hoped through this means to have the matter in shape for the next regular Council meeting.

The committee was appointed on the uggestion of Ald. Jutten, and in addition to himself will consist of Ald. Cootion to himself will consist of Ald. Ocoper, Allen, Peregrine and the Mayor.
Ald. Sweeney thought Ald. Clark, as chairman of a committee that was vitally interested in the power question, should be on the committee, and it was suggested by other aldermen that Ald. Hopkins should also be piaced on it.

The latter objected, "Everyone knows Ald. Clark is a rash Caterace man, and that I am a rank Hydro man; it is as well that neither of us should be on it."
Ald. Clark said he had no idea of going on the committee, but he objected to Ald. Hopkins' reference to him, and declared he was open to conviction. Ald. Clark was one of those who voted against the size of the committee being increased.

The Mayor mentioned the fact that Following is the Easter promotion

increased.

The Mayor mentioned the fact that the Cataract had offered to give the city the same guarantee in its contract, regarding power users, as Brantford received in its agreement. It was the duty of the aldermen, he declared, to bury their prejudices on both sides, decide which was the best bargain in dollars and eents for the city or Hamilton, and advise the people to that effect.

OBJECTED TO THIRD READING. OBJECTED TO THIRD READING.

"Unfair," and "unbusinesslike" were some of the terms applied by Ald. Morris to the Council's action in passing by-laws which, he claimed, they had not been given proper time to consider. These, he thought, should be in the hands of the aldermen a day or so before the Council met. They should not be asked to go there and pass on an armful of by-laws, which they knew little about. Thomas Summers promoted.
Senior third—Reta MeAlister 565, Dorothy MeAlister (junior third) 522, Willie Summers (junior third) 516, Robert Jamieson 476, Lorne Lee 431, Norma Smith 400, Betha Wait 395, Harley Francis 306.

Ross Jamieson, Leeta Robbins, Hannah Templar, Nattie Dyment, Wesley Morris Senior third—Reta McAlister 565 Doy

The Mayor said he intended seeing that the aldermen regeived copies of the reports in good time. In this case, however, ninety per cent, of the reading matter before them was mere form. The by-laws were mostly for debentures for work, which had already been done and under way, and which had already been approved of by the Council. The aldermen might read them over for tow days and be no surer that they were correct. It was largely routine, for which the department must be held responsible. Templar, Nattie Dyment, Wesley Morris

Ald. Morris wanted the by-laws read

Ald. Morris wanted the by-laws read clause by clause and Ald. Sweeney, presiding over the Council in committee of the whole, started to wade through them at a "Marathon" pace. While he was reading Ald. Morris walked up to City Clerk Kent's desk to get his copies numbered.

"If you want to hear these by-laws read, pay attention," said Ald. Sweens, addressing himself to Ald. Morris hindreading being given the by-laws, and it was necessary for the Council to suspend the rule, which provides that no by-law can receive a third reading at one meeting, unless the Council is unanimous, Ald, Morris and Milne were the only ones to object.

The Mayor expressed the hope that the aldermen would steer shy of a cat and degright over wards.

Ald. Morris, seconded by Ald. Milne, moved that the clause be referred back. The aldermen from Ward I, Milne, Morris and Guy, were the only ones to vote for any ones are the only ones to vote for a cannon street. AGAINST THE SIGN NUISANCE. AGAINST THE SIGN NCISANCE.

One of the by-laws passed makes it an offence to decorate poles with signs. This was passed because of the way poles adjoining parks have been plastered with advertisements. It provides:

Mayor McLaren said he had no doubt that Ald. Allan prepared the list without regard to fine houses or wards. The work was to be done on streets where traffic was greatest and where the work was most necessary. If the Delaware avenue people insisted on their absolute rights, there was a provision, under the annexation agreement, which provided that any work done on Delaware avenue east of Wentworth street, must be done under local improvement. Chairman Peregrine. of the Finance Committee, said that in his opinion the Board of Works had been altogether too liberal in voting \$24,000 of its appropriation to cover the balance of the year. Halifax, April 13.— The Port Hood coal miners' strike is settled and the men resumed work to-day. About 350 men quit work several weeks ago and since then the mines have been idle. A satisfactory solution of the trouble was reached, and there was general rejoicing when work was started up again to-day. The steamer John Irwin, which has been laid up here since the strike, left to-day to load coal for Halifax.

> Chairman Allan said the reason so many streets many streets in Ward 7 were being done was because the macada moff Bar-ton street, which is to be paved, would be used. If there was any money to spare later on, Ald, Allan said Dela-ware avenue would probably be fixed

Objection to the \$250 grant to the champion Tigers, recommended by the Finance Committee, was made by Ald. Cooper, who, seconded by Ald. Milne, ooper, who, seconded by Ald. Moved that the clause be struck Because the Tigers advertised Hamilton

as a sporting centre, or because they made good fellows of themselves, were not good reasons why they should be

and good reasons why they should be given a grant.

Aid. Peregrine said the reason he countenanced the grant was that the money was to go towards a fund for permanent grounds.

Aid. Cooper and Milne took the ground that there were a dozen other athletic associations that were as much entitled to a grant, and they thought it was time to draw the line.

The Mayor complimented Aid. Cooper on his candor in saying what he thought, but in his opinion, the grant, under the circumstances, was justified.

Ald. Cooper and Milne were the only ones to vote for the amendment, and the Tigers will get their grant.

There was some objection to the clause in the Fire and Water Committee's report, which provided for the purchase of a 50-h.p. motor, in connection with the pump-house to its built on the mountain side.
