OBITUARY

CHARLES WALLS

The remains of the late Mr. Chas. Walls, who died on January 20th at the home of his son, John, in Strathmore, Alberta, were brought back to Blackville, and interred in St. Andrew's Presbyterian churchyard, there, on Saturday afternoon Jan. 29th.

In deference to the wishes of the Masonic Lodge, of Strathmore, of which Mr. John Walls is a member, courtesies were extended by worshipful Master J. F. Reid and the members of Blackville Lodge on the arrival of the body. The funeral services were held from the residence of his son Mr. Benjamin Walls and were largely attended. The service was conducted by the Minister of the church of which the deceased had long been a member, and the choir led in hymns chosen by the family.

The late Charles Walls had almost reached his 86th birthday and had lived nearly all his life in Blackville. He was on a visit to the west when he died after a short illness. He was widely known and respected, and is survived by a large connection of children and grandchildren. His sons are John and Peter in Alberta; George and Frank in Millinocket, Me.; and Benjamin, Charles, James and Daniel of Blackville. The daughters and Mrs. Leo McFarlane of Millinocket; and Mrs. John McKay and Mrs. Martin Garrett in the West. To the family and their very wide connection much sympathy has been expressed.

FINAL N.B.H.L. GAME ON WEDNESDAY

The N.B.H.L. schedule is to be finished this week with the exception of Campbellton's closing game with Bathurst on the 16th. Chatham is to play at Campbellton tomorrow night Feb. 9th. The home team is the decided favorite for the match. On Thursday Fredericton and Marysville will meet in Fredericton. Marysville won by a goal when they played before and Fredericton is eager to wipe out the defeat.

The Referee Problem

The referee question for the Campbellton-Chatham game already has come up. The two clubs have deadlocked. Staples and Murray have been suggested by Campbellton and Brown by Chatham, but neither club will agree to a man named by the other. President Black is trying to solve the difficulty and a new referee probably will make his appearance.

The Business Stabilizer

A year or two ago the manufacturer was swamped with business.

Today his orders are being cancelled, his prices are dropping, his mills—in many cases—shutting down.

What is the trouble? Uncertainty. Unsteady markets. Lack of confidence on the part of buyers. Lack of courage in the man who sells.

Business is shaky. But business can be made good. Business can *always* be good when it is gone after in the right way.

It needs courage. And confidence. And vision. It needs, above all else, the great business stabilizer---

ADVERTISING.

Advertising that restores public confidence. Advertising that creates demand, increases production, and keeps the wheels humming. Advertising that steadies markets. Advertising that *Stabilizes*.

For the past few years advertising has often been used as a spectacular plaything. Today it is a grim necessity. The time to splurge has passed. The time to use it sanely, steadily, consistently has come.

Advertise. But advertise wisely—where expense is minimized; where business can be developed to the highest point of activity.
