The printing plant to be used by the Star has not yet arrived in Towneide, but it is on order.

TWO SMALL FIRES.

The fire fighters were called out twice last night somewhat unnecessarily. In the first call the long run down to the Ross Plaza was for nothing, the fire turning out to be a blazing pile of brush which one D. Debae was burning, and at which a timid neighbor took alarm. In the second case the call was to Frank Kramer's bakery on Kintistaw avenue, corner of Clara street. Some rubbish on the top of the bake oven caused a slight blaze, but it was extinguished before the firemen arrived.

MALE CHORUS CONCERT.

Friday's Daily.

The Social and Concert given by the Edmonton Cymnrodorian Male Voice Choir, in Mr. H. Hall's hall last night, following program was rendered: Solo—Messrs. James Huestack, Douglas, Youngs, Reynolds, Dorey, McElvair, Williams; duets—Huestack and Edwards, Dorey and Reynolds; recitations—G. McElvair, H. C. Smith and M. Morris. Mr. Joe Edwards accompanied at the piano. Scotch illustration was given by Mr. Dickson.

The success of the social was due to the able manner the ladies did their part. A vote of thanks to the ladies in charge was moved by James and seconded by Michel. The choir rendered: "Comrades in Arms" and "The Song of the Soldier," both of which were well received.

MONTHLY ENTERTAINMENTS.

Under the active guidance of Rev. A. Lemarchand, pastor of the Church of the Immaculate Conception, a committee to provide monthly entertainments in the new parish hall, has been formed. It includes Messrs. Turson, Gilmurray and Schapowski.

Next Tuesday, September 10, there will be a card party, open to the public, given in this hall, which will be called St. Mary's Hall, the same name as that of the magnificent clubhouse built by Father Lemarchand in Calgary for the Young Men's club, and for parochial entertainments. The card party will be given in aid of the work of the re-organized Altar society, which at its recent annual meeting elected the following officers: Miss Harbottle, president; Mrs. Turson, vice-president; Mrs. Lynch, secretary-treasurer.

When this parish was established last autumn, it contained 50 families. This number has now increased to 150 families. The school building on fourth street was a couple of months ago purchased by the parish from the Separate School Board.

It is used as a school for the smaller children of the parish, the ones who are being taught by certificated sisters from the convent. About 50 small children are already enrolled here, and 50 others are attending the school on Third street. The two classes of the school can be thrown into one, and the entire building then makes a satisfactory unit with a large class at the west end. The parish expects about three years to have a large convent school built on the property here.

FLLOUR TAKES ANOTHER JUMP.

Thursday's Daily.

Yesterday an advance of 30 cents per 100 pounds in the whole price of flour was announced. Today another advance of 10 cents per 100 pounds has been made by the big flour mills throughout the country, before yesterday's advance flour sold at \$2.20 per 100. This two increases amounting to 40 cents, brings the price of flour up to \$2.50.

PETTY STEALING PREVALENT.

Chief of Police Major Beale has on his hands another young lad, 14 years of age, who has been locally charged with small crimes from the C. N. R. station. The lad's mother is in Germany, and his father's business frequently keeps him out of town. The lad is thus allowed to run at large without guidance. This case again emphasizes the need for a children's aid society.

In order to better cope with the petty thefts that are becoming very frequent, a by-law is being prepared requiring secondhand stores to sell and label goods that they buy from second hand vendors. This the chief thinks will greatly lessen this kind of petty crime.

MORE FIRE ALARMS.

Next week twelve more fire alarm boxes will be installed in the West end of the city north of Jasper. The new wire has now been strung up the poles and the work of placing the boxes will be done in a day or two. Notices are now being printed and will be placed upon the existing instructions for their use and penalties for tampering, etc.

WILL ATTEND CONVENTION.

The mayor will be the only delegate from Edmonton to the Union of Alberta Municipalities to meet in Medicine Hat on Sept. 19th. He will attend the paper given by Commissioner Kinnaird at the recent meeting of Canadian municipalities at Fort William and Port Arthur.

BACK FROM LAC STE. ANNE.

Police Court Clerk Wm. Howie has returned from a ten days' holiday trip to Lac Ste. Anne. Despite the fact that he is well acquainted with the northern and western country, Officer Howie was amazed at the extensive settlement of the country around Lac Ste. Anne, which is being very rapidly taken up by homesteaders. He says there is scarcely an acre in this locality and when the brush in places is cleared it will be an excellent farming land. The police clerk is one of the pioneers of the north, having gone to the Arctic at the time of the Klondike rush, however, was unable to get through to Dawson and returned to Edmonton.

KANSAS MEN TAKE UP LAND.

Registered at the Queens this morning were James and R. J. Tyson, Kansas, formerly from England. They came out here to look at land for ranching and farming and called at the immigration hall for information. There they saw some very fine specimens of grasses and their attention was particularly attracted by a bundle of alfalfa. They are looking for land that will grow such alfalfa as they saw at the immigration hall, to raise cattle, for they claim it is equal to bran for treatment, and far superior to timothy for cows. In Kansas, alfalfa land is worth \$100 per acre, and the gentlemen claim the grass grown there is far superior to that shown here.

They will leave with W. Taft for the Peavine district, which lies to the northwest of the Paddle River, to secure land and purpose taking snapshots of the land and grass to send back to Kansas, in order that other people there may be convinced of the fertility of Alberta.

NO INQUEST NECESSARY.

The body of the lumberman found at Walter's boom in the river at the west end of the city yesterday afternoon, was definitely identified as Laing Pearce, drowned some time ago up the river. Sgt. Munroe, of the I. N. W. M. P., goes to Strathcona this afternoon to make arrangements about the burial which will take place there.
